**Ha! Ha! Harvey**  
Julie Andrews Turns 69, this is hysterical  
To commemorate her birthday actress/vocalist Julie Andrews made a special appearance at Manhattan's Radio City Music Hall for the benefit of the AARP.  
One of the musical numbers she performed was "My Favorite Things" from the legendary movie "Sound Of Music". Here are the lyrics she used:  
Maalox and nose drops and needles for knitting,  
Walkers and handrails and new dental fittings,  
Bundles of magazines tied up in string,  
These are a few of my favorite things.  
Cadillacs and cataracts and hearing aids and glasses,  
Polident and Fixodent and false teeth in glasses,  
Pacemakers, golf carts and porches with swings,  
These are a few of my favorite things.  
When the pipes leak, When the bones creak,  
When the knees go bad, I simply remember my favorite things, And then I don't feel so bad.  
Hot tea and crumpets and corn pads for bunions,  
No spicy hot food or food cooked with onions,  
Bathrobes and heating pads and hot meals they bring, These are a few of my favorite things.  
Back pain, confused brains and no need for sinnin', Thin bones and fractures and hair that is thinnin', And we won't mention our short shrunken frames, When we remember our favorite things. When the joints ache, When the hips break, The eyes grow dim, Then I remember the great life I've had, And then I don't feel so bad.

**Happy Valentines**

**Lake Wide Meeting on January 19th**

At the Cordelia Fire Hall, a long but beneficial one. Over 150 people attended the meeting which included the resort owners of Rancho Monticello & Steele Park.

As you may remember we received a challenge from an anonymous donor. The donor believes in our case so much he decided to match on a dollar for dollar basis up to a maximum of \$10,000 any funding we received after 12/13/2008 to be applied to our legal defense fund. I am extremely please to announce that we will be receiving ALL OF HIS maximum committment. The generosity was quite apparent at the Lake Wide meeting. If you haven't met your \$1,000 goal and you are sending payments please keep it up. With your generosity and continued support we can win.

Our legal counsel Frank Iwama (and Matt Siroka via speaker phone) gave us an update regarding our upcoming court hearing scheduled for April 4, 2008. Our next milestone is February 29, 2008 in which our attorneys have to review over 30,000 pages of the additional administrative record submitted to us from the BOR. Without divulging our strategy Frank paraphrased a few incriminating emails garnered from the volumes of documents from the BOR. The BOR's arrogance significantly was evident. The other filing dates in March were also mentioned. We will be announcing --as we get closer to the April 4th court date--whether we will be attending court en masse or contracting with a bus like last time. Our main focus for now will be fundraising and preparing for the February 29th filing. Counsel also met in private to assist members of Rancho and Berryessa Marina who have received eviction notices starting as early as January 15 and 30. The evictions for Berryessa Marina culminate before the April 4th court date. Suffice to say all of the individuals in attendance are solidly sticking together as group to deal with this situation. As with ANY fight, there is strength in numbers.

Hank Howard Co-chair has volunteered to take the lead regarding hardship cases filed with the BOR. Any one with questions regarding hardship cases should contact Hank Howard via email or telephone. His email is [HAZMATKING@AOL.COM](mailto:HAZMATKING@AOL.COM).

As more develops we will keep you updated. As always please direct any questions regarding this email or anything else to [berryessaforall@gmail.com](mailto:berryessaforall@gmail.com). That address is checked regularly and your question will be directed to the most appropriate person as quickly as possible. That's all for now...united we stand--divided we fall.

**Lake Berryessa  
In case You missed or never heard about it?**  
Heads Up on \$30,000,000 Hit to US Economy  
at the behest of

US Bureau of Reclamation  
This is a "Heads Up" to alert you to the witnessed collapse of local economy in Napa County at Lake Berryessa, California, on a federal reservior and project known as the Solano Project. This is an ill conceived project disguised as a Visitor Service Plan that has been in progress since 2000. The \$30,000,000 is evaporating rapidly from the foolish moves of the Bureau of Reclamation and the Interior Department. This Lake is Federal and serves more than 2,000,000 visitors annually. The Lake has seven (7) contracted resorts which the Bureau wants to destroy in a redevelopment and remove 1300 private owned vacation homes, mobile trailers and manufactured homes that have existed for 50 years. The gross revenues have been steady for the past ten years. The seven resorts in 2007 grossed over \$15,000,000 in sales and 60% of those proceeds come directly from the 1300 vacation homes. The concessionaires all have valid contracts and four expire in 2008 and 03 in 09.

The seven concessions provide 3% of gross revenues for Franchise Fees that goes directly to the US Treasury lock boxes without Bureau of Reclamation intervention and respinning the money. This amounts to \$450,000 paid by the concessionaires for use of the property. In addition to the gross sales and franchise tax ancillary processes generate in excess of \$15,000,000 annually in sales for services, goods, beverages, materials and public utilities, telephone, sattelite, food and marine boat storage facilities. For instance a beverage provider, Tri-Eagle Breweries provides only two beer beverages, Budweiser and Corona and the annual sales in the Lake Berryessa Region is \$1.4 million annually. Viking Propane provides LPG for seven resorts and facilities in the Region and there sales of LPG gas is \$1.2 annually. The Bureau intends on destroying the properties, private owned trailers and manufactured homes would be removed and wipe out gross sales and franchise fees. This is a proven business model that has worked for 50 - years at Lake Berryessa. The witnessed collapse is underway and needs to be stopped. First off the OMB has not budgeted any money to clean up the massive ecological disaster in the making. Chairman Bernanke I have followed closely with your recent conferences on CSPAN and this is a project that needs to be cancelled and sidelined until our economy does a turn around. I also will tell you that this message will be forwarded to President Bush. It is evident that this project will casue a severe loss to our economy and needs your staf review. Please have some Staff contact me at the below address, I can provide more detail as needed. **Henry Howard Co-Chairman Berryessa For All**

**Hello to all you Friends of Lake Berryessa,**  
 After some time off, I've updated the web site:

[www.LakeBerryessaNews.com](http://www.LakeBerryessaNews.com)

It's been quiet at the lake with a lot of cold, rainy weather. My rain guage up here in the Berryessa Highlands say we've had 19.3 inches this season. I only measured 14.5 inches for all of last year's rainy season. The lake is up several feet but has at least 15 feet to go - which usually means we need at least another 10 inches of rain this year.

Cucina Italiana reopened on Feb. 1 and it was good to meet so many friends and neighbors there again. Check out their new menu on the Lake Berryessa News web site at:

[www.LakeBerryessaNews.com/CucinaItaliana.html](http://www.LakeBerryessaNews.com/CucinaItaliana.html)

There has been no further word as to when the BOR will finish evaluating the resort bids and choose the winners of the new contracts. The resort owners' lawsuit and the Berryessa For All lawsuit are still in the hands of the courts

Other items on the web site include the Berryessa Senior Center Feb. 08 Newsletter, a story about the Pope Valley Fire Truck that got stuck in the mud, a Fishing With Sid 2007 Photo Album to show how big they get.

I'll keep the web site updated regularly and send out any breaking news as soon as I hear it.
