#### Fishing With Sid!

This holiday season from Christmas thru New Year's was very cold on the water. Trolling on the surface early in the morning produced trout and some salmon. I took someone out from Spanish Flat as a favor to Mike and we headed for the vineyards.

The lake was very calm over the Christmas weekend and it was easy getting around. All over the lake there were grass mats floating which made trolling almost impossible so I changed to throwing a top water chugger in about three feet of water. This produced some activity and I landed a two and a half plus pounds spotted bass on a slow retrieve.

Now I had him try it and he had a couple of good hits but didn't land any. Next I tried brass and glass with a pumpkin senko and landed another nice size bass. My deal with him was everytime I landed a fish he got to use the same rod after me and he had some bites with the brass and glass but no luck bringing them to the boat.

The next day I went straight to what I call catfish cove. Using hotdogs and liver on two separate rods and listening to music I spent a couple of hours relaxing and catching six catfish ranging from three pounds to twelve pounds. The secret is to leave your rods alone and just wait for the action. The fish usually bite just when you're about to have your lunch or are not paying any attention.

Being I was the only one on the boat what do you do when both rods hit at the same time....well this is how I handled it. I took the rod with the most line started to bring in the fish and I saw it was hooked securely so I put the rod back in the holder and went to the other rod which was almost at the end of the line and brought that fish in which happened to be the twelve pounder then went back to the other rod and brought that fish in too. Some of my friends said they had luck drop shooting in forty to fifty feet of water once they found the fish. Hope everyone had a Merry Christmas and I wish you all a very Happy New Year. 'til next week.....good fishing!!!! [www.fishingconnection.net](http://www.fishingconnection.net) If you have any fishing stories you would like to share please email me at [bestguide@hotmail.com](mailto:bestguide@hotmail.com) or call me at 650-583-3333.

## PLEASURE COVE MARINA

### on Lake Berryessa

Invites your exploration.

Gliding along its water, or from its shore, camped in the best possible place for the best sweeping view. Located on the southwestern shores.

Pleasure Cove Marina provides you access to Lake Berryessa with watercraft and houseboat rentals, lake side camping retail store, fuel, slip rentals and launch ramp.

### Why, Why, Why,

do we press harder on a remote control when we know the batteries are going dead?

Why do banks charge a fee on "insufficient funds" when they know there is not enough money?

Why does someone believe you when you say there are four billion stars, but check when you say the paint is wet?

Why doesn't glue stick to the bottle?

Why doesn't Tarzan have a beard?

Why does Superman stop bullets with his chest, but ducks when you throw a revolver at him?

Whose idea was it to put an "S" in the word "lisp"?

Why is it that no matter what color bubble bath you use the bubbles are always white?

Is there ever a day that mattresses are not on sale?

Why do people constantly return to the refrigerator with hopes that something new to eat will have materialized?

Why do people keep running over a string a dozen times with their vacuum cleaner, then reach down, pick it up, examine it, then put it down to give the vacuum one more chance?

Why is it that no plastic bag will open from the end on your first try?

How do those dead bugs get into those enclosed light fixtures?

Why is it that whenever you attempt to catch something that's falling off the table you always manage to knock something else over?

In winter why do we try to keep the house as warm as it was in summer when we complained about the heat?

How come you never hear father-in-law jokes?

\*\*\*\*\*

Broken Glass

Use a dry cotton ball to pick up little broken glass pieces of glass - the fibers catch ones you can't see!

Reheat Pizza

Heat up leftover pizza in a non-stick skillet on top of the stove, set heat to medium and heat till warm. This keeps the crust crispy. No soggy micro pizza.

Measuring Cups

Before you pour sticky substances into a measuring cup, fill it with hot water. Dump out the hot water, but don't dry the cup. Next, add your ingredient, such as peanut butter, and watch how easily it comes right out.

### Tips for Repairing Your Credit

Most of us, at some time or another, have done something to adversely affect our credit rating, perhaps without even knowing it. A late or missed credit card or home mortgage payment is just one example. When you buy a home, your real estate agent will encourage you to get pre-approved for your mortgage. It's during the loan application process when problems often come to light.

There are three major consumer reporting agencies (CRAs), or credit bureaus, that mortgage companies use to assess a buyer's credit rating: Experian, Equifax and Trans Union. Credit scores typically range from 300 to 850. For home loan purposes, a score of 650 or higher generally indicates a good credit history and will make it easier for you to secure a mortgage. If your score falls between 620 and 650, your borrowing capability will be examined more closely. And if you rate below 620, you may have a credit crisis.

When you're in the market to buy a home and discover that you have bad credit and your score is low, don't despair. Although it may delay the purchase of your home, there are ways to repair your bad credit rating so that you may still qualify for a home mortgage with a decent interest rate.

**How to Repair It:** Once again, contact your creditor by phone and follow up with a written request that the mistake be corrected. Because the Fair Credit Reporting Act (FCRA) requires that credit agencies and their information providers investigate reports of inaccuracies, you'll also want to contact the CRA directly to report the discrepancy. As you work on repairing your credit rating, there are other things you can do to improve your score:

- Make sure that you pay all of your monthly bills on time
- Avoid opening new credit card accounts, including department store cards
- Work toward paying down your unsecured debt, but keep accounts open even if you pay them off
- Pay cash for the things you need instead of charging them

If, after all your work, you still score below the 620 mark, it doesn't mean that you won't qualify for a home loan. It may mean, however, that your mortgage will take longer to process and the terms and interest rate may not be as good as you were hoping for. Talk to your real estate agent about referrals to high-risk lenders. Repairing bad credit can take many months to a year or more. But when you're ready to buy a home, you'll be glad you took the time to improve your score - and your mortgage payment will be lower because of your efforts.

### Fishing With Dino

The water temp is 52 degrees 8 feet from the surface.

Troll the surface, use a needlefish or blue/silver Kastmaster behind a flasher and some very nice trout or salmon will hit!

Crappie are still possible on minnows in the very early hours. Get the bait near brush or dock areas.

It's very slow on catfish right now!

Bass are hitting plastics and crankbaits in 15 to 20 feet of water.

Happy New Year & Great Fishing!

Dino Righetti, Spanish Flat Resort Marina, 707-966-7708

### A Blonde's Year in Review

January - Took new scarf back to store because it was too tight.

February - Fired from pharmacy job for failing to print labels.....Helllloooo!!!!...bottles won't fit in printer !!!

March - Got really excited.....finished jigsaw puzzle in 6 months.....box said "2-4 years!"

April - Trapped on escalator for hours ..... power went out!!!

May - Tried to make Kool-Aid.....wrong instructions....8 cups of water won't fit into those little packets!!!

June - Tried to go water skiing.....couldn't find a lake with a slope.

July - Lost breast stroke swimming competition.....learned later, the other swimmers cheated, they used their arms!!!

August - Got locked out of my car in rain storm.....car swamped because soft-top was open.

September - The capital of California is "C".....isn't it???

October - Hate M & M's.....they are so hard to peel.

November - Baked turkey for 4 1/2 days ... instructions said 1 hour per pound and I weigh 108!!

December - Couldn't call 911 ..... "duh".....there's no "eleven" button on the stupid phone!!!

\*\*\*\*\*

Are you sick of making the same resolutions year after year and yet you never keep them? Here are some resolutions that you can actually accomplish!

10. Read less.
9. I want to gain weight. Put on at least 30 pounds.
8. Stop exercising. Waste of time.
7. Watch more TV. I've been missing some good stuff.
6. Procrastinate more.
5. Drink. Drink some more.
4. Start being superstitious.
3. Spend more time at work.
2. Stop bringing lunch from home: I should eat out more.

and last but not least...

1. Take up a new habit: maybe smoking!

### Berryessa Seniors Newsletter: January 2007

#### PRESIDENTS MESSAGE

I hope everyone had a safe, sane and happy holiday with family and friends. I am hoping that the Senior Center have an even better New Year than last year and that everyone that comes to the Center will feel at home. To date we have 93 paid members plus our lifetime member Elsie Plunkett. Remember seniors this is your center. It is not too late to join, but those who have not renewed their membership will not be receiving the newsletter. So, if you know anyone who has not renewed let him or her know.

Do not forget to get your tickets for this month's Crab Feed on Saturday, January 13 as they are going fast. Tickets can still be purchased at the Spanish Flat Country Store or by calling Georgia Craddock at 966-2127.

#### BIRD HOUSE RAFFLE

Rose Stubbs has raffle tickets available and for sale for the Bird House built and donated by Ernie Vasheresse . The cost is \$1.00 each or \$5.00 for a book of six. Brenda at the Spanish Flat Country Store has a supply of raffle tickets in case any of you would like to purchase them there. Again, the raffle will be held on January 13, 2007, at our Annual Crab Feed.....baring any unforeseen weather problems.

#### PACKAGES FOR THE TROOPS

Effie Macholz is still in the process of assisting Walter Reed Hospital with donations in the form of games, puzzles, non-perishable goodies and fun stuff to be given to the amputees there. If you have any such items please let her know or drop your donations at the Center.

#### IN MEMORY

A memorial service is being planned for Douglas Roberts who passed away in November. The service will be held at the Center on January 14, at 4:00 pm. Everyone is invited.

#### REPORT ON FELLOW MEMBERS

Jack Wilson has not been transferred to Walnut Creek yet.

Mary Loggins continues to receive therapy for her back.

#### BITS AND PIECES

Betty Fehrenkamp has the 2007 Calendars for sale. The cost is \$6.00 each.

The December Pot Luck was a fun affair. Mr. and Mrs. Claus were gracious as always and enjoyed passing out lovely surprise gifts to the 21 people in attendance.

Dudley Rutherford took great pictures of all the attendees sitting on Santa's lap. The pictures will be available at the center for all to see.

#### UPCOMING EVENTS

On January 8, we will have our Bingo Pot Luck. Lunch will begin 12:00n with Bingo to follow at 1:00pm.

#### JANUARY BIRTHDAYS

Delphine Ott 14th

Charles Wellington 16th

Food for Thought: Measure wealth not by the things you have, but by the things you have for which you would not take money.

HAPPY HAPPY  
BIRTHDAY  
To All In January

Bill Barta  
Jim Davis  
Carol Mills  
Delphine Ott  
Thomas Sedlack  
Jack Short  
Lana Tiedman  
Charles Wellington

**Maxine on? "Aging"**  
"Take every birthday with a grain of salt.  
This? works much better if the salt accompanies a?  
Margarita."

**Twas The Day After Christmas...**

and all through the house,  
Every creature was hurtin', even the mouse.  
The toys were all broken, their batteries dead;  
Santa passed out, with some ice on his head.  
Wrapping and ribbons just covered the floor,  
While upstairs the family continued to snore.  
And I in my T-shirt, new Reeboks and jeans,  
I went into the kitchen and started to clean.  
When out on the lawn there arose such a clatter,  
I sprang from the sink to see what was the matter.  
Away to the window I flew like a flash,  
Tore open the curtains, and threw up the sash.  
When what to my wondering eyes should appear,  
But a little white truck, with an oversized mirror.  
The driver was smiling, so lively and grand;  
The patch on his jacket said "U.S. POSTMAN."  
With a handful of bills, he grinned like a fox  
Then quickly he stuffed them into our mailbox.  
Bill after bill, after bill, they still came.  
Whistling and shouting he called them by name...  
"Now Dillard's, , now Penny's and Sears  
Here's Robinson's, Levitz's and Target and Mervyn's.  
To the tip of your limit, every store, every mall,  
Now charge away--charge away--charge away all!"  
He whooped and he whistled as he finished his work.  
He filled up the box, and then turned with a jerk.  
He sprang to his truck and he drove down the road,  
Driving much faster with just half a load.  
Then I heard him exclaim with great holiday cheer,  
"Enjoy what you got. . . . you'll be paying all year!"

**How to get along in life**

Pray

Be obedient, no matter how much the Master's plan doesn't make sense to you.

Love your neighbor as yourself. Give to those less fortunate, Be generous.

Relax and let God drive.  
Enjoy the ride

Don't be afraid. He said He would never leave us or forsake us!

Take time to rest and enjoy the company of friends.

Value, honor and enjoy your family, no matter how strange they seem to you.

Whatever your lot in life, remember God is in control.

Remember, you were divinely created with a purpose! Others were too, Even if they seem way different from you!

So --- Have fun, and enjoy the abundant life! You will not pass this way again

"A friend is someone who reaches for your hand and touches your heart"

65.

**Ha! HA! Harvey  
American Health Care**

Two patients limp into two different American Medical clinics with the same complaint.

Both have trouble walking and appear to require a hip replacement.

The first patient is examined within the hour, is x-rayed the same day and has a time booked for surgery the following week.

The second sees the family doctor after waiting a week for an appointment, then waits eight weeks to see a specialist, then gets an x-ray, which isn't reviewed for another few days and finally has his surgery scheduled for 6 weeks from then.

Why the different treatment for the two patients?

**The first is a Golden Retriever.....**

**The second is a Senior Citizen.**

## What Does the Bureau of Reclamation Do At Lake Berryessa for \$3,845,000?

Some people still think the BOR makes a lot of money from the local resorts. That's not true. The federal government gets a 3% concession fee on the resorts' gross revenues. Since the total gross revenue of ALL the resorts together is less than \$15 million per year, the government actually gets less than \$400,000 annually. That money goes directly into the US Treasury - not to the BOR. The Lake Berryessa Office of the BOR then has to fight the Washington budget battles to get its share for managing the lake. That budget has decreased yearly. Their 2007 request is for \$3,845,000, down from the 2006 budget of \$4,135,000. So where does the money go? The following is gleaned from the latest budget request for 2007.

Water and Energy Management and Development (\$93,000) - Continues administration of water rights, resource management activities at the Lower Putah Creek area, and National Environmental Policy Act compliance. Continues water quality monitoring and water conservation activities. The decrease reflects decreases in the water marketing, energy conservation planning, and environmental monitoring programs.

Land Management and Development (\$1,061,000) - Continues concession oversight and recreation management activities at Lake Berryessa, compliance to hazardous materials handling and clean-up laws, realty actions, unauthorized use of land activities, land management and planning, and structures inventory.

Fish and Wildlife Management and Development (\$133,000) - Continues the management, protection, and habitat enhancement for terrestrial and aquatic wildlife species, and provides protective measures for special status species. Continues funding for Endangered Species Act compliance.

Facility Operations (\$1,725,000) - Continues ongoing infrastructure support, renewal of service contracts; routine operation and maintenance of the Lake Berryessa recreation facilities; and management oversight of Monticello Dam, Putah Diversion Dam, Putah South Canal, and Terminal Dam and Reservoir.

Facility Maintenance and Rehabilitation (See below) - (\$833,000)

Removal of Trailers and Shoreline Structures (\$300,000) - Continues removal of abandoned trailers, structures and other public health and safety hazards. The structures consist of failing retaining walls, navigation hazards at the water line, old trailers, old docks and many unsafe

remnants of previous attempts to harden the shoreline. Increase reflects second year requirements. Reclamation will exercise all available authority to reduce the long-term outyear costs of this process through enforcement of existing contracts, incentive provisions in new concession contracts, and cost-share agreements with local agencies.

Deferred Maintenance, Repair and Rehabilitation (\$515,000) - Continues repair and rehabilitation projects which are necessary for the continued maintenance of Lake Berryessa recreation facilities. Continues replacement of Oak Shores and the Administrative compound's nine sewage lift stations, and rehabilitation of Oak Shores restrooms. Completes repair and/or upgrade of several items at the Capell Cove boat launch site including upgrades to the water system to provide potable water to the visiting public, addition of a second ramp, and repairs to the parking lot. The Capell Launch Site Rehabilitation efforts were scheduled for completion in FY 2006, but have been deferred to FY 2007.

Facility Examinations (\$18,000) - Continues periodic facility examinations.

### **Berryessa For All Vows to Carry the Fight to the BOR!**

More than 150 enthusiastically angry people gathered last week to hear the legal strategy developed by Berryessa For All (BFA) to fight the Bureau of Reclamation's flawed Record of Decision for the future of Lake Berryessa. BFA contends that the BOR has violated and continues to violate the National Environmental Protection Act (NEPA), the Administrative Procedure Act (APA), and federal law. BFA will ask the federal court to declare that the BOR withdraw and set aside any proposed action pursuant to the BOR's VSP ROD and the Final EIS for Lake Berryessa until and unless such time as the BOR demonstrates to the Court that it has complied with the NEPA, the APA, and federal law.

BFA is a non-profit organization consisting of approximately 1,000 members and supporters with common and community interests as long-term permittees/stakeholders at the seven lake resorts. BFA's primary focus and overall mission includes the preservation of the public's family-oriented recreation opportunities at Lake Berryessa. BFA is committed to protecting equal recreation opportunities and community interests for all segments of the public at Lake Berryessa. Eviction notices have already been sent to Berryessa Marina permittees and will soon be sent to Rancho Monticello permittees. Please send donations to:

BFA, 3130 D BALFOUR RD, #259, BRENTWOOD, CA. 94513

### **What's Inside Shaving Cream**

#### **Thick, rich, velvety – and chock-full of ingenious chemicals.**

- Palmitic acid: This long-chain lipid is found in palm oil and animal fats. A major component in soapmaking, it helps create a thick, stable lather that enfolds follicles and holds them upright.
- Triethanolamine: A thickener and wetting agent, TEA allows water to flow more freely by reducing the surface tension that holds droplets together. It's also a precursor chemical for the blistering weapon nitrogen mustard gas.
- Stearic acid: Commonly used in cosmetics, this waxy lipid softens the skin. Combined with TEA, it becomes a powerful thickener for luxurious lather.
- Isopentane: In shaving cream, this degreaser breaks down sebum, the oil your skin produces. (It also smells like gasoline.) That helps whiskers stand up, the better to mow them down with a razor.
- Sunflower oil monoglycerides: This plant oil has seemingly magical properties. Its fatty acids attach to a carbon backbone and keep the product in gel form. But rubbing the gel in your hands introduces air. Voilà: foam.
- Sorbitol: In food, this sweetener causes diarrhea. (Luckily, shaving cream is not for eating.) Here it's a cheap stand-in for glycerine, a skin moisturizer.
- Aloe barbadensis: You know it as aloe vera – the gooey stuff inside the plant. It's yet another skin softener and probably helps accelerate the healing of nicks.
- PVP: Polyvinyl pyrrolidone sticks to the keratin in hair shafts and, like isopentane, makes the hairs stand up straight for a clean shave.
- Isobutane: A compressible aerosol propellant, it helps the gel squirt out of the can. Pyromaniacs take note: It's also extremely flammable.
- PEG 90M: Polyethylene glycol is a versatile polymer used in laxatives, sexual lubricants, and lots of medications as a binding agent. In nanotech, it serves as a lattice on which biological cells can grow. In shaving cream, it's a lubricant and stabilizer.
- Blue #1: So that's what gives the gel its electric blue tint! When the ingredients are worked into a lather, tiny bubbles indiscriminately scatter all wavelengths of light and the blue disappears.

### Popping Corks: Is There a Screw-Top Wine in Your Future?

Reprinted from E-Magazine

For hundreds of years, cork has been the gold standard for "stopping" wine. But now plastic stoppers and screw tops are challenging the tradition, and the benefits are causing even prestigious vintners and snooty wine reviewers to change their attitude from dismissal to acceptance.

About 50 percent of the world's cork supply comes from forests in Portugal and Spain, where farmers strip the bark off cork oak trees for the wine industry. The bark grows back over 10 years without harming the tree. Environmentalists worry that switching to alternative stoppers will doom biodiversity-sheltering ancient cork forests. "Cork extraction is one of the most environmentally friendly harvesting processes in the world," says Pedro Regato of the World Wildlife Federation.

Cork's inherent permeability allows oxygen to slowly enter the wine, and the subsequent reaction ages and matures the wine's taste and aroma. But two bottles of the same wine can taste identical when purchased, but will age differently due to cork irregularities. A more permeable cork will cause a wine to age faster. Cork is also the root of the dreaded "cork taint," a chemical reaction that leaves wine with a moldy, musty or medicinal flavor. But the alternative synthetic stoppers were originally dismissed by winemakers. They thought that if the bottle was sealed too tightly, no oxygen would reach the wine and it wouldn't age. These fears have proven mostly groundless.

Now, fear of cork taint, along with a desire for more predictable aging, is fueling the market for synthetic stoppers. Plastic corks and screw caps, once red flags that signified low quality, are becoming more popular with premier wineries. John Conover of PlumpJack Winery in Oakville, California says cork mold ruined five to eight percent of his bottles before he switched to screw top closures eight years ago. Conover partnered with wine researchers at UC Davis to determine differences in the way cork and screw-top wines age. "So far, we haven't seen a difference," he says. Synthetic stoppers now make up 10 percent of the market, according to the Rainforest Alliance, which is alarmed by the growing popularity of plastic corks and screw caps. ## Fishing with Sid

It was a beautiful day a couple of Saturdays ago but quite cold on the water and colder still when the sun started going down. My wife and I headed out early afternoon and decided to try fishing a rocky slope about a half a mile long. I threw top water at least forty times with no reaction.

I changed to brass and glass with a watermelon senco and my wife used the same set-up but with a p u m p k i n senco.

She caught more fish then I did and we both lost a lot of soft bites. I observed a gentleman and his two kids fishing a split-shot with live mini-worms. They were fishing in the marina dragging the worm over the bottom and hooking some bass and even some trout.

Sunday I went out for a few hours by myself to the same spot as the day before. Again no top water action but I did very well with the brass and glass. The bass I was catching were all in the fourteen to sixteen inch range in approximately four to twenty feet of water. It seems they are going for the slow retrieve right now. But as all fishermen know that can change at any time.

The water temperature is about fifty-one degrees. A lot of trout are visible on the top three to four feet of water chasing shad in the early morning. They will go for a rattle trap or crankbait that resembles shad. If you are fishing from the shore, hook a minnow behind the dorsal fin about three feet under the bobber. For those who want to see a new site ask for Mike or Dino at Spanish Flats and let them show you the size of the otters that are in the water by their marina. I thought they were seals. 'til next week.....good fishing!!! [www.fishingconnection.net](http://www.fishingconnection.net) If you have any good stories you would like to share please email me at [bestguide@hotmail.com](mailto:bestguide@hotmail.com) or call me at 650-583-3333.

**Tickle Me Elmo:**

There is a factory in Northern Minnesota which makes the Tickle Me Elmo toys. The toy laughs when you tickle it under the arms.

Well, Lena is hired at The Tickle Me Elmo factory and she reports for her first day promptly at 8:00 AM. The next day at 8:45 AM there is a knock at the Personnel Manager's door. The Foreman throws open the door and begins to rant about the new employee. He complains that she is incredibly slow and the whole line is backing up, putting the entire production line behind schedule.

The Personnel Manager decides he should see this for himself, so the 2 men march down to the factory floor.

When they get there the line is so backed up that there are Tickle Me Elmo's all over the factory floor and they're really beginning to pile up. At the end of the line stands Lena surrounded by mountains of Tickle Me Elmo's.

She has a roll of plush red fabric and a huge bag of small marbles. The 2 men watch in amazement as she cuts a little piece of fabric, wraps it around two marbles and begins to carefully sew the little package between Elmo's legs.

The Personnel Manager bursts into laughter. After several minutes of hysterics he pulls himself together and approaches Lena.

"I'm sorry," he says to her, barely able to keep a straight face, "but I think you misunderstood the instructions I gave you yesterday..."

"Your job is to give Elmo two test tickles.

An angel walks beside me,  
I feel him everyday,  
he helps me through lives ups  
and downs,  
and whatever comes my way.  
He guides me down the road of  
life,  
and lights the darkest roads,  
he picks me up and carries me,  
when I can not bear the load.  
He helps to ease the pain I feel,  
he mends my spirit, too,  
he holds my hand,  
and shelters me,  
and gives me courage and  
strength, too.  
He speaks to me  
with words of love,  
and he listens to my pleas,  
he was sent here  
from the lord above,  
to guide and comfort me.  
I know he's always watching,  
though his form I can not see,  
its a peace I feel deep in my  
heart,  
that leads me to believe.

An angel walks beside me,  
I feel blessed everyday,  
that the presence of this angel,  
will never go away.

**The Power of a  
Blonde's Prayer**  
A blonde was driving  
down the street in a  
sweat because she had  
an important meeting  
and couldn't find a  
parking place. Looking  
up toward heaven, she  
said, "Lord, take pity on  
me. If you find me a  
parking place I will go to  
church every Sunday  
for the rest of my life  
and give up sex and  
tequila." Miraculously, a  
parking place appeared.  
She looked up again  
and said,  
"Never mind. I found  
one."

- Crab Dip
- 1 (8 ounce) package cream cheese, softened
- 1/4 cup milk
- 1 (8 ounce) package imitation flaked crabmeat or use fresh crab.1
- 1/4 cup sliced green onions
- 1/4 cup chopped sweet red pepper
- 1 teaspoon curry powder
- 1/2 teaspoon garlic salt
- Serve with Assorted crackers

### Roasted Garlic Mashed Potatoes

10-12 medium red potatoes  
1/4 cup garlic-infused olive oil  
1/2 cup coarsely chopped roasted garlic, about 30 average cloves or 20 large cloves

1 tbsp chopped fresh chives  
2 tsp chopped fresh parsley leaves  
1/2 tsp salt (or to taste)  
1/2 tsp black pepper

potatoes cut into large pasta pot, add enough water to cover by 1-2 inches, bring to a boil, fork-tender, drain. Drizzle cooked potatoes with olive oil and stir to distribute. Add roasted garlic and fresh herbs, and season to taste with salt and black pepper. Lightly mash potatoes with a fork, just enough to blend in olive oil and roasted garlic, chunky & serve

### Change of Use Rather Than Eviction?

Although an article about Berryessa For All in the last issue of The Lake Berryessa News mentioned that permittees at Berryessa Marina Resort had received eviction notices, the statement that Rancho Monticello Resort permittees would also soon receive "eviction" notices was premature. Rancho Monticello is contesting several of the BOR contract interpretations and does not believe the term "eviction" is applicable to the "significant change of land use" as defined in the Record of Decision.

Rancho Monticello Resort and all the other resorts at Lake Berryessa were ordered by the Bureau of Reclamation last November to send letters to all permittees giving them a one-year notification of the termination of their permits based on the June, 2006 Record of Decision and BOR Operational Policy #14.

The contract expiration dates for the various resorts are:

Berryessa Marina Resort: August 13, 2008

Putah Creek Resort: August 13, 2008

Markley Cove Resort: May 26, 2009

Rancho Monticello: June 15, 2008

Spanish Flat Resort: July 13, 2008

Steele Park Resort: May 26, 2009

Pleasure Cove Marina is a special case since all permittees were evicted from that resort last year.

The actual language in the BOR letter states: "all privately owned long-term trailers, mobile homes, and associated personal property currently located within the concession areas will be permanently removed from Federal property..." The letter also states that "This removal needs to be accomplished no later than (emphasis added) the expiration date of the existing contract." It further demands a plan from each resort and that "The plan should allow ample time for you to assure complete clean-up of each site not later than the expiration date of your contract." This last statement is a major point of contention since it requires each resort to eliminate their major source of income (mobile home permit fees) well before the end of their formal contract. This would be a significant financial blow to each resort and could possibly lead to major litigation against the BOR.

The BOR also states that if a removal plan is not submitted for approval to the BOR by January 5, 2007, the BOR will write its own removal plan for the resort. It is unknown whether any resort has submitted such a plan.

\*\*\*\*\*

Rancho Monticello Resort issued the following statement in response to last week's story: "Rancho Monticello Resort has no intention of issuing eviction notices until the required 60-day in advance to the termination of our concession agreement or as required by a possible phasing agreement. As required by BOR Operational Policy 14, Rancho Monticello Resort will give tenants a one-year notice for change of use at the appropriate time. We plan to be a very strong bid-

der – offering the public improved uses, and meeting new and higher demand. We also expect to provide facilities for all of our current permittees."

\*\*\*\*\*

Dear Napa Register Editor (Copy to Lake Berryessa News):

I have read your editorial ("New phase in battle for lake," Jan. 21) as well as the January 17 article regarding the lawsuit filed by Berryessa For All. I was also quite surprised that you printed so many rebuttals against both articles, bravo!

What does Berryessa For All really want? It may seem obvious to the biased. Berryessa For All first and foremost wants equality or an equal voice that will be counted. In your article you state that the process for public review was extensive...that it was - but it was biased. When the bureau asked for public comment and input it did not count all responses equally. The bureau's count of support for their plan was supposedly in favor of ousting the mobile homes. Task Force 7 members collected over 13,000 signatures from mobile home owners, campers, RV campers, boaters...people from all walks of life in opposition to their plan. Yet, the BOR arbitrarily decided to count those thousands of signatures as ONE COMMENT. Every other comment received in support of the bureau's biased plan was in fact counted - significantly skewing the data.

A few of your readers have said to the mobile home people "move on." I have only one thing to tell those callous individuals. The Bureau of Reclamation permitted everyone of those sites, collected fees and for the past 25 years mismanaged Lake Berryessa without any accountability. Two separate government audits called the bureau to question regarding the mismanagement. The only way the BOR can save face is to wipe the slate clean (remove mobile homes and trailers) and start from scratch so that their mismanagement can be conveniently covered. The real shame is that the BOR purveys water well but doesn't have a clue how to manage recreational venues.

If one could look at the current lake situation with an unbiased eye you would see that with such a large lake—over 165 miles of shoreline—that kayakers, trail walkers, birders, boaters, campers, RV'ers and mobile home owners could all share the lake together in harmony. Again all we ask for is equality.

Sometimes folks that demand equality have to do so with a loud voice. I remember not too long ago the norm was to force people to have separate entrances, seating and not allow them in certain schools. However, some very vocal folks protested and demanded equality and things were changed. As I said, we want an equal chance by an unbiased person to hear our case—then and only then will we receive equality.

Phil Constantino, Redwood City/Lake Berryessa

### **Gotta Love a drunk!**

A man and his wife are awakened at 3 o'clock in the morning by a loud pounding on the door.....The man gets up and goes to the door where a drunken stranger, standing in the pouring rain, is asking for a push. "Not a chance," says the husband, "It is three o'clock in the morning." He slams the door and returns to bed.

"Who was that?" asked his wife. "Just some drunk guy asking for a push," he answers. "Did you help him?" she asks. "No, it is three o'clock in the morning and it is pouring rain outside!!" His wife said, "Can't you remember about three months ago when we broke down and those two guys helped us? I think you should help him, and you should be ashamed of yourself!"

The man does as he is told (of course!), gets dressed and goes out into the pouring rain. He calls out into the dark, "Hello! Are you still there?" "Yes," comes back the answer. "Do you still need a push?" calls out the husband. "Yes! Please!" comes the reply from the darkness.

"Where are you?" asks the husband.

"Over here on the swing!!" replies the drunk.

A couple drove down a country road for several miles, not saying a word. An earlier discussion had led to an argument and neither of them wanted to concede their position. As they passed a barnyard of mules, goats, and pigs, the husband asked sarcastically, "Relatives of yours?" "Yep," the wife replied, "in-laws".

**Fishing with Sid**

Last Sunday at Berryessa the lake was like being on the ocean. Lots of wind and whitecaps. Coming from Steele Park the only place I could go was Capell Cove. Once I passed the five mile an hour zone the mountains protected me from the wind. I went all the way to the end at 1.9 feet of water and fished all the way back. For those who have never been in Capell Cove, there are a lot of trees, bushes and rocks in the water. This structure is great for bass better in the spring but I didn't do that badly now. I caught five large mouth bass the biggest one was 2.7 pounds. Three small mouth bass largest one 1.8 pounds and a few spotted. The water temperature was between 49 to 50 degrees. Not a bad day of fishing considering the elements. Dino at Spanish Flat informed me that this weekend the fishing was fair. People were catching bass in seven to forty feet of water and trollers for trout were trolling in the upper ten feet of the water with needle fish and castmasters behind flashers. If you are interested in a daily fishing report I would call Dino or Mike at Spanish Flat the number there is 707-966-7708. February 14th - 18th I will be at the fishing show at the Cow Palace hope to see you there. The pictures with this email are to show you the baits and scents that I like to use. 'til next week.....good fishing!!!!!! fishingconnection.net If you would like to share any fishing stories or tips please call me at 650-583-3333 or email bestguide@hotmail.com

**Fishing with Dino**

Very cold and windy conditions at the lake last week. Bass anglers were doing well throwing Jigs and CrankBaits in 20 to 40 feet of water. Steve Whan of Spanish Flat Resort reeled in a 7.9 lb largemouth on Friday.

Trolling a flasher with a Kastmaster behind it was working well for Trout at 5 to 15 feet of water. Skiers Cove Shoreline is the hot spot. Salmon are at the deeper depths near the dam area. Crappie and Catfish were very slow with the cold weather and winds!

Fishing this weekend was about the same. Water temp. is 49 degrees 8 feet from the surface.

Troll the surface at 7 to 15 feet using a flasher and Needlefish or Kastmaster. Salmon are reported at the dam area a little deeper. Bass anglers are doing well on jigs in 15 to 40 feet of water. Crappie are possible in early morning hours. Use minnows off the bottom. The water is still a little cloudy from all of the winds, but fishing is very good.

Dino Righetti, Spanish Flat Resort Marina, 707-966-7708

Cafe Open  
for Community  
Meetings and  
Banquets.

festivities will begin at 6:00 pm with your favorite libation then dinner being served at 7:00 pm. If you plan on attending be sure to bring a side dish, a dessert, and/or an appetizer to share with at least 6 people. A sign up sheet is located at the entrance to the Center for those of you who wish to attend.

A memorial service was held for Doug Roberts on Sunday, January 14. What a wonderful turnout with friends and family celebrating Doug's life. A tree, donated and planted, by George and Cathy Parrish was planted in his memory at the Center.

**UPCOMING EVENTS**

There are several day trips planned for the coming months:

The Scenic Limited Western Railway Museum train will depart in April. It is a 10 mile round trip from Rio Vista Junction south through the rolling Montezuma Hills on a restored electric rail cars. More information is coming.

April 12, a day trip is being planned to the Indian Casino. More information to come.

May 10, a day trip is planned to Cline Winery. They have just announced the Grand Opening of their California Mission Models Museum.

There will be a sign up sheet for each of these events located at the entrance of the Senior Center for those of you interested.

As of January 19, we have 107 paid members including our lifetime member Elsie Plunkett. There are still a few of you out there who have not renewed your membership.

**February Pot Luck**

This month's potluck will be held on Saturday, February 17. Judy Lindsey will prepare the main course "Roast Pork". As in the past, the

**War of the sexes**

**SILENCE**

A man and his wife were having some problems at home and were giving each other the silent treatment. Suddenly, the man realized that the next day, he would need his wife to wake him at 5:00 AM for an early morning business flight. Not wanting to be the first to break the silence (and LOSE), he wrote on a piece of paper, "Please wake me at 5:00 AM." He left it where he knew she would find it. The next morning, the man woke up, only to discover it was 9:00 AM and he had missed his flight. Furious, he was about to go and see why his wife hadn't wakened him, when he noticed a piece of paper by the bed. The paper said, "It is 5:00 AM. Wake up." Men are not equipped for these kinds of contests.

**WORDS**

A husband read an article to his wife about how many words women use a day... 30,000 to a man's 15,000. The wife replied, "The reason has to be because we have to repeat everything to men".... The husband then turned to his wife and asked, "What?"

**CREATION**

A man said to his wife one day, "I don't know how you can be so stupid and so beautiful all at the same time." The wife responded, "Allow me to explain. God made me beautiful so you would be attracted to me; God made me stupid so I would be attracted to you!"

**WHO DOES WHAT**

A man and his wife were having an argument about who should brew the coffee each morning. The wife said, "You should do it, because you get up first, and then we don't have to wait as long to get our coffee." The husband said, "You are in charge of cooking around here and you should do it, because that is your job, and I can just wait for my coffee." Wife replies, "No, you should do it, and besides, it is in the Bible that the man should do the coffee." Husband replies, "I can't believe that, show me." So she fetched the Bible, and opened the New Testament and showed him at the top of several pages, that it indeed says..... "HEBREWS".

### THE BOTTLE OF WINE

For all of us who are married, were married, wish you were married, or wish you weren't married, this is something to smile about the next time you see a bottle of wine:  
Sally was driving home from one of her business trips in Northern Arizona, when she saw an elderly Navajo woman walking along the side of the road.

As the trip was a long and quiet one, she stopped the car and asked the Navajo woman if she would like a ride.

With a silent nod of thanks the woman got into the car. Resuming the journey, Sally tried in vain to make a bit of small talk with the Navajo woman.

The old woman just sat silently, looking intently at everything she saw, studying every little detail, until she noticed a brown bag on the seat next to Sally. "What in the bag?" asked the old woman.

Sally looked down at the brown bag and said, "It's a bottle of wine. I got it for my husband."

The Navajo woman was silent for another moment or two. Then speaking with the quiet wisdom of an elder, she said ...

"Good trade ... "

34 MILES TO  
LOWER LAKE

**Amgen Tour of California Riding by Lake Berryessa**

The Amgen Tour of California Bike Race will be passing through our beautiful Lake Berryessa region on Tuesday, February 20th.

Stage 2 of this 700 mile race across California will start in Santa Rosa and bring the bicyclists through the Sonoma and Napa Valleys. The fastest riders will start heading up 128 past Lake Hennessey around 11:00 in the morning, and are expected to be passing by Turtle Rock and The Corners as early as 11:30AM.

Continuing on Hwy 128, participants will re-fuel at the Feed Zone in Wragg Canyon and make their way to Main Street in Winters as early as 12:25 PM. From there they will continue on through Davis, recently named best Cycling town in the US by Bicycle Magazine, to Sacramento.

Check out the diagram at the left to see the miles to ride and the altitude changes!

Be at

Turtle Rock by 11:25 AM or

The Corners by 11:35 AM

to have lunch and cheer on the race leaders as they go by!

Evan Kilkus

**The Greater Lake Berryessa Region**

### Berryessa Estates Homeowners Pass Bond Measure

County supervisors, acting as directors of the Lake Berryessa Residential Improvement District, voted unanimously to levy a \$5.2 million bond to repair aging water and sewer works at Berryessa Estates at the far north of the Lake Berryessa region. The district also faces a \$400,000 fine from state regulators.

The district hopes that by showing the state it has the means to fix its infrastructure and prevent future sewage spills, state regulators, and ultimately, the attorney general will back off of their attempts to extract fines and penalties.

The board's action comes after 348 ballots went out to area property owners, asking for their views. One hundred and eighty five voters responded. The vote is not a one-person, one-vote affair, but takes into account the value of the property each owner controls. The tally showed that those representing about two-thirds of the property values at Berryessa Estates wanted the board to seek the bond.

Under the assessment, each of more than 300 parcels would be assessed more than \$15,400, with the exact assessment depending on the soon-to-be discovered interest rate of the \$5.2 million bond. The sewage and water rates will start to fall to an average \$1,452 yearly in March.

### Berryessa For All Fundraiser a Great Success

On behalf of Berryessa For All a big thank you to all who participated and donated gifts. The food was superbly catered by a Lake Berryessa restaurant, Cucina Italiana at the Spanish Flat Center. Special thanks to Doris Pierce and her husband for delivering the foodstuff. A couple of other special thanks go out to wineries who supplied ample taste of varietal wines. Special thanks to Hammer Marine who put a boat on display and donated exceptional items for the drawings. Likewise to Tony Lazerini for his generous offerings of Budweiser products. It was a great and well attended event.

Special thanks to Denise and Russ Trevor for their overall involvement. No details was missed by Denise and we are so lucky to have her on the Steering Committee. Lastly, we want to personally thank all those who took time out of their busy schedules to attend a premier event. Another special thanks to every committee member and their mates who helped in the setup, served as waiters, and final cleanup, thank you so much. Working together we can accomplish equality and justice for all...

Don Lombardi & Hank Howard

### Berryessa Trail Design Grant Awarded

The state Coastal Conservancy agency granted \$150,000 to the Berryessa Trails and Conservation group to pursue the design of about 100 miles in trails around the perimeter of Lake Berryessa. The Berryessa grant, in addition to designing new trails around the lake, would also fund improving two already existing trails: the 4-mile-long North End Trail that runs between Putah Creek and Eticurea Creek, and the Smittle Creek Trail that connects the lake's two public parks - Oak Shore Park and Smittle Creek Park. There are several gaps in North End trails, many of them caused by erosion including a landslide. One of the challenges will be trying to construct trails along some of the lake's steep banks between the lake and Highway 128.

### Valentine's Day Dinner & Dance at The Corners People came from as far away as Winters (& Detroit?) !

### **Softer Armor**

Think of things that can protect you against knives and bullets. Kevlar? Yes. Steel plates? Sure. Pancake syrup?! Probably not high on your list.

Well, prison guards and other uniformed types may soon be armored with viscous stuff that would make Mrs. Butterworth proud.

The material, a mix of liquid polymers and silica (tiny sand like particles), is called shear thickening fluid. Left alone, it's a free-flowing goo; when something hits it at high velocity, the bits cluster into a rigid barrier. After the force of impact dissipates, it reverts to a gel.

Protective-gear maker Armor Holdings is integrating STF into bullet-proof vests. That means fewer layers of antiballistic fabric, making them lighter, more comfortable, and cheaper. The company aims to start selling to prisons later this year. Other perilous pursuits will soon benefit as well: British startup d3o Lab is rolling out STF-enhanced ski wear, skateboard shoes, and goalie gloves. Whether you're in Sun Valley or San Quentin, Mrs. Butterworth's got your back.

**Fishing With Sid**

This week at Lake Berryessa it rained and rained which is great because we need it. The shorelines are muddy and the lake is filling up. The fishing is heating up as the fish look for food more actively. It is not my personal preference to fish in the rain but I always seem to catch more fish when it is raining.

This week a few of my friends went out on the "HulaCat" with Captain Tom Matuch for squid. They fished 1,265 feet down and brought up squid up to fifty pounds as you can see in the picture. Walter had his work cut out for him with five keepers. Rangal caught two at one time and Greg (in the picture) brought a couple to the top and lost them to another squid.

February 14th - 18th is the fishing show at the Cow Palace. This picture of me holding a trophy was for first place in a halibut derby where I landed a 27 lb 9 oz fish. Our next fishing meeting for the YBAC will be the third Monday in March (the 19th) at Dominic's at Oyster Point. We will have a guest speaker.

Lastly, don't forget Friday, March 16th is our third annual dinner for "Project Pride" hope to see you there. 'til next week.....good fishing!!!!!! fishingconnection.net If you have any fishing stories you would like to share please email me at bestguide@hotmail.com or call me at 650-583-3333

### FREE BIRTHDAY DINNER

The New Corners Cafe and Shopping Plaza continues to expand its food and drink offerings. To thank the readers of The Lake Berryessa News for their support, The Corners is offering a free birthday dinner to anyone whose birthday appears in The Lake Berryessa News! So send us that birthday announcement for your special person and treat them to a great free meal at The Corner Cafe.

### Ha! Ha! Harvey, Words Women Use

- 1.) Fine: This is the word women use to end an argument when they are right and you need to shut up.
- 2.) Five Minutes: If she is getting dressed, this means a half an hour. Five Minutes is only five minutes if you have just been given five more minutes to watch the game before helping around the house..
- 3.) Nothing: This is the calm before the storm. This means something and you should be on your toes. Arguments that begin with nothing usually end in fine.
- 4.) Go Ahead: This is a dare, not permission. Don't Do It!
- 5.) Loud Sigh: This is actually not a word, but is a non-verbal statement often misunderstood by men. A loud sigh means she thinks you are an idiot and wonders why she is wasting her time standing here and arguing with you about nothing. (Refer back to #3 for the meaning of nothing.) **Continued on pg. #5**

### GUARDIAN ANGEL - MY FAVORITE FRIEND!

Guardian Angel My Favorite Friend!

I look to you from morning until daylight end!  
From the heavens I call on you

To Watch over me and a the little ones!  
With each day I feel your presence.

I know you are right beside me.

I know when I feel lost, you guide!

I know when I feel lonely, you hope!

I know you give me strength to do my deeds!  
It is in you Dear Angel That I believe!

So when you are going to sleep each night,  
Remember to Thank Your Guardian Angel

for guiding you to Heavens Light!

**ANGEL**

To find the one who needs her most,  
This new Angel will stay very close.  
To help and guide them through,  
Could this Angel be for you.  
**Shirl**

### IN MEMORY OF My Cousin **Karen Alford**

### ANGELS DRESSED IN WHITE

As I was dreaming one night,

I saw Angels dressed in white.

Flying slowly through the air,

The Angels were saying a prayer.

Bless this one dear Lord,  
One day she will get her reward.

She will receive her Angel wings,

And join us as we sing.

She will be a strong one you see,  
With her wings she will be free.

~ Money will buy a fine dog, but only kindness will make him wag his tail.

~ If you don't have a sense of humor, you probably don't have any sense at all.

~ In about 40 years, we'll have thousands of OLD LADIES running around with tattoos? (And RAP music will be the Golden Oldies!)

Sunday Service at 10am.  
Sunday School for the Children.

Cont. from pg. 8

6.) That's Okay: This is one of the most dangerous statements a woman can make to a man. That's Okay means she wants to think long and hard before deciding how and when you will pay for your mistake.

7.) Thanks: A woman is thanking you. Do not question or faint. Just say you're welcome.

8.) Whatever: Is a women's way of saying \*\*\*\* YOU!

9.) Don't worry about it; I've got it: Another dangerous statement, meaning this is something that a woman has told a man to do several times but is now doing it herself.. This will later result in a man asking "What's wrong?"

(for the woman's response refer to #3).

~ Money will buy a fine dog, but only kindness will make him wag his tail.

~ If you don't have a sense of humor, you probably don't have any sense at all.

Home (707) 995-1607 Cell (707) 591-1525  
Fax (707) 994-2021

P.O. Box 83 Lower Lake, CA. 95457

I married Miss Right. I just didn't know her first name was Always. I haven't spoken to my wife for 18 months. I don't like to interrupt her. Marriage is a 3-ring circus: Engagement ring, wedding ring, and suffering. The last fight was my fault. My wife asked, "What's on the TV?" I said, "Dust!"

In the beginning, God created earth and rested. Then God created man and rested. Then God created woman. Since then, neither God nor man has rested. Do you know the punishment for bigamy? Two mothers-in-law.

Young Son: Is it true, Dad, I heard that in some parts of Africa a man doesn't know his wife until he marries her? Dad: That happens in every country, son. A man inserted an 'ad' in the classified: "Wife Wanted". Next day he received a hundred letters. They all said the same thing: "You can have mine."

The most effective way to remember your wife's birthday is to forget it once. Just think, if it weren't for marriage, men would go through life thinking they had no faults at all.

If you want your wife to listen and pay undivided attention to every word you say, talk in your sleep.

A little boy asked his father, "Daddy, how much does it cost to get married?" And the father replied, "I don't know son, I'm still paying!"

**DAM LEVEL UPDATE**  
The elevation of the spillway (Glory Hole) at Monticello Dam is 440 feet.  
The water is now 6.90 feet below the top of the spillway.  
Lake Berryessa has had 16.79 inches of rainfall since July 1<sup>st</sup>, '06.  
As reported by Carlos Jeffreys of The Corners  
2/13<sup>th</sup> .51 ~ 2/22<sup>nd</sup> .92 ~ 2/23<sup>rd</sup> .03  
2/25<sup>th</sup> 1.15 2/26<sup>th</sup> .24

Date	Elevation	Evaporation	High	Low
2/19/07	432.62	0.08	66	41

### Daylight Saving Time

At 2 a.m. on March 11, groggy Americans will turn their clocks forward one hour, marking the beginning of Daylight Saving Time (DST). In Aug. 2005, Congress passed an energy bill that included extending Daylight Saving Time by about a month. Beginning in 2007, DST will start the second Sunday of March and end on the first Sunday of November.

The new law may save millions of gallons of oil, but there's a potential problem in any software that was programmed before the new law was enacted in 2005. Software created earlier is set to automatically advance its timekeeping by one hour on the first Sunday in April, not the second Sunday in March (that's March 11 this year).

The result is a glitch reminiscent of the Y2K bug, when cataclysmic crashes were feared if computers interpreted the year 2000 as 1900 and couldn't reconcile time appearing to move backward. This bug is much less threatening, but it could cause head-scratching episodes when some computers are an hour off. Software companies have been sending out fixes. Did you get yours?

The Greater Lake Berryessa Region

## Napa County General Plan & Lake Berryessa

The draft General Plan now before the Board of Supervisors has many critical proposed policies of importance to Lake Berryessa residents and businesses. The following is an excerpt from that plan.

\*\*\*\*\*

Within the next few years, the BOR will negotiate new concession agreements for resorts within its jurisdiction, potentially changing the character and clientele of some of the resorts. Also, the BOR has expressed a willingness to structure the new agreements in such a way that Napa County can recoup the cost of services it provides to users of the concession areas (e.g. law enforcement, road maintenance). These changes provide an opportunity for lake communities to re-position themselves as staging areas for the area's recreational amenities. All three communities can accommodate housing for workers at the concession areas, and can provide home-ownership opportunities and lodging types that will not be available within federal jurisdiction. Also, these areas can be re-invented and marketed as destinations, with amenities and local services organized around attractive village centers at Spanish Flat and Moskowite Corners.

Policy Ag/LU-73: Moskowite Corners. Moskowite Corners lies at a critical crossroads and should be viewed as a staging area for the Lake Berryessa recreational area, with affordable housing for those who work in the area and services for residents and travelers. Moskowite Corners, with its winery and vineyards, should also be viewed as a link between Lake Berryessa communities and the viticultural economy of Napa Valley.

Policy Ag/LU-74: Pope Creek. Pope Creek is envisioned as a quiet lakeside refuge and should remain a mostly natural area, with lake view residences and limited commercial uses.

Policy Ag/LU-75: Spanish Flat. Spanish Flat lies at the heart of the Lake Berryessa recreational area and should be viewed as its primary resort community, with affordable housing for those who work in the area and an attractive "village center" providing commercial services to locals and visitors.

Policy Ag/LU-76: The Timing is Right. Upcoming changes at concessions within the BOR's jurisdiction provide an opportunity for the nearby communities of Pope Creek, Spanish Flat, and Moskowite Corners to re-invent themselves. The County invites property owners and others to develop a "vision" for each community that leverages the changes expected within BOR's jurisdiction.

\*\*\*\*\*

Policy Ag/LU-77: Targeted Re-Investments. If the County is successful at recouping the cost of services provided to concessionaires at Lake Berryessa, either through collection of transit occupancy taxes or in lieu fees, a percentage of those funds should be invested in infrastructure and services benefiting communities within County jurisdiction at the Lake.

Policy Ag/LU-78: New Zoning. The County may consider property owner-initiated requests for rezoning of developable land (<30% slope not currently in agricultural use) within areas of Pope Creek, Spanish Flat, and Moskowite Corners that are designated as nonagricultural on the General Plan Land Use Map for recreational mixed-use zoning and development. (Derived from Current Land Use Policy 5.3 about Spanish Flat)

Policy Ag/LU-79: Removing Barriers. The County will seek to identify current barriers to economic development in the mixed-use communities near Lake Berryessa and identify ways to remove those barriers and encourage revitalization.

Policy Ag/LU-80: Signs and Streetscape Improvements. Signs directing visitors to Lake Berryessa communities, signs announcing arrival in those communities, and streetscape improvements within the village centers of Spanish Flat and Moskowite Corners are all important to the identity and success of these communities. (Please see also the Community Character Element.)

Policy Ag/LU-81: Infrastructure Needs. Well maintained roads, modern energy transmission and telecommunications infrastructure are critical ways to connect Lake Communities to the rest of Napa County. Policy Ag/LU-82: Trails. Hiking trails linking the communities of Lake Berryessa to the lake and to other visitor services shall be considered integral area amenities, and be located appropriately to avoid impacts to residential areas.

Policy Ag/LU-83: Small Business Assistance & Workforce Housing Development Assistance. County programs related to small business assistance, workforce development, and affordable housing development should be reviewed periodically to ensure they are effectively targeted to lake communities.

Policy Ag/LU-84: Marketing. The County shall work with the Lake Berryessa Chamber of Commerce and others to ensure that the lake, its recreational amenities and visitor services are included in marketing materials developed for the County as a whole.

Policy Ag/LU-85: Local Representation. Community participation is a vital component of good government and the Napa County Board of Supervisors would welcome establishment of a regular community forum or community organization by residents and property owners in the Lake Berryessa area. Recognizing the limited role of government in community stewardship, such a forum or organization could function as a valuable partner in efforts to monitor and understand market conditions at the Lake and market local businesses.

**Please Bring pets on a leash.**

A burglar broke into a house one night. He shone his flashlight around, looking for valuables, and when he picked up a CD player to place in his sack, a strange, disembodied voice echoed from the dark saying "Jesus is watching you."

He nearly jumped out of his skin, clicked his flashlight out and froze. When he heard nothing more after a bit, he shook his head, clicked the light back on and began searching for more valuables.

Just as he pulled the stereo out so he could disconnect the wires, clear as a bell he heard, "Jesus is watching you." Freaked out, he shone his light around, looking for the source of the voice. Finally, in the corner of the room, his flashlight beam came to rest on a parrot.

"Did you say that?" he hissed at the parrot. "Yep," the parrot confessed, "I'm just trying to warn you."

The burglar relaxed. "Warn me, eh? Who the hell are you?" "Moses," replied the bird. "Moses," the burglar laughed. "What kind of stupid people would name a parrot Moses?"

"Probably the same kind of people that would name a Rottweiler Jesus," the bird answered.

**PLEASURE COVE MARINA**

## **on Lake Berryessa**

Invites your exploration.

Gliding along its water, or from its shore, camped in the best possible place for the best sweeping view. Located on the southwestern shores.

Pleasure Cove Marina provides you access to Lake Berryessa with watercraft and houseboat rentals, lake side camping retail store, fuel, slip rentals and launch ramp.

**Fishing With Sid**

I got to the lake late Friday evening and it was cold. My wife and I were fishing early the next morning with our fishing club and we had to be out by first light and boy was it ever cold! I decided our best game plan was to head out towards the BOR and fish the three points. As I was heading in that direction I saw the water conditions were pretty rough so I decided to head toward the

ranch house. It turned out to be a good choice, calmer water, but only one small keeper. I thought we would do better at the vineyards so off we went again. When we reached the vineyards there were quite a few boats there but one by one they all took off because the water conditions got very rough we finally had to leave to as the wind picked up and made it impossible to control the boat. I thought the back of big island would be a little

more sheltered and that's where we headed to. It was a good idea because we were able to let the drift carry us along from the shoreline out to 24 feet. We hit all our fish in about 10 to 15 feet of water fishing the bottom slowly. My wife was using her favorite brass and glass with a senco and I was using my "River2Sea" crawdad with my procure crawdad scented gel. We only landed four fish and came in second place. My wife's spotted bass also came in second at 2.7 pounds and the winning fish was 3 pounds. It was a very tough fishing day weather wise but we had a lot of hits and had the water been calmer I think we would have both limited out. 'til next week, good fishing!!!! [www.fishingconnection.net](http://www.fishingconnection.net) If you have any stories you would like to share please email me at [bestguide@hotmail.com](mailto:bestguide@hotmail.com) or call me at 650-583-3333.

\*\*\*\*\*

A beggar walked up to a well dressed woman shopping on Rodeo Drive and said "I haven't eaten anything in four days."

She looked at him and said, "God, I wish I had your will power."

**JOE PRIDMORE Wins National Cutting Horse Association World Finals in the \$10,000 Amateur Class - Also Qualifies for Rookie of the Year!**

At the young age of 16, Joe Pridmore is No. 1 in the world in the National Cutting Horse Association \$10,000 Amateur Class - and he's been cutting for only three years. The Napa High junior is the son of Gil & Kathy Pridmore of Capell Valley.

Joe started cutting almost by accident. His sister, Cori, knew cutting horse trainers, Jason and Dana Haefner, of American Canyon and Joe started helping out around their ranch. The first time on a cutting horse was so much fun that he was hooked.

The challenge of a cutter is to select a single calf from the herd while on their horse, then gently guide the calf into the center of the arena. The cutting duo then prevent the calf from ducking past them and escaping back to the herd. It's a 50/50 partnership where the rider relies on the intelligence and skill of his horse, but also has to be able

Joe works with his horse,  
*Chex Out My Harley*

to read the cow and understand where it and his horse are going. Joe has become a very skilled rider with the balance and strength to work with his horse in those quick tight turns that are so exciting to spectators. And he said he really doesn't feel his guts bouncing around inside him the way it looks

to us from the outside!

2006 was a good year for Joe and Harley. They won both the Pacific Coast Cutting Horse Association \$10,000 Amateur Champion and Rookie of the Year Champion saddles and were third in the PCCHA 2000 Limit Rider. The duo started 2007 with a win in the \$50,000 Amateur Circuit Champions at San Diego. He competed in 34 shows. Ask Gil and Kathy about how they cope with those logistics - it's quite a story. He's traveled to Arizona, Nevada, Oregon, Oklahoma and Texas and would travel more, but maintaining his GPA is a high priority.

Cutting is Joe's favorite sport but he enjoys playing water polo for the Napa High Indians, as well as swim meets. He hopes to continue with all three sports once he graduates in 2008, including water polo at the collegiate level.

**GUARDIAN ANGEL**  
*Angels are all around us.  
 most of us know this.  
 Some are too cynical or  
 busy to notice.  
 Some think they just have  
 wings and fly.  
 but others don't even  
 question why.  
 They look like you and me.  
 They all have a purpose.  
 They are only here to guide  
 us and serve us.  
 How many times have we  
 said."That was close!"  
 and went on to feel  
 depressed and morose?  
 We never even thought of  
 how lucky we are  
 to have these angels  
 provide us with care.  
 So next time you see the  
 beggar on the street  
 remember to greet him and  
 be real sweet  
 For it just might be a test  
 from God  
 to see how loving you'll be  
 to this sot.  
 So get in your car or catch  
 the bus  
 But please don't forget  
 whose watching over us.  
 Thank them and cherish  
 them and give them the  
 praise  
 and you will be blessed the  
 rest of your days  
 ANGEL*

**One day at a time!**  
 I'm not yours and baby  
 you're not mine  
 We've got somethin' that  
 sure is fine  
 Let's take our love one  
 night at a time

There's one thing that we  
 both agree  
 I like you and baby you  
 like me  
 Let's take our love one  
 night at a time

All night, love all night  
 Practice makes perfect  
 gonna get it right  
 Gonna get it right  
 One night at a time

Oh I think about you all  
 day long  
 It feels so good it can't  
 be wrong  
 I've got my fingers  
 crossed that this goes  
 on and on  
 Tomorrow well that's  
 another day  
 Come on baby now  
 whatta ya say  
 Let's take our love one  
 night at a time

All night, love all night  
 Practice makes perfect  
 gonna get it right  
 Gonna get it right

## Lake Berryessa: The First 50 Years and Next Summer

Janet Rogers, the new Park Manager for the Bureau of Reclamation at Lake Berryessa, is a 20 year National Park Service veteran who comes to the lake with a positive vision for its future. She started at Yosemite and worked her way through postings at Kings Canyon, the Grand Canyon, Lake Roosevelt, and lastly at Haleakala, Hawaii. Having experienced that much natural beauty, Janet still acknowledges the unique attraction of the Lake Berryessa view and the lake's recreational potential.

Janet gets here just in time for the 50th anniversary of the construction of Monticello Dam. Several agencies and groups are planning events for the summer and fall, culminating with big celebrations in Fairfield and Lake Solano Park in October. All the resorts and local businesses and residents will be contacted to participate in these Golden Anniversary celebrations. There will be articles and events emphasizing the history of the lake and social and other changes brought about by the creation of Monticello Dam.

But there are other major changes coming to Lake Berryessa this summer. One is the attempt to control the party at the Pope Creek Bridge. Although the summer weekend gathering of hundreds of boats under the bridge has been a lake tradition for decades, the accompanying rowdiness of the people on shore has become more of a law enforcement problem during the last few years. In an attempt to change the reputation of the lake and entice more families to recreate here, the Pope Creek Bridge will be off-limits to all motorized watercraft during the three major holiday weekends this summer, beginning with the Memorial Day weekend. A string of booms will be placed across the entrance to Pope Creek and only kayaks, canoes, and inflatables with no motors will be allowed access. Even electric trolling motors will be banned. The parking lot at the bridge will be open during the day, but closed at night.

Rumors that the jumping rock will be blown up were way off base. In an initial attempt to keep rock jumpers from being injured or killed, the BOR will install signs warning of the danger and discouraging people from climbing onto the rock.

Another major change will be implementing the BOR Record of Decision's requirement to make the Big Island Lagoon a non-motorized zone - except for electric trolling motors. Reclamation hopes to have the required signage and buoys in place by Memorial Day weekend. This will be a permanent year-around change into the future, so the families and other visitors with houseboats and ski boats who used to use it as a refuge from the open water will have to find someplace else to rest.

Karen Wagner, the new Deputy Park Manager, points out that the positive aspect of this change is to encourage more kayakers and canoeists to visit the lake. Karen emphasized that Oak Shores Park has been upgraded with new sun shelters and has a launch ramp for non-motorized watercraft. There's a new brochure describing the Smittle Creek trail. Another upgrade meant to attract visitors and educate them about the lake is the remodeling of the BOR Visitors Center. The remodel is nearly complete and new educational displays will soon be installed. Guest displays will be encouraged.

Janet and Karen are also quite excited about the prospects for refurbishing Camp Berryessa as an environmental education center and family/group camping facility. They and other local community groups and public agencies are investigating possible funding sources to see if this great resource can be upgraded in phases so that the public may be able to enjoy it sooner than later.

On another note, Dan Colda has replaced the late Cleave Dufer as Concessions Management Specialist. Dan is assisted by Patty Blackwell, Concessions Specialist, and Lynne Matthias, Concessions Specialist.

## The Following Notice is scheduled for release on the Internet on

April 1, 2007!

(And remember that everything you read on the Internet must be true!)

### Bureau of Reclamation Releases 50th Anniversary Plans to Raise Monticello Dam

BOR officials announced that, after decades of rumors, Monticello Dam will finally be raised 10 feet as part of their redevelopment plan for Lake Berryessa. Although the rising lake level will help in removing trailers from the seven resorts by floating them away, this is not the primary goal of the plan. Napa County signed away most of its water rights to the lake and now Solano County is being pressured by Budweiser to supply more water to its brewery.

To protect sensitive wildlife habitat (and some private property), the BOR will build a 15 foot tall dike around the shoreline. The Sierra Club, which originally agreed to help fund a 165 mile trail around the lake, agrees that the dike should be the trail: a win-win multi-use solution.

Per Congressman Mike Thompson, since it will be funded at taxpayer expense, the dike will be wide enough for hikers, bikers, horses, motorcycles and ATVs to share. Special launch ramps will be built at the resorts for high water access. Several "put-ins" for kayaks will be spaced around the lake with the newly-designed "Kayak Katapults" for rapid launching of non-motorized watercraft.

Although the Big Island Lagoon will become a non-motorized area beginning this summer, LakeBerryessaHistoryBuffs.com will present several historical re-enactments of hydroplane races and water ski competitions through the Big Island Lagoon as part of the 50th Anniversary celebrations later during the summer.

\*\*\*\*\*

A blonde calls her boyfriend and says, "Please come over here and help me. I have a killer jigsaw puzzle, and I can't figure out how to get it started."

Her boyfriend asks, "What is it supposed to be when it's finished?"

The blonde says, "According to the picture on the box, it's a tiger."

Her boyfriend decides to go over and help with the puzzle. She lets him in and shows him where she has the puzzle spread all over the table.

He studies the pieces for a moment, then looks at the box, then turns to her and says, "First of all, no matter what we do, we're not going to be able to assemble these pieces into anything resembling a tiger."

He takes her hand and says, "Second, I want you to relax. Let's have a nice cup of tea, and then," he sighed....

"Let's put all these Frosted Flakes back in the box."

### **What's Inside: Squirt-On Cheese**

**It's perfect on a cracker, almost too perfect.**

**Explore the secrets of one of the world's most unnatural foods.**

- Whey: The cheese-making process removes 80 to 90 percent of milk's moisture, some of which is in the form of liquid whey proteins. This byproduct is usually thrown out, but Kraft plows it back into Easy Cheese to increase volume (filler!) – and passes the savings along to you.
- Canola oil: Keeps the cheese from solidifying.

• Salt: Increases the osmotic transport of moisture, speeding up the cheese-drying process. It also inhibits bacterial growth – in other words, it's a preservative. Easy Cheese has twice the sodium of typical organic cheddar.

• Sodium citrate: The sodium in this compound exchanges ions with the calcium in the milk and "softens" the water-soluble portion of the cheese, enabling it to mix thoroughly with the fat-soluble component. That's called emulsification. The citric acid-derived citrate boosts the sour "bite" of cheddar.

• Sodium phosphate: Degreaser, preservative, urine acidifier, enema ingredient – is there anything Na<sub>3</sub>PO<sub>4</sub> can't do? Here, it's another emulsifying agent. Proponents of natural cheese cited this additive when lobbying to have Kraft's products regulated as "embalmed cheese." The Feds settled on the less-mortifying "process cheese."

• Calcium phosphate: Sodium phosphate tends to make calcium unavailable to the body. So it's possible that calcium phosphate has to be added to make Easy Cheese healthier. It also makes it legal for Kraft to label every can "an excellent source of calcium."

• Lactic acid: Bacteria, either found naturally in milk or added in the cheese-making process, digest the milk sugar lactose and produce lactic acid. It tastes a little sour, because that's how your taste buds interpret hydrogen ions, a key component of every acid.

• Sodium alginate: Every good processed food has seaweed extract, and Easy Cheese is no exception. Alginate, a gum found in the cell walls of brown algae, is flavorless but increases viscosity.

• Apocarotenal: This yellow-orange pigment, found in spinach and citrus fruits, enhances the color of processed cheese. • The can: Easy Cheese is not a true aerosol – the food never comes in contact with propellant. The can has two sections: The bottom is filled with nitrogen gas, and the top with cheese. Press the nozzle and the nitrogen pressure pushes the cheese out of the can. The nozzle is notched for two reasons: To produce those pretty little floret patterns when the cheese is released, and to ensure that the tasty condiment comes out even if the end of the nozzle is pushed right up against the cracker.

Bass anglers are doing well in 20 feet of water on Lucky Craft Lures. This weekend the north end of the lake, Putah Creek area is the hot spot. The weather has been real nice with good conditions and the clarity of the water has been good! The narrows and coves near Big Island are producing nice Smallmouths.

With surface temperatures close to 50 degrees, the bass bite for smallies is hot. Hit the narrows and coves with your favorite plastics. Troll Needlefish behind a flasher in 5 to 10 feet for trout. The skier's cove shoreline is best. Troll in 8 feet of water on Skiers Cove shoreline and you land 1 to 1.5 lb. Trout. Soak minnows or tiny jigs for crappie early in the morning.

Anglers in the narrows this weekend are hitting Salmon at the 40 foot depth. Pins minnow or Needlefish lures are working well. Crappie still hitting Jigs in early morning hours.

Water temp is at 54 degrees 8 feet from the surface!

Dino Righetti, Spanish Flat Resort Marina, 707-966-7708  
\*\*\*\*\*

A man was riding his Harley along a California beach when suddenly the sky clouded above his head and, in a booming voice, the Lord said, "Because you have TRIED to be faithful to me in all ways, I will grant you one wish."

The biker pulled over and said, "Build a bridge to Hawaii so I can ride over anytime I want."

The Lord said, "Your request is materialistic, think of the enormous challenges for that kind of undertaking; the supports required to reach the bottom of the Pacific and the concrete and steel it would take..! It will nearly exhaust several natural resources. I can do it, but it is hard for me to justify your desire for worldly things. Take a little more time and think of something that could possibly help mankind."

The biker thought about it for a long time. Finally, he said, "Lord, I wish that I and all men could understand our wives..; I want to know how she feels inside.., what she's thinking when she gives me the silent treatment.., why she cries.., what she means when she says: "Nothing's wrong"..., and how I can make a woman truly happy..!"

The Lord replied, "You want two lanes or four on that bridge?"

**Aunt Karen**

The teacher gave her fifth grade class an assignment: Get their parents to tell them a story with a moral at the end of it. The next day the kids came back and one by one began to tell their stories.

"Tony, do you have a story to share?" "Yes ma'am. My daddy told a story about my Aunt Karen. She was a pilot in Desert Storm and her plane got hit. She had to bail out over enemy territory and all she had was a flask of whiskey, a pistol and a survival knife."

She drank the whiskey on the way down so it wouldn't break and then her parachute landed right in the middle of twenty enemy troops.

She shot fifteen of them with the gun until she ran out of bullets, killed four more with the knife, till the blade broke, and then she killed the last Iraqi with her bare hands."

"Good Heavens" said the horrified teacher. "What kind of moral did your daddy tell you from this horrible story?"

"Stay the hell away from Aunt Karen when she's drinking."

### Berryessa Senior News - March, 2007

#### PRESIDENTS MESSAGE

A great time was had by all at February's Pot Luck and there was a larger group, probably because we are now holding them on Saturday night. The Pork Loin's were done to perfection. Thank you Judy and Dave Lindsey. Next year we are planning the Crab Feed for sometime in February due to availability and the cost of crab.

As of February 14, we have 109 paid members including our lifetime member Elsie Plunkett. There are still a few of you out there who have not renewed your membership. We are always looking for ways to create fund raisers. If any of you have any ideas or have a new item you would like to donate to the Center for a raffle, leave me a message at the Center and I'll get back to you.

#### MARCH POT LUCK

This month's potluck will be held on Saturday, March 17, St.Patrick's Day. Corned Beef and Cabbage and all the trimmings will be provided by the Center. As in the past, the festivities will begin at 6:00 pm with your favorite libation then dinner being served at 7:00 pm. If you plan on attending and would like to bring an appetizer and/or a dessert to share with at least 6 people, please do so. There will also be an Easter Basket Raffle that evening. A sign up sheet is located at the entrance to the Center.

#### PACKAGES FOR THE TROOPS

Effie Macholz is still in the process of assisting Walter Reed Hospital with donations in the form of games, puzzles, non-perishable goodies and fun stuff to be given to the amputees there. If you have any such items please let her know or drop your donations of at the Center.

#### REPORT ON FELLOW MEMBERS

A "Celebration of Life Memorial Service" for Jack Wilson will be held on March 31 at 4:00pm at the Gaia Napa Valley Hotel and Spa located at 3600 Broadway Street, American Canyon. A buffet dinner will follow the service. Please notify Georgia Craddock at 707 966 2127 or if she is unavailable call Rosemary Wilson at 707 557 4519 with the number of people in your party so the hotel will have a headcount for the buffet.

#### UPCOMING EVENTS

The Scenic Limited Western Railway Museum train will depart in April. It is a 10 mile round trip from Rio Vista Junction south through the rolling Montezuma Hills on a restored electric rail cars. More information is coming.

April 12, a day trip is being planned to the Indian Casino.

May 10, Brown bag lunch at Clines Winery and a tour of the California Missions Replica Museum at the winery. No fee. Car pool.

May 19, Breakfast Potluck. 9:00am – 11:00am. Bring a breakfast dish to share.

There will be a sign up sheet for each of these events located at the entrance of the Senior Center for those of you interested or call Georgia Craddock at 966-2127.

Happiness is like a butterfly. The more you chase it, the more it will elude you. But if you turn your attention to other things, it comes softly and sits on your shoulder.

\*\*\*\*\*

Data released by the US census bureau forecasts that Americans will spend a total of 65 days watching TV next year and 41 days listening to the radio. A week each will be given to reading newspapers and surfing the internet. All that reading, surfing, and listening will occupy 3, 518 hours of the average American adult's year - the equivalent of almost five months. Considering that working a 40 hour week for 52 weeks in a year adds up to 2,080 hours plus 8 hours of sleep a day gives 2,920 hours, the total comes to 8,518 hours! But there are only 8,760 hours in a year. That leaves only about 240 hours (10 days) for the rest of life!

### Jack Edward Wilson

October 17, 1932 - February 12, 2007

Jack Edward Wilson passed away on February 12, 2007 at Kindred Acute Care Hospital in Folsom, California. He had spent 20 1/2 months in hospitals and acute care facilities due to errors and complication following a five-way bypass on May of 2005.

Jack is survived by his loving wife, Rosemarie Wilson, of 52 years, his four living children, Eileen Wilkerson of Pacifica, Holly Lessa of Vacaville, Cori Badertscher of American Canyon, Amy Heikura of Vacaville and eight grandchildren, Melonie Wilkerson, Sergeant Clint Wilkerson, Dominic Lessa, Sara Lessa, Gary Badertscher, Angelique Badertscher, Katie Heikura and Jenni Heikura. Jack is also survived by his brother Bob Wilson, brother Don Wilson and sister Bev Prange.

Jack graduated from Jefferson High School in 1950 and then served as a Sergeant in the Marine Corps during the Korean Conflict, where he taught radio procedures. Upon returning home he met and married the love of his life, Rosemarie, on February 21, 1955. Jack and Rosemarie bought a home in Pacifica, CA. Jack worked 11 years for Safeway, as a clerk, produce manager and later worked 30 years for Central Food Market in Pacifica as a clerk, produce manager and store manager. Jack and Rosemarie had six children, Eileen, Holly, Cori, Jonna, Amy and Jack Junior.

Jack retired in 1993 to Lake Berryessa, California where he had a custom built home in which he and Rosemarie lived for ten years. He was an avid gardener, senior center treasurer, and Water District Director during his residence at Lake Berryessa. Throughout his life he enjoyed fishing, camping, football, gardening, gambling in Reno, Nevada, John Wayne movies, hamburgers and frosties. He was a devoted, wonderful husband and father, who will be missed by all.

To thank the readers of The Lake Berryessa News for their support, The Corners is offering a free birthday dinner to anyone whose birthday appears in The Lake Berryessa News! So send us that birthday announcement for your special person and treat them to a great free meal at The Corner Cafe.

A woman came home, screeching her car into the driveway, and ran into the house. She slammed the door and shouted at the top of her lungs, "Honey, pack your bags. I won the lottery!"

The husband said, "Oh my God! What should I pack, beach stuff or mountain stuff?" "Doesn't matter," she said. "Just get out."

**Walk to d'Feet ALS -**

**Saturday, March 24 at 12 noon  
at the Winters Central Park (Main & 4<sup>th</sup> Street)**

Article by Janet Martin

**What is ALS**

ALS (Amyotrophic Lateral Sclerosis) is a disorder that affects the function of nerve cells in the brain and the spinal cord. Motor neurons reach from the brain to the spinal cord and from the spinal cord to the muscles throughout the body. The progressive degeneration of the motor neurons in ALS eventually leads to their death. When the motor neurons die, the ability of the brain to initiate and control muscle movement is lost. With voluntary muscle action progressively affected, patients in the later stages of the disease may become totally paralyzed. Yet, through it all, for the vast majority of people, their minds remain unaffected.

**My brother, Bob Martin is living with ALS.**

Our first reaction to the diagnosis last spring was one of shock and disbelief. This couldn't be happening; surely, his falls were being caused by his bad back or his bad knee, or both. Through exhaustive diagnostic testing, including an EMG, CT Scan, MRI and blood work, (there is no specific clinical test that can identify ALS), we were left with the stark reality that Bob's life, nor the lives of his family and friends would ever be the same. What has remained the same, but more abundant since ALS, is the love and support he receives from countless friends and family. For this he is forever grateful. Bob not a quitter or a whiner and he uses every ounce of energy to remain as independent as he can. His humor is boundless and contagious; no one is spared from his antics and jokes.

**ALS Association Greater Sacramento Chapter**

Nathanael Lucero, with the help of Winters resident and ALS Volunteer, Cheryl Felsch, has organized the local walk as his Winters High School Senior Project. BBQ hamburgers, hot dogs, chips, cookies and sodas will be available for purchase after the walk. All proceeds will benefit the ALS Association Greater Sacramento Chapter which provides support and resources to 24 counties. You can visit their web site at [www.assac.org](http://www.assac.org)

Please support Nathanael's project and the ALASA- Sacramento Chapter by joining in on the walk or sponsoring Shirl of The Lake Berryessa News 6244 Hwy 128, Napa, 94558.

Make checks payable to ALASA-Sacramento Chapter. In the memo on the check "In honor of Bob Martin" Pictured below is Shirl with her Uncle Bob.

See you there whether you come to walk or just come to eat.

**Big Fish record  
shattered!**

Nobody that has ever fished one of the Future Pro Tour's past four season openers on Lake Berryessa would have ever doubted that a double-digit largemouth bass would be caught by some angler pre-fishing for the fifth opening season event on March 24 at Spanish Flat Resort. But few - including Jason Milligan and Michael Wright - would have ever imagined there would be a fish brought to the scales during competition that

would set an all-time big fish record for an FPT event.

"I'm still shaking from the experience", said a wide-eyed jubilant Michael Wright, who was responsible for netting the **14.89 pound** largemouth. "We had about 13 pounds at about noon, and were looking to upgrade, as we knew 13 pounds would probably only put us in the top ten", he added. "We decided to start throwing big swimbaits with the hopes of catching a big one and when we saw that fish come out of the water we new we had it won".

Heidi Scott photo - see more photos on Page 9.

**Llamas Llike the Llake too!**

### What's In: Fix - a - Flat?

Sticky, stinky gunk that'll keep you rolling a few more blocks.

#### TETRAFLUOROETHANE

A type of fluorocarbon that doesn't deplete the ozone layer, TFE is found in everything from cryogenic tissue kits to car air conditioners. Here it's used as a tire inflator, a drying agent, and a propellant for the other ingredients. Unfortunately, it's also a green house gas that's been implicated in abnormal testicular growth in rats you must have some serious cojones to keep using it.

**HEAVY AROMATIC SOLVENT NAPHTHA** It's not called aromatic because it smells (though it does - like petroleum). Aromatic is a scientific term referring to any molecule with one or more hexagonal rings of six carbon atoms. They can be unusually stable and powerful solvents for other hydrocarbons. Since naphtha is a mixture of medium-weight aromatic rings in the C9-to-C16 range (extra carbon atoms can hang off the sides of the main structure), it easily dissolves smaller carbon compounds like simple plastics but won't harm larger polymers like styrene-butadiene (synthetic tire rubber).

#### AROMATIC RESIN

Aromatic hydrocarbon resins are sticky substances made almost exclusively of C9 monomers (small molecules that can join with other molecules to form polymers). They are commonly used as epoxies and adhesives and, like naphtha and amorphous polyolefins (below), they are found in partially distilled crude oil. Usually all these substances would be further processed and separated, but keeping the resins, naphtha, and polyolefin together works like magic here. How so? Read on.

#### AMORPHOUS POLYOLEFIN

In the can, this shapeless mass of polymeric olefins (low-density plastics like polypropylene and polyethylene) remains dissolved in the heavy aromatic naphtha. But once Fix-a-Flat is sprayed into the tire, the plastics coat the inner surface and plug the leak. Then the sticky aromatic resins keep them in place. The TFE dries the resins and polyolefins, and you drive to the nearest service station to get your tire repaired.

#### Napa Wine Quote of the Month

"It's a naïve Sonoma Chardonnay without any breeding, but I think you'll be amused by its presumption."

#### Sonoma Wine Quote of the Month

"Remember, Sonoma means wine, Napa means auto parts."

### THINGS YOU WOULD LOVE TO SAY OUT LOUD AT WORK

How about never? Is never good for you?

I see you have set aside this special time to publicly humiliate yourself. I don't know what your problem is, but I'll bet it's hard to pronounce. I am really easy to get along with once you people learn to see it my way. I am out of my mind at the moment, but feel free to leave a message. I don't work here - I'm a consultant.

It sounds like English, but I don't understand a darn word you're saying.

Ahhh, I see the screw-up fairy has visited us again.

I like you. You remind me of myself when I was young and stupid.

You are validating my inherent mistrust of strangers.

I have plenty of talent and vision; I just don't give a damn.

I am already visualizing the duct tape over your mouth.

I will always cherish the initial misconceptions I had about you.

Thanks! We're all refreshed and challenged by your unique point of view.

The fact that no one understands you does not mean you are an artist.

Any connection between your reality and mine is purely coincidental.

What am I? Flypaper for freaks?

I'm not being rude. You're just insignificant.

It's a thankless job, but I've got a lot of karma to burn off.

Yes, I am an agent of Satan, but my duties are largely ceremonial.

I started out with nothing and still have most of it left.

Sarcasm is just one more service we offer.

If I throw a stick, will you leave?

Whatever kind of look you were going for, you missed.

A cubical is just a padded cell without a door.

Chaos, panic and disorder. My work here is finally done.

How do I set the laser printer to STUN?

I thought I wanted a career. It turns out I just wanted a salary.

I'll try being nicer if you try being smarter.

\*\*\*\*\*

The only vegetable or fruit never sold frozen, canned, processed, cooked, or in any other form but fresh (Can yo imagine what it might taste like?!) **Lettuce.**

**AND THE WINNER of the 2006 Stella Award**

Even though Heckard is 3 inches shorter, 25 pounds lighter, and 8 years older than former basketball star Michael Jordan, the Portland, Oregon, man says he looks a lot like Jordan, and is often confused for him -- and thus he deserves \$52 million "for defamation and permanent injury" -- plus \$364 million in "punitive damage for emotional pain and suffering", plus the SAME amount from Nike co-founder Phil Knight, for a grand total of \$832 million. He dropped the suit after Nike's lawyers chatted with him, where they presumably explained how they'd counter-sue if he pressed on.

**Other Strange Lawsuits**

Cops in Milwaukee say they have to wear a uniform on the job, yet the city doesn't pay them for the time it takes them to get dressed. They not only demand to be paid for that time, but to get back pay for all the time they took to get dressed in the past

A couple in Minnesota didn't buckle their kid into a car seat properly and got in an accident, and the child was injured. Even though it was their own fault, they got their 8-year-old child to sue them so they could get a bigger payout from their auto insurance.

Family whose dog was run over doesn't sue over the property value of the dog, but rather \$1.625 million for "loss of companionship".

### Fishing With Sid

I had a very productive fishing weekend a week ago. On Friday my wife and I headed out mid-morning to the east side of the lake. Where we had planned to start fishing there were boats pre-fishing for the "Future Pro" Tournament. So instead of starting at our usual point we went on the side across from the point. It was a very good decision. The bottom was hard ground and grass, fairly shallow with an access to deep water. We fished the ridge and by the time we came to the point, we had a limit. We fished it again and caught a few more. Most of our favorite spots were being fished so we headed towards the vineyards hoping it wouldn't be too packed with boats. When we got there it

was pretty empty so we set up in eight feet of water and positioned the boat to drift with the breeze. We landed some nice size bass. Again my wife used her favorite brass and glass with a senko (with great success she landed five bass on her own) while I used various tackle but landed most of my fish with plastics. Our total weight for the best five fish for the day was fourteen lbs. three ounces.

On Saturday we left at about the same time. The water was a lot rougher and the wind had picked up. We decided to fish in the Monticello Ski Club cove hoping it would be sheltered from the wind. The total weight for that day for five fish was ten pounds one ounce. Of the total 160 boats that were in the "Future Pro Tournament" the winner weighed in five fish for a total of twenty-two pounds!!!!!! One bass weighed fourteen pounds!!!!!!

Sunday I thought I would stay by the dock and relax. I saw a small boat fishing in the marina with three people on it. Of course I asked them how they were doing and they said they had no luck. I asked if they would like to follow me and I would show them where the fish are and hopefully how to catch them. I took the young lady on my boat and the two guys followed us in their boat. I took them to one of my favorite coves and showed them the tackle that had been working well for me and my wife all weekend long. The two guys had a double hook-up but the bass were under-size. Then I picked up a two pound bass.

Going to about four feet of water I gave May a minus one lure that only sinks down to a foot and she trolled it behind the boat. She got a bite and brought it to the boat. It was a bass and she was so excited that she left slack in the line and you guessed it the fish spit it out. Learning the first lesson, she tried again and caught a trout which she brought to the boat and picked it up and it shook free. She had a few more hits and finally was able to land a trout. As we were heading back to the Marina, I threw out a "Lucky Craft" similar to a rattle trap and let her hold it. She yelled out that she was stuck and I said no it's a fish we are in deep water. She reeled in a two plus pound bass and this one made it into the boat. She is now hooked on fishing!! 'til next week...good fishing!!!!!!

**ALS Walk A Thon**

When choosing my senior project I thought about many different ideas. I never anticipated holding a walk and BBQ that would result in over \$5,000 in donations towards ALS (Lou Gehrig's Disease) research and patient services. On Saturday, March 24, 2007, with support from the ALSA Greater Sacramento Chapter, I held a walk at the Winters City Park. In an effort to raise awareness and provide support to local patients and caregivers, we sold ALS merchandise, barbequed, and set up chairs and tables for people to relax and just hang out and visit.

I was truly inspired when I saw the support of the community and everyone walking around the park, but to see the patients and their families, with smiles on their faces, walking made me realize the reason all of this was brought together. Thank you all for coming out and not only supporting my senior project, but making a difference in people's lives.

**Nathanael Lucero  
Winters Senior High School**

As Nathanael's senior project mentor and a member of the Board of the ALSA Greater Sacramento Chapter, I would like to personally thank him for all his efforts in making the walk and BBQ a fun and successful day for all who participated. I heard many comments of thanks and complements made to Nathanael for being an inspiration to other young people. It was clear to many of us that day that "one person can make a difference" in the lives of others. Again, thanks to all of you who participated, provided sponsorships and donations to support the event and patients living daily with ALS.

**Berryessa Shoreline Getting a Clean Look for Summer**

Lake Berryessa users are invited to clean up the trash on the shoreline on **Saturday, May 19th**, the weekend before the big Memorial Day Weekend rush. Volunteers can show up with their boats, PWCs, kayaks, canoes, or on foot, at one of 4 check-in locations around the lake.

The Lake Berryessa Shoreline Clean-Up will run from 9:00 AM until Noon, with check-in starting at 8:30 AM. After checking in, PWC, Boat, Paddle, & Hiking groups will be given maps and sent out to different parts of the lake, depending on how accessible the shoreline area is. Participants are encouraged to pre-register so organizers can make sure there are enough volunteers at each station.

Prizes donated by local businesses will be given out in each zone for the Most Unique & Largest pieces of trash, and to whomever fills the most bags. Be sure to bring your digital camera or cameraphone so you can take pictures as proof. This First Annual Shoreline Clean-Up is sanctioned & supported by our local Bureau of Reclamation office, and coordinated by local businesses & community groups.

For more information, including maps & entry forms, go to [www.LakeBerryessaNews.com/cleanup.htm](http://www.LakeBerryessaNews.com/cleanup.htm), or call the volunteer coordinator, Evan Kilkus, at 707-966-3010.

### Rancho Monticello Resort Announces Compliance with International Environmental Standard

Rancho Monticello, the largest family-owned and run resort at Lake Berryessa, has implemented an Environmental Management System meeting the requirements of ISO 14001, the internationally-recognized environmental management standard being used by leading companies around the world.

Although Rancho Monticello has long been dedicated to protecting the Lake Berryessa environment and has received several letters of appreciation from the Bureau of Reclamation and the Napa County Sheriff for its lake cleanup efforts, meeting a stringent international environmental standard has additional benefits.

Butch White, President of Rancho Monticello Resort, stated, "Implementing ISO 14001 is not only consistent with our internal business plan, it provides assurance to our customers and to the local community that we will continue to be leaders in the future development of environmentally-sustainable recreational opportunities at the lake."

Rancho Monticello's ISO 14001 compliance is the result of an intensive six month process in which every environmental impact of resort operations was analyzed in detail and a full operational audit performed. The resort was assisted in this process by Berryessa Environmental Management Systems, a local Lake Berryessa consulting firm.

Procedures were updated, environmental objectives determined, and management programs developed or extended, including an Energy Efficiency Program, Environmentally Preferable Purchasing Policy, Resort Recycling Program, California Clean Marinas Program, and Guidelines for Environmentally Sustainable Design and Construction and Road Maintenance.

Bob White, Chief Financial Officer, is proud of both Rancho Monticello's commitment to the environment and its commitment to family recreation. "It is appropriate that we announce our compliance to ISO 14001 as part of Earth Day-2007 on April 22. We are not only an environmentally-friendly resort, we are the premiere family-friendly resort at the lake. From our decision to not use any styrofoam materials to our implementation of wireless internet access on our Café deck, we are dedicated to meeting the evolving recreation desires of contemporary families."

\*\*\*\*\*

Berryessa Environmental Management Systems is dedicated to assisting private businesses, public agencies, and non-governmental organizations in minimizing their "Ecological Footprint" by developing practical programs based on ISO 14001, the recognized international standard for Environmental Management Systems. Contact: Peter Kilkus, 1515 Headlands Drive, Napa, CA 94558, (415) 307-6906, PKilkus@aol.com, www.BerryessaEnvironmental.com

### Firewise kicks off 2007 Wildfire Awareness Season

With the onset of the 2007 wildfire season, Napa Firewise celebrates its third year as a community-based fire prevention program. The program is designed around the life-safety needs of county residents living in high fire risk communities like Angwin, Deer Park, Dry Creek/Mt. Veeder, Pope Valley, Berryessa Highlands and Circle Oaks.

The goal of Napa Firewise is to raise the awareness in the community to the dangers wildland fire poses and to provide the knowledge and tools necessary to survive. April is not too early to begin defensible space planning and construction. The law requires a 100 foot defensible space zone around your home or structure as the minimum. While sometimes difficult to achieve,

there are ways to accomplish this goal. If you have any questions about defensible space regulations or construction, visit the Firewise Web site at [www.co.napa.ca.us/](http://www.co.napa.ca.us/), or call the Napa Firewise hotline at 967-1426.

To make defensible space easier to achieve this season, Napa Firewise is once again offering a free chipping program to county residents. The big change in this season's service is that we will provide chipping all season long. You can deposit as many piles as you like from May 1 to August 31. To sign up for this year's chipper program and/or a free defensible space evaluation, we have created an online form on the Firewise web site <http://www.co.napa.ca.us/firewise/index.html>. Those without internet access can call the Firewise line at 707 967-1426 to leave their information.

• Contact Napa Firewise at 967-1426, e-mail us at [napafirewise@co.napa.ca.us](mailto:napafirewise@co.napa.ca.us), or visit our Web site at [www.co.napa.ca.us/firewise](http://www.co.napa.ca.us/firewise) to register. Leave your name, phone number, e-mail address, mailing address and parcel (APN) number, and chipping site address if the pile location is not the same as your mailing address.

• Maximum individual pile size is 20 feet long by 6 feet high by 10 feet deep. Multiple piles are acceptable. Materials to be chipped should be left at the public road location with cut ends pointing toward the access road.

• The chipper will only take stock that is between 1/2 inch to 6 inches in diameter. The chipper will not accept vine materials such as poison oak, blackberry bushes, garbage or materials that will bind the chipper. Chipped vegetation will be left on the ground for decomposition.

This service is not intended for general land clearing. For a list of locations where chipping is available, visit the Napa Firewise Web site at [www.co.napa.ca.us/firewise](http://www.co.napa.ca.us/firewise) and click on the chipping tab. The Web site also contains information on how to obtain a free (\$100 value) defensible space evaluation of your home

Meetings and  
Banquets.

### PANTHENOL

This is the alcohol variant of pantothenic acid, aka vitamin B5. In a living cell, it becomes a component of coenzyme A, which helps repair the skin's plasma membranes. Attention Chernobyl-area residents: It also protects against gamma radiation from nuclear fallout.

### RETINYL PALMITATE

Nonchemists call this vitamin A, which benefits bone growth and night vision when it's ingested. Here it fights acne and other skin disorders.

### ASCORBIC ACID POLYPEPTIDE

You know it as vitamin C. In lab tests, ascorbic acid generated an eight-fold increase in the production of collagen, which helps prevent wrinkles. It's also a powerful antioxidant that neutralizes free radicals (highly reactive molecules that can damage the skin's surface).

### OCTYL METHOXY-CINNAMATE

Another sunscreen ingredient, this compound absorbs light in the 280- to 320- nanometer range, the ultraviolet-B part of the spectrum. This type of blocker is a fairly recent addition to lotion - the ozone layer used to stop UVB rays.

### XANTHAN GUM

This natural additive gets around more than Paris Hilton. It provides a smooth, pillow-like texture in just about everything - from toothpaste and ice cream to rust dissolver.

### Fishing With Dino

It was very windy this week at the lake. A little rain came in also! Lots of King Salmon coming in from the 45 to 90 foot depths. The dam area to the narrows is working well. Use a Seps flasher 3/0 with an Apex or Needlefish behind it and it is working great! Smallmouth Bass that are 2 to 3 lbs are off the rocky points in the Narrows. Senkos are working this week. Roboworms are getting good hits also. Lots of Crappie coming in to Cappell Cove area near the brush and trees. Use Red & White Jigs off the bottom. Early mornings are the best for Crappie! Troll for your Trout using Needlefish or Apex this week. Reports are surfacing up to 25 feet from the surface. Skiers Cove shoreline still is the hot spot. Water temp is 58 degrees, 6 feet from the surface.

Dino Righetti  
Spanish Flat Resort Marina, 707-966-7708

### Free Garden Labor

An Old Italian man lived alone in the country. He wanted to dig his tomato garden, but it was very hard work as the ground was hard. His only son, Vincent, who used to help him, was in prison. The old man wrote a letter to his son and described his predicament.

Dear Vincent,

I am feeling pretty bad because it looks like I won't be able to plant my tomato garden this year. I'm just getting too old to be digging up a garden plot. If you were here my troubles would be over. I know you would dig the plot for me.

Love Dad

A few days later he received a letter from his son.

Dear Dad,

Not for nothing, but don't dig up that garden. That's where I buried the BODIES.

Love, Vinnie

At 4 a.m. the next morning, FBI agents and local police arrived and dug up the entire area without finding any bodies. They apologized to the old man and left. That same day the old man received another letter from his son.

Dear Dad,

Go ahead and plant the tomatoes now. That's the best I could do under the circumstances.

Love, Vinnie

Q: How do you amuse a blonde for hours?

A: Write 'Please turn over' on both sides of a piece of paper

Q: How do blonde braincells die?

A: Alone.

These Lake Berryessa Estates homes are ideal vacation or full-time residences. There's nothing like Pope Valley!

**Happy Birthday  
To My Sweet Granddaughter  
Crystal Ball  
Love Grandpa Purcey**

The sentence: "The quick brown fox jumps over the lazy dog" uses every letter of the alphabet. (Now, you KNOW you're going to try this out for accuracy, right?)

The words 'racecar,' 'kayak' and 'level', radar are the same whether they are read left to right or right to left (palindromes). (Yep, I knew you were going to "do" this one.)

What Do You Get From a Pampered Cow?  
Spoiled Milk.

**Ha! Ha! Harvey**

1. Two antennas met on a roof, fell in love and got married. The ceremony wasn't much, but the reception was excellent.
2. A jumper cable walks into a bar. The bartender says, "I'll serve you, but don't start anything."
3. Two peanuts walk into a bar, and one was a salted.
4. A man walks into a bar with a slab of asphalt under his arm and says, "A beer please, and one for the road."
6. Two cannibals are eating a clown. One says to the other, "Does this taste funny to you?"

What Kind Of Coffee Was Served On The Titanic? Sanka

I am only as strong as the caffeine I drink, the hair spray I use and the girlfriends I have.

Here's to you!

Why do we only have parties for each other when one of us gets married, pregnant, has a birthday, or retires?

What would most of us do without our sisters, confidants, and shopping, lunching and traveling girlfriends?

Let's celebrate each other for each other's sake! If you get this twice or more, you are lucky to have more than one girlfriend.

Someone will always be prettier. Someone will always be smarter. Their house will be bigger. They will drive a better car. Their children will do better in school.

And their husband will fix more things around the house. So let it go, Be Happy! And love yourself and your circumstances.

Think about it. The prettiest woman in the world can have hell in her heart. And the most highly favored woman on your job may be unable to have children. And the richest woman you know... she's got the car, the house, the clothes.... might be lonely. And the word says "if I have not Love, I have nothing." So, again, love you. Love who you are. Look in the mirror in the morning and smile and say, "I am too blessed to be stressed and too anointed to be disappointed!" "Winners make things happen. Losers let things happen." "To the world you might be one person, But to one person you just might be the world". ANGEL

**Fresh Asparagus & Chicken casserole**

- 1 (8 ounce) package egg noodles
- 1 1/3 tablespoons olive oil
- 1 onion, chopped
- 1 cup chopped, cooked chicken meat
- 1 red bell pepper, chopped
- 2 stalks celery, chopped
- 1 cup chicken stock
- 1 1/2 cups sour cream
- 1/2 teaspoon dried oregano
- 1 pound fresh asparagus, trimmed and cut into 2 inch pieces
- 8 tablespoons grated Parmesan cheese, divided

**DIRECTIONS**

1. Preheat oven to 350 degrees F (175 degrees C). Lightly grease a 1 1/2 quart casserole dish.
2. Cook noodles in a large pot of boiling water for 5 minutes, or until almost tender. Drain, and rinse under cold water.
3. Heat the olive oil in a heavy skillet over medium heat. Cook onion for 4 to 5 minutes, stirring frequently. Add chicken, red bell pepper, celery, and chicken stock. Bring to a boil, and simmer for 5 minutes. Stir in sour cream and oregano.
4. Spread half of the chicken mixture into the prepared dish. Arrange asparagus over chicken, spread cooked noodles evenly over asparagus, and top with the remaining chicken mixture. Sprinkle with Parmesan cheese.
5. Bake 30 minutes in the preheated oven, until lightly brown.

### Mother's Day - May 13: I OWE MY MOTHER

1. My mother taught me TO APPRECIATE A JOB WELL DONE.  
"If you're going to kill each other, do it outside. I just finished cleaning."
2. My mother taught me RELIGION.  
"You better pray that will come out of the carpet."
3. My mother taught me about TIME TRAVEL.  
"If you don't straighten up, I'm going to knock you into the middle of next week!"
4. My mother taught me LOGIC.  
"Because I said so, that's why."
5. My mother taught me MORE LOGIC.  
"If you fall out of that swing and break your neck, you're not going to the store with me."
6. My mother taught me IRONY.  
"Keep crying, and I'll give you something to cry about."
7. My mother taught me about the science of OSMOSIS.  
"Shut your mouth and eat your supper."
8. My mother taught me about CONTORTIONISM.  
"Will you look at that dirt on the back of your neck!".
9. My mother taught me about STAMINA.  
"You'll sit there until all that spinach is gone."
10. My mother taught me about HYPOCRISY.  
"If I told you once, I've told you a million times. Don't exaggerate!"
11. My mother taught me about BEHAVIOR MODIFICATION.  
"Stop acting like your father!"
12. My mother taught me about ENVY.  
"There are millions of less fortunate children in this world who don't have wonderful parents like you do."
13. My mother taught me about ANTICIPATION.  
"Just wait until we get home."
14. My mother taught me about RECEIVING.  
"You are going to get it when you get home!"
15. My mother taught me MEDICAL SCIENCE.  
"If you don't stop crossing your eyes, they are going to get stuck that way."
16. My mother taught me ESP.  
"Put your sweater on; don't you think I know when you are cold?"
17. My mother taught me HUMOR.  
"When that lawn mower cuts off your toes, don't come running to me."
18. My mother taught me HOW TO BECOME AN ADULT.  
"If you don't eat your vegetables, you'll never grow up."
19. My mother taught me GENETICS.  
"You're just like your father."
20. And my favorite: My mother taught me about JUSTICE.  
"One day! you'll have kids, and I hope they turn out just like you!"

### Join the Lake Berryessa Shoreline Clean-Up

Lake Berryessa users are invited to clean up the trash on the shoreline on **Saturday, May 19th**, the weekend before the big Memorial Day Weekend rush. Volunteers can show up with their boats, PWCs, kayaks, canoes, or on foot, at one of 4 check-in locations around the lake.

The Lake Berryessa Clean-Up will run from 9:00 AM until Noon, with check-in starting at 8:30 AM. After checking in, PWC, Boat, Paddle, & Hiking groups will be given maps and sent out to different parts of the lake, depending on how accessible the shoreline area is. Participants are encouraged to pre-register so organizers can make sure there are enough volunteers at each station.

Prizes donated by local businesses will be given out in each zone for the Most Unique & Largest pieces of trash, and to whomever fills the most bags. Be sure to bring your digital camera or cameraphone so you can take pictures as proof. This First Annual Shoreline Clean-Up is sanctioned & supported by our local Bureau of Reclamation office, and coordinated by local businesses & community groups.

For more information, including maps & entry forms, go to [www.LakeBerryessaNews.com/cleanup.htm](http://www.LakeBerryessaNews.com/cleanup.htm), or call the volunteer coordinator, Evan Kilkus, at 707-966-3010.

25¢  
Donation

The Bureau of Reclamation has released its official announcement regarding the Pope Creek Bridge Waterway closures. It generated much negative response - one letter typical of the many comments heard is printed below.

However, as of our deadline on Monday, April 30th, the BOR said that since they do not yet have the required signs and buoys, the Big Island Lagoon/Smitte Creek area will not be closed to motorized watercraft this recreation season.

#### Lake Berryessa's Pope Creek Waterway Closed on Major Holidays

The Bureau of Reclamation announces that beginning Memorial Day weekend the Pope Creek Bridge waterway, located at Lake Berryessa, will be closed to all motorized and non-motorized watercraft. This closure will occur again for the July 4th holiday weekend and Labor Day holiday weekend. Re-opening of the area to watercraft will be reinstated after each holiday weekend.

Reclamation and the Napa County Sheriffs Office are working together to prevent unsafe conditions which result from thousands of visitors congregating on holiday weekends at the Pope Creek Bridge water area. Overcrowding on boats, near-drownings, disorderly conduct, offensive behavior, underage drinking, and assaults have occurred. Major injuries and several deaths have resulted from people jumping off the high rocks and Pope Creek Bridge. It is illegal to jump off the bridge and violators will be cited. There are signs posted warning visitors not to jump off the bridge or rocks. The closed area will be designated by buoys. The gates at Pope Creek parking lot will be closed and locked at 10 p.m. The closure will assist Reclamation and the Napa County Sheriffs Office in ensuring a safe and secure area on holiday weekends.

This closure is effective: Memorial Day Weekend from 1 p.m. on Thursday, May 24, 2007, to 3 p.m. on Tuesday, May 29, 2007 Independence Day Week from 1 p.m. on Thursday, June 28, 2007, to 3 p.m. on Tuesday, July 10, 2007 Labor Day Weekend from 1 p.m. on Thursday, August 30, 2007, to 3 p.m. on Tuesday, September 4, 2007

For a map of the affected closure area of Pope Creek Bridge Waterway, please link to: [http://www.usbr.gov/mp/cca/field\\_offices/lake\\_berryessa/resort\\_act.html](http://www.usbr.gov/mp/cca/field_offices/lake_berryessa/resort_act.html). For additional information, please contact Park Manager Ms. Janet Rogers, Lake Berryessa Field Office, at 707-966-2111 or e-mail [jlrogers@mp.usbr.gov](mailto:jlrogers@mp.usbr.gov).

\*\*\*\*\*

Ms. Rogers,

I want to express my displeasure at your blanket closure of the Pope Creek waterway over the major holidays. Because the local law enforcement officers and Highway Patrol seem unable or unwilling to patrol the area in such a way as to keep the area safe and peaceful, I think to close it off to everyone, including local residents, is a cheap and unpopular "easy way out".

It would seem to me that the law enforcement officers should easily be able to monitor dangerous activities and enforce laws already in place, to ensure that the many hundreds of people who enjoy themselves without causing any problems can still use the area. Each major holiday, the police even have a "Critical Response" unit in place, so why can't they use it as intended and maintain peace and order?

You are also penalizing local residents like myself, who use the area for fishing and for entertaining friends and family who come for the holiday periods. It seems to me that instead of trying to solve problems that may arise, you are just creating a hostile environment that may result in even more problems in another area. Do you really believe that boaters are just going to stay away, and not just move to another area such as the Putah Creek bridge? If you do you are being very naïve!

Thank you,  
Gary Howes  
Berryessa Pines

#### Martin Family 100th Anniversary Party in Winters

Winters will be the site of a Martin family gathering to celebrate the 100th anniversary of the arrival of the first ship of Spanish immigrants to Hawaii.

April 26 marked the anniversary of the first ship, the S.S. Heliopolis, which brought 2,246 men, women and children from Malaga, Spain, to Hawaii to harvest the sugar cane crop. Eventually, nearly 90 percent of the Spanish immigrants relocated to California, including the Martin family who established their home in Winters.

The voyage, which took 47 days, included passengers Mr. and Mrs. Antonio Melendez Martin and their five children; Antonio G. Martin, Maria G. Martin, Francisco G. Martin, Juan G. Martin and Jose G. Martin. Emilio G. Martin and Miguel G. Martin were born in Hawaii and Carmen G. Martin was born in Winters.

Fishing With Sid

I got to the lake on Friday afternoon and it felt like the middle of summer. I headed out by myself and started fishing the wall on the left side going towards Capell Cove. In about thirty-five feet of water I cast towards the shore line which was loaded with fallen trees and picked up some nice largemouth bass. I was using my favorite River2Sea crawdad with Procure crawdad gel.

On Saturday I set out early and went into my favorite cove. The fish seemed like they were on the bite no matter where you fished. Later in the morning I picked my wife up and we decided to try our luck near the Ranch house. Boat traffic was pretty heavy in that area which produced a lot of waves and made it a bit difficult for us to fish the way we like to. I managed to get a few bites and landed two nice size bass but my wife had no luck. After a while she decided to go in. I dropped her off and went back to my favorite cove near Steele Park and spent the rest of the afternoon and evening there. It was a three quarter moon and a very pleasant evening. It seemed like the bass were going for anything I was throwing.

Sunday morning I went out with Jason and Nader to teach them how to catch bass with light tackle. My first stop was Spanish Flats where I showed the boys what a fourteen pound bass looked like. Our second stop was the three points by the BOR. I set their rods up with brass and glass one rod had a senko and the other a floating worm. I taught them how to feel the bottom and Jason got a hit and landed a nice spotted bass. We fished a few different spots in that area and both boys were doing well. At one point we changed to weightless senkos and fished a shallow rocky area and the bass were just hitting one after another. The pictures show what a great day it was - Nader holding his 10+ pound bass. 'til next week.....good fishing! Building A Firewise Community

You are invited to learn more about what it takes to build a successful Fire Safe Council by attending a special stakeholder meeting on May 18, from 10:00 a.m. to 1:00 p.m., at the Soscol Professional Plaza Building (Ag Commissioner's conference room), 1710 Soscol Ave., Napa. The agenda will include presentations by Napa Firewise officials and Fire Safe Council community representatives on issues critical to personal survival in wildfire country. A free lunch will be provided. RSVP to [rarchey@balzac.com](mailto:rarchey@balzac.com) or call Roger Archey at 707.255.7667.

going. ~ ANGEL

**This might give you a better outlook on life..**

When things in your lives seem almost too much to handle, when 24 hours in a day are not enough, remember the mayonnaise jar and the 2 cups of coffee.

A professor stood before his philosophy class and had some items in front of him. When the class began, he wordlessly picked up a very large and empty mayonnaise jar and proceeded to fill it with golf balls.

He then asked the students if the jar was full. They agreed that it was. The professor then picked up a box of pebbles and poured them into the jar. He shook the jar lightly. The pebbles rolled into the open areas between the golf balls. He then asked the students again if the jar was full. They agreed it was. The professor next picked up a box of sand and poured it into the jar. Of course, the sand filled up everything else. He asked once more if the jar was full. The students responded with a unanimous "yes." The professor then produced two cups of coffee from under the table and poured the entire contents into the jar effectively filling the empty space between the sand. The students laughed.

"Now," said the professor as the laughter subsided, "I want you to recognize that this jar represents your life. The golf balls are the important things--your family, your children, your health, your friends and your favorite passions--and if everything else was

lost and only they remained, your life would still be full. The pebbles are the other things that matter like your job, your house and your car. The sand is everything else--the small stuff. "If you put the sand into the jar first," he continued, "there is no room for the pebbles or the golf balls. The same goes for life. If you spend all your time and energy on the small stuff you will never have room for the things that are important to you." Pay attention to the things that are critical to your happiness. Play with your children. Take time to get medical checkups. Take your spouse out to dinner. Play another 18. There will always be time to clean the house and fix the disposal. Take care of the golf balls first--the things that really matter. Set your priorities. The rest is just sand." One of the students raised her hand and inquired what the coffee represented. The professor smiled. "I'm glad you asked. It just goes to show you that no matter how full your life may seem, there's always room for a couple of cups of coffee with a friend."

*At three minutes and four seconds after  
2 AM on the 6th of May this year, the  
time and date will be 02:03:04 05/06/07.  
This will never happen again.*

**In memory of  
Madilene Marie Reeves**

Madilene Marie Reeves, 82, passed away in Sandpoint, Idaho, on Thursday, April 19, 2007. Internment will take place in Ft. Bidwell, where she will be buried next to her husband Wilford. Madilene was born on Sept. 8, 1924, to Clifford and Zella (Burgett) Carson in Milfay, Okla. Her early childhood was spent in Oklahoma, sometimes staying in a covered wagon moving from place to place while her father looked for work. She was the third child of 11 brothers and sisters

Madilene married Johnnie William Cochran in Reno, Nev., in 1942. They had one son, Johnnie Wayne Cochran. After her husband Johnnie was killed in World War II, Madilene moved to California, where she married Wilford D. Reeves in Modesto in 1946. They were married for 48 years.

They spent their married life in and around the Napa Valley, where she worked at Sugar Loaf Park for 25 years. After Wilford retired, they moved to Ft. Bidwell, where they enjoyed fishing, hunting and extended family.

In 1985, Madilene and Wilford moved back to the Napa Valley, where she went to work for Tomorrow Mountain Café. She could make the best hamburgers around.

Madilene enjoyed fishing at Lake Berryessa. She often said she'd rather fish than eat. She loved going for car rides in the mountains, looking at the colors and animals.

Madilene moved to Sandpoint, Idaho, in 2005 to be closer to her son John. She is survived by her son and daughter, six grandchildren, nine great-grandchildren, and five great-great-grandchildren.

**Funny!!**

I went to the General Store & they wouldn't let me buy anything specifically. Ha! Ha! Buck

Summer is Here!!! Come to Lake Berryessa for Memorial Day or any of our beautiful Weekend Water Sports Days. But for a real treat, have the lake to yourself by coming up on any weekday during the summer. You'll be very pleasantly surprised!

The Berryessa Family Reunion is May 19 at Berryessa Marina Resort  
Early California Berryessa Family History by Christine Bonner

In September of 1775, Nicolas Antonio Berryessa and his sister Maria Isabel, my first California ancestors, began their long journey to California from Mexico. Unhappy over the arrival of a new stepmother, they wanted a chance to get away, so they marched under the flag with Captain Juan Bautista de Anza and the Spanish Colonization Expedition. They settled in the San Francisco area, thus beginning the early history of the Berryessa family.

Nicolas and other Spanish-Mexican families began to establish their ranchos after receiving Spanish land grants. Following Mexican Independence in 1822 from Spain, the Mexican Colonization Law of 1824 insured the early settlers clear title to unoccupied lands, allowing many other families to join the Berryessas in California's heartland.

In May 1846, the United States declares war on Mexico with the intent of acquiring Texas and California. In California, most of the fighting occurred in the south. Without clear direction from Congress, Captain John C. Fremont's men captured Sutter's Fort without a battle. Also without a fight, four Berryessa brothers, Francisco, Nemesio, Santiago and Santos, along with General Mariano Guadalupe Vallejo and other Californianos, were taken prisoner by the Bear Flaggers, who wanted to declare an independent Republic of California.

Fremont appeared to be supporting the rebels, or using them to foment war in Northern California. In the confusion, Jose de los Reyes Berryessa, a worried father at the age of 75, left his San Vicente hacienda to visit his imprisoned sons. Two of his nephews, Francisco and Ramon de Haro accompanied him. Unarmed, they were intercepted by Fremont and his scout Kit Carson, and killed.

To the peaceful Northern Californians, some of whom had favored a United States takeover of California, it was cold-blooded murder. A prominent San Francisco surveyor who was an eyewitness to the killings ultimately claimed Berryessa land as his own.

The Bear Flag Republic never materialized and Captain Fremont was summoned to the east under cloud of a court martial. Nonetheless, the United States won the war and acquired California, and under the Treaty of Guadalupe-Hidalgo, Mexican residents were to retain their land grants and enjoy full citizenship. But it was not to be.

As gold lured hordes of wealth-seekers from the states, bigotry, violence, and discrimination in the courts robbed many Mexican Californians of their property and lives. Squatters wanted the land and were determined to have it. Many members of Nicolas Berryessa's family died trying to protect their ranchos.

Years after California became a state in 1850, the battle over land continued. Holders of Mexican land grants were required to bear the burden of proof of ownership, which meant they paid the legal fees for long court maneuvers and expensive land surveys--challenge after challenge. When at last they couldn't pay, the native Californians were forced from their land. For families like the Berryessas, it was the end of a dream in the new land of California.

**Join the Lake Berryessa Shoreline Clean-Up**

**Check-in points are: Rancho Monticello Resort, Oak Shores Day Use Area, and Steele Park Resort.**

Lake Berryessa users are invited to clean up the trash on the shoreline on **Saturday, May 19th**, the weekend before the big Memorial Day Weekend rush. Volunteers can show up with their boats, PWCs, kayaks, canoes, or on foot, at one of the check-in locations.

The Lake Berryessa Shoreline Clean-Up will run from 9:00 AM until Noon, with check-in starting at 8:30 AM. For more information, including maps & entry forms, go to [www.LakeBerryessaNews.com/cleanup.htm](http://www.LakeBerryessaNews.com/cleanup.htm), or call the volunteer coordinator, Evan Kilkus, at 707-966-3010.

If you launch far away from a check-in point (like Markley Cove), go ahead and collect your trash and end up at one of the check-in points when you're done. You can register and weigh-in for prizes at the same time.

### In The Beginning...

God created the Heavens and the Earth and populated the Earth with broccoli, cauliflower and spinach, green and yellow and red vegetables of all kinds, so Man and Woman would live long and healthy lives.

Then using God's great gifts, Satan created Ben and Jerry's Ice Cream and Krispy Creme Donuts. And Satan said, "You want chocolate with that?" And Man said, "Yes!" and Woman said, "and as long as you're at it, add some sprinkles." And they gained 10 pounds. And Satan smiled

And God created the healthful yogurt that Woman might keep the figure Man found so fair. And Satan brought forth white flour from the wheat, and sugar from the cane and combined them. And Woman went from size 6 to size 14

So God said, "Try my fresh green salad." And Satan presented Thousand-Island Dressing, buttery croutons and garlic toast on the side. And Man and Woman unfastened their belts following the repast.

God then said, "I have sent you heart healthy vegetables and olive oil in which to cook them." And Satan brought forth deep fried fish and chicken-fried steak so big it needed its own platter.

And Man gained more weight and his cholesterol went through the roof. God then created a light, fluffy white cake, named it "Angel Food Cake," and said, "It is good."

Satan then created chocolate cake and named it "Devil's Food."

God then brought forth running shoes so that His children might lose those extra pounds. And Satan gave cable TV with a remote control so Man would not have to toil changing the channels. And Man and Woman laughed and cried before the flickering blue light and gained pounds.

Then God brought forth the potato, naturally low in fat and brimming with nutrition. And Satan peeled off the healthful skin and sliced the starchy center into chips and deep-fried them. And Man gained pounds.

God then gave lean beef so that Man might consume fewer calories and still satisfy his appetite. And Satan created McDonald's and its 99-cent double cheeseburger, then said, "You want fries with that?"

And Man replied, "Yes! And super-size them!" And Satan said, "It is good." And Man went into cardiac arrest.

God sighed and created quadruple bypass surgery. Then Satan created HMOs.

**Email: [cass@ranchomonticelloresort.com](mailto:cass@ranchomonticelloresort.com)**

I arrived at the lake late Friday afternoon. The lake looked like a mirror. I headed to my favorite cove and decided I would only use a chugger for top water and a River2Sea crawdad for the bottom. My second cast with the chugger was hit by a smallmouth bass a little over two pounds. I love to fish top water and I have been waiting for them to hit and it finally happened.

With over eighty fish caught on top water with the average fish weighing in at two ounces (smaller than the chugger!!!!). They were so cute and adorable and really hungry. I changed over to the crawdad using Procure scented gel (crawdad flavor). I landed an eight pound female with a huge belly and let her go immediately so she could go back to her nest.

About an hour later I landed a 3.5 to 4 pound bass. I was so pleased that I did well and I hoped the weekend would continue this way. Saturday everything changed. The wind picked up (approx. 30 miles an hour) so forgot about trying to fish in the main body of the lake. Even staying in some coves was next to impossible. It looked like everyone was gathering in Capell Cove because it was a little more sheltered. Needless to say fishing was not the greatest. Lucky for me I had a great Friday evening and night to fish. 'til next week...good fishing!!!!!! [www.fishingconnection.net](http://www.fishingconnection.net) If you have any fishing stories you would like to share please email me at [bestguide@hotmail.com](mailto:bestguide@hotmail.com) or call me at 650-583-3333.

### Fishing With Dino, May 14, 2007

Less wind has improved the fishing conditions. Bass are steadily coming in. Anglers are using plastics, Crankbaits, and Spinner baits in 8 to 20 feet of water. Lucky Craft lures are working well!

Trolling surface to 20 feet will land a nice limit of Trout. Needlefish or Apex behind a flasher is working great this week. Skiers Cove shoreline is the hot spot. The dam area and narrows is producing Salmon at the 40 to 90 foot depths.

Crappie on red and white jigs or minnows. Night or early mornings near brush will work for your Crappie. Cappell Cove area is a hot spot for Crappie.

No Cats showing up at all yet! Water temp is 62 degrees 6 feet from the surface.

Dino Righetti, Spanish Flat Resort Marina, 707-966-7708

**May is ALS Awareness Month**, and this month, The ALS Association, Greater Sacramento Chapter wants to remind the community about the challenges and needs of ALS patients.

At any given time, there are approximately 30,000 Americans living with ALS, also known as Lou Gehrig's disease. They live without the ability to breathe independently, raise a finger or even speak. ALS knows no boundaries; it strikes regardless of race, ethnicity, economic status or sex.

The Greater Sacramento Chapter provides services and support to patients, caregivers and families. We provide these services in 24 counties in Northern California.

For more information about how to get involved in the fight against Lou Gehrig's disease, call the Greater Sacramento Chapter at toll free (866) 979-9265, or log on to [alssac.org](http://alssac.org)\*

❖ Famous people with ALS

- Bruce Edwards (US PGA Tour Caddy for Pro Golfer Tom Watson)
- Lou Gehrig (Hall of Fame Baseball Player – New York Yankees)
- Stephen Hawking (Theoretical physicist and Lucasian Professor of Mathematics, Cambridge University, England)
- Michael Zazlow (Emmy Winning Daytime Television Actor)

*The mission of the ALS Association is to lead the fight to cure and treat ALS through global cutting-edge research, and to empower people with Lou Gehrig's disease and their families to live fuller lives by providing them with compassionate care and support.*

**THE ANGELS ARE HERE"**

**Joe Katleba**

THE Angels are here,  
I heard my Dad say.  
There are three on the roof  
Their not leaving today.  
There is one very tall one  
And one to each side,  
Could they possibly be my guides?  
Go and get my glasses so I can see.  
I think the angels Are here for me.  
Though IM afraid, I will go even though  
I know You will be missing me so.  
I need a white balloon that I can ride.  
To fly with the angels Across the sky.  
Remember I Love You, And it was all not in vain.  
My name has been written And gone is my pain.  
ANGEL

**In loving Memory**  
This poem is for My Dad (Joe Katleba)  
Love From  
His Daughter Shirley

**In Memory of  
Joseph A. Katleba**

Joe Katleba, 85, passed away in The Davis Convalescent Hospital where he'd been an in-out patient for the last year. He passed away Saturday, May 12<sup>th</sup> 2007. He grew up in Elmira on his families Turkey Farm. He later started his own business, Hauling Grain, Sheep, Land Leveling, Bulldozing & Harvesting. Joe married Josie Martin from Winters. They had twin sons Dannie & David Katleba, Daughter Shirley. They have 8 Grandkids & 10 Great Grandkids. They were married for 20 years. Joe later divorced & remarried Janet Brownwood Wright from Allendale. They spent their married life of 40 years living in Dixon. Joe loved to spend his free time in Reno at his favorite dollar slots. He loved dancing, although in a wheel chair due to a stroke he still managed to dance within his wheel chair. His favorite place was the Oats in Allendale. When he was able he loved to take his boat out on the Lake & once tried fishin & that was the last of that. He wasn't much on sitting still & waiting. Bowling was also a favorite, he and his son's were always challenging him for the most strikes! We will miss Him & The Xmas Lights!

**SPECIAL POEM FOR  
SENIOR CITIZENS!!**

A row of bottles on my shelf  
Caused me to analyze myself.  
One yellow pill I have to pop  
Goes to my heart so it won't stop.  
A little white one that I take  
Goes to my hands so they won't shake.  
The blue ones that I use a lot  
Tell me I'm happy when I'm not.  
The purple pill goes to my brain  
It tells me that I have no pain.  
The capsules tell me not to wheeze  
Or cough or choke or even sneeze.  
The red ones, smallest of them all  
Go to my blood so I won't fall.  
The orange ones, very big and bright  
Prevent my leg cramps in the night.  
Such an array of brilliant pills  
Helping to cure all kinds of ills.  
But what I'd really like to know.....  
Is what tells each one where to go!  
There's always a lot to be thankful for if you  
take time to look for it. For  
example I am sitting here thinking how  
nice it is that wrinkles don't hurt.

**Fishing With Sid**

I had a busy weekend at the lake. Friday I took out a group of seven guys on a pontoon boat. They were all eager to learn how to catch bass. Bob was the captain and did a great job navigating the boat. Since we were all fishing from one boat, I decided that the area near the ranch house would be ideal because we

headed for the ranch house again. Brian, who is a very good fisherman, caught fish with whatever lures I have him to use.

We had everyone using plastic worms on one side and those casting crankbait and topwater baits were in the front and back of the boat. This worked out great. A shallow diving crankbait was the hit of the day. He landed three nice size bass in a short span of time. The guy throwing topwater lures did great too. Later in the day we switched to lessons on catching catfish and carp. They were all very good pupils. I look forward to taking them all out again next summer.

those casting crankbait and topwater baits were in the front and back of the boat. This worked out great. A shallow diving crankbait was the hit of the day. He landed three nice size bass in a short span of time. The guy throwing topwater lures did great too. Later in the day we switched to lessons on catching catfish and carp. They were all very good pupils. I look forward to taking them all out again next summer.

That evening I took out Dan and his lovely wife to my favorite cove. I wanted Dan to fish topwater and told him that when the sun started to set would be an ideal time. I had him throw a white chugger many times. He began to get bored with it and asked if he could change to another bait. I told him to throw at a target near shore and he got close. The bass exploded on it and for the balance of the night he stayed with the topwater lure getting more confident and more bites.

Saturday morning I had another group consisting of a groom and his father along with his friends (the wedding was later that day). We went to Spanish Flat to rent another boat for two of the fellows and the other three fished on my boat. We

The first one was a chugger and on his second cast he landed a nice bass. It was another successful day with everyone landing fish and having a great time. Sunday I spent a few hours at the dock showing some kids how to catch carp and we were very successful. 'til next week.....good fishing!!!!!!

## Happy Fathers Day

"I cannot think of any need in childhood as strong as the need for a father's protection."

"I watched a small man with thick calluses on both hands work fifteen and sixteen hours a day. I saw him once literally bleed from the bottoms of his feet, a man who came here uneducated, alone, unable to speak the language, who taught me all I needed to know about faith and hard work by the simple eloquence of his example

"Be kind to thy father, for when thou wert young,  
Who loved thee so fondly as he?  
He caught the first accents that fell from thy tongue,

And joined in thy innocent glee."

"If the new American father feels bewildered and even defeated, let him take comfort from the fact that whatever he does in any fathering situation has a fifty percent chance of being right."

"Blessed indeed is the man who hears many gentle voices call him father.

"It doesn't matter who my father was; it matters who I remember he was." **ANGEL**

## Sacramento River Cats Step Up to the Plate to Strike-Out ALS (Lou Gehrig's Disease)

The 3<sup>rd</sup> Annual Strike-Out ALS baseball game with the Sacramento River Cats is a special day to **honor Lou Gehrig's birthday** (June 19), **raise funds** for the ALS Association, Greater Sacramento Chapter, and **spread awareness** about this devastating disease. A portion of each ticket sale goes to support patient services and national research to find a cure.

**A special pre-game ceremony starts at 12:45pm with ALS patients Kathy Bush and Dr. Martin Welsh, throwing the first pitch. There will also be a post-game opportunity for "Catch and Pitch".**

**Sunday, June 17<sup>th</sup>, 2007 at 1:05 PM**

**Raley Field (400 Ballpark Drive, West Sacramento**

Baseball fans, including ALS patients and caregivers, and other ALS supporters will watch the Sacramento River Cats take on the Las Vegas 51s.

## Bureau of Reclamation Releases Berryessa Concession Prospectus

The Request For Proposal for the new Lake Berryessa Concession Contracts is finally out. It is an extremely complex document hundreds of pages long which lays out Reclamation's vision for a future Lake Berryessa - and only gives 90 days for a response. The bid evaluation criteria are point-based using 5 Principal Factors:

**PRINCIPAL FACTOR 1 (18 pts.): THE RESPONSIVENESS OF THE PROPOSAL TO THE OBJECTIVES OF PRESERVING AND PROTECTING THE EXTENDED ENVIRONMENT AND THE SPECIFIC RESOURCES OF THE LAKE BERRYESSA AREA.**

**PRINCIPAL FACTOR 2 (58 pts.): THE RESPONSIVENESS OF THE PROPOSAL TO THE OBJECTIVES OF PROVIDING QUALITY VISITOR SERVICES.**

**PRINCIPAL FACTOR 3 (18 pts.): THE EXPERIENCE AND RELATED BACKGROUND OF THE OFFEROR, INCLUDING THE PAST PERFORMANCE AND MANAGEMENT EXPERTISE OF THE OFFEROR RELEVANT TO PROVIDING THE SAME OR SIMILAR VISITOR SERVICES**

**PRINCIPLE FACTOR 4 (57 pts.): THE OFFEROR'S UNDERSTANDING OF THE FINANCIAL NEEDS OF THE BUSINESS AND THE FINANCIAL CAPABILITY TO MEET THE NECESSARY FINANCIAL OBLIGATIONS.** (Reclamation will provide added 'Value Points' to bona fide proposals that include multiple locations.)

**PRINCIPAL FACTOR 5 (5 pts.): FINANCIAL BENEFIT TO THE GOVERNMENT (Franchise Fee)**

The Government appears to be asking for tens of millions of dollars of investment for a very modest profit. Resort revenues for 2005 are shown below.

Resorts - 2005	Gross Receipts	Adjusted Gross	Franchise Fee Rate	Franchise Fees
Putah Creek Resort	\$1,034,363	\$1,023,900	3.00%	\$30,717
Rancho Monticello	\$3,292,022	\$3,103,409	3.00%	\$93,102
Lake Berry. Marina	\$2,172,962	\$2,106,931	3.00%	\$63,208
Spanish Flat	\$2,133,353	\$2,069,008	3.00%	\$62,070
Steele Park	\$2,933,568	\$2,933,568	3.00%	\$88,006
Pleasure Cove*	-	-	0.00%	\$1,000
Markley Cove	\$1,072,448	\$1,051,801	1.50%	\$15,777
<b>Total</b>	<b>\$12,638,716</b>	<b>\$12,289,089</b>		<b>\$353,881</b>

\*In 2004 and 2005, Pleasure Cove contractors entered into interim contracts that required a \$1000 per year franchise fee in the contract terms.

## Elgie Kirkpatrick of Pope Valley Will Be Missed

One of Pope Valley's dearest citizens, Elgie Kirkpatrick, passed away peacefully in her home on May 29, 2007, at the age of 67. Elgie was born to Elgy and Ruth Neil on Jan. 14, 1940, at the Calistoga Hospital in Calistoga. Elgie was a pillar of the Pope Valley community. She was known for her tireless community service, her gentle and kind manner and was deeply loved by her friends and family.

She was raised in Pope Valley and graduated from St. Helena High School in 1957. Elgie obtained her registered nursing degree through Samuel Merritt Nursing College in Oakland. She worked for five years at the Veterans Home in Yountville. Elgie married Bradley Kirkpatrick on May 2, 1964, at the St. Helena Presbyterian Church. They first lived in Napa and then moved to St. Helena. She and Brad moved to Pope Valley in 1965 to take over the Pope Valley Garage.

She was a volunteer firefighter with the Pope Valley Fire Department for 30 years, served on the Pope Valley School Board for 26 years and was a volunteer emergency medical technician for Angwin Community Ambulance for 20 years.

## Harold Moskowitz County General Plan Comments

Supervisor Harold Moskowitz, who represents American Canyon and the south county, addressed the Planning Commission as a landowner. He owns 180 acres of vineyards at Moskowitz Corners, near Lake Berryessa, where lots have to be at least 160 acres under the General Plan. Moskowitz said he would like to see the plan changed to allow him, as well as property owners in Gordon and Pope Valleys, to subdivide his land into four lots of roughly 40 acres — and by extension, to allow property owners in Gordon and Pope valleys to subdivide land similarly.

**Fishing With Sid**

The fishing just gets better and better. Fished for bass last week on Friday and Saturday during the day and it was great. Saturday evening my wife and I went out from about 5 PM to almost 10 PM. I caught a 4.5 lb bass, 6 lb bass and then an 8 lb bass all on a River2Sea crawdad and - you guessed it - we didn't bring the camera. My wife took a picture of me holding the 8 lb bass on my cell phone and we have to find out how to download it. Of all the times to forget my camera!!!!

My wife tried a new bait a River2Sea weedless crawdad with Procure crawdad gel and after getting the hang of it she landed a couple of nice bass in the 2 to 3 lb range. A few fish were caught on topwater but this weekend it wasn't as active as last.

Catfish would not cooperate

with me and I used everything I could think of. Sunday I fished on the dock while working on my boat and I showed Liliana & Marcus D. and their dad how to catch carp. Marcus who is 3 years old and Liliana who is almost 5 years old each caught their first fish ever.

Later that day when I came back from fishing the dad was on the dock with the boys in the attached photo Dominic & Dylan S. fishing for carp and as I watched each boy landed a good size carp and this time I had my camera.

I hope you all took your Dads fishing on Father's Day.

til next week ....good fishing!!!!!!  
www.fishingconnection.net, best-guide@hotmail.com or call me at 650-583-3333.

**Fishing With Dino**

Bass anglers did well last weekend. Believe it or not in shallow waters. Yamamoto plastics and Lucky Craft lures were working well. The North side of the Big Island was the hot spot.

If you troll for Trout you need to be at the 40 foot depths at skiers cove shoreline. Salmon are real deep at the 90 foot depths near the dam area.

No signs of Catfish as of this week.

Crappie are real slow but Jigs or Minnows off the bottom will get you your Crappie. Early morning or evening is best for Crappie.

Water temp is at 71 degrees 6 ft. from the surface.

Dino Righetti, Spanish Flat Resort Marina, 707-966-7708

**Older Than Dirt Quiz**

Count all the ones that you remember, not the ones you were told about.

1. Blackjack chewing gum
2. Wax Coke-shaped bottles with colored sugar water

If you remembered 0-5 = You're still young

If you remembered 6-10 = You are getting older

If you remembered 11-15 = Don't tell your age,

If you remembered 16-25 = You're older than dirt!

I might be older than dirt, but those memories are the best part of my life. Don't forget to pass this along!! Especially to all your really OLD friends....

**Corn and avocado salad**

**(Thanks to Rustridge Ranch Inn & Winery)**

Ingredients:

- 6 ears of corn, shucked
- 1/2 cup small-diced red onion (1 small onion)
- 2 1/2 tablespoons cider vinegar
- 3 tablespoons fresh lime juice
- 3 tablespoons olive oil
- 1/2 teaspoon kosher salt
- 1/2 teaspoon freshly ground black pepper
- 1/2 cup tightly packed chopped cilantro
- 2 avocados, diced

In a large pot of boiling salted water, cook the corn for 3 minutes until the starchiness is just gone. Drain and immerse it in ice water to stop the cooking and to set the color. When the corn is cool, cut the kernels off the cob, cutting close to the cob. Toss the kernels in a large bowl with the red onions, vinegar, olive oil, lime juice, salt, and pepper. Stir together.

Gently toss in the diced avocado and fresh cilantro. Taste for seasonings and serve cold or at room temperature.

NOTE: Salad tastes best if you mix together all ingredients about an hour before serving and leave out at room temperature. This will give you a wonderful, creamy texture from the avocado. There should be enough acid from the vinegar and lime juice to keep the avocados from turning brown. Gently stir again just before serving.

**BBQ Pork Salad with Summer Fruits & Honey Balsamic Vinaigrette**

4 cooked pork chops, sliced  
8 cups mixed greens  
2 nectarines, cut into wedges  
1 grapefruit, segmented  
2 avocados, cut into wedges  
16 cherry tomatoes  
1 tablespoon salad oil  
2 tbs. slivered, toasted almonds  
salt and pepper

**Honey Balsamic Vinaigrette:**  
2 tablespoons balsamic vinegar  
2 tablespoons honey  
1/2 tablespoon Dijon mustard  
2 tablespoons mayonnaise  
1 teaspoon chili powder

**Directions for the Vinaigrette:**

In a blender, combine all ingredients except oil. Blend at medium speed for one minute. Next, with blender at medium speed, pour oil very slowly into blender. Add salt and pepper. For each serving, toss 2 cups greens with 2 tablespoons dressing, top with 4 cherry tomatoes, 1 sliced pork chop, 1/2 avocado, sliced in wedges, 1/2 nectarine sliced in wedges, 1/4 grapefruit segments. Drizzle with more dressing and sprinkle with toasted almonds.

Serve immediately.

"I watched Standing by,  
All the way.  
Here to help you through your day.

Holding you up,  
When you are weak,  
Helping you find what it is you seek.

Catching your tears,  
When you cry.  
Pulling you through when the tide is high.

Just being there,  
Through thick and thin,  
All just to say, you are my friend.

ANGEL

**Blueberry Congealed Salad**  
2 (3 ounce) packages blackberry gelatin  
2 cups boiling water  
1 (15 ounce) can blueberries  
1 (8 ounce) can crushed pineapple, drained with juice reserved  
1 (8 ounce) package cream cheese, softened  
1/2 cup white sugar  
1 cup sour cream  
1/2 teaspoon vanilla extract  
1/2 cup chopped pecans  
**DIRECTIONS**

In a large bowl, dissolve the gelatin in boiling water. Drain the liquid from the blueberry and pineapple cans into a measuring cup and add enough water to make 1 cup of liquid. Stir the juice mixture, blueberries and crushed pineapple into the gelatin and pour into a 2 quart mold. Refrigerate until firm.

Mix together softened cream cheese, sugar, sour cream and vanilla and spread over the congealed gelatin mixture. Sprinkle cream cheese layer with chopped pecans. Chill for approximately 30 more minutes, invert and serve.

My mother taught me RELIGION.  
"You better pray that this will come out of the carpet."

. My mother taught me about TIME TRAVEL. "If you don't straighten up, I'm going to knock you into the middle of next week!"

**Olive Chicken**

8 skinless, boneless chicken breasts  
salt to taste  
2 tablespoons olive oil  
4 cloves garlic, crushed  
1/4 tsp dried thyme (Use If fresh)  
1/4 teaspoon ground black pepper  
4 tomatoes, peeled and quartered  
20 pimento-stuffed green olives  
( I like to add 10 sliced mushrooms to mine)  
1 1/4 cups dry white wine  
1 1/4 cups chicken broth

**DIRECTIONS**

Season chicken with salt. Heat oil in a large skillet over medium high heat; brown chicken in oil, about 5 minutes each side. Add garlic, thyme and pepper and mix well, then stir in tomatoes, olives, wine and broth. Reduce heat to low and simmer, uncovered, for 45 minutes or until chicken is cooked through and juices run clear.

Eat as is or pour over Pasta or Rice.

**CREAMY JALAPENO DIP**

#### Fishing With Dino

The water temp is at 74 degrees 6 feet from the surface.  
Trolling with down riggers at the 60 to 90 foot depths for Trout and Salmon. Use flashers and needlefish lures and you will limit out!

Catfishing has improved. Use livers or hot dogs off the bottom. An angler brought in an 11.0 lb cat this week, used a hot dog for bait.

Crappie are hitting jigs in evening hours. Fish near docks or coves with trees or brush. Bass are slow, but use plastics in rocky coves around the lake.

### Lake Berryessa Chamber of Commerce

The new Lake Berryessa Chamber of Commerce tourist brochure has been published. See Page 2 for the inside map. It will be widely distributed within and outside Napa County to encourage new visitors.

The Lake Berryessa Chamber of Commerce has unanimously elected an expanded Board of Directors for 2007-2008:

Peter Kilkus - President (Berryessa Environmental Management)  
Susan Heyden - Vice-President (Heyden-Howes)  
Gary Howes - Secretary/Treasurer (Heyden-Howes)  
Bob White - Past President (Rancho Monticello Resort)  
Brenda Brown (Prudential California Realty)  
Shirl Katileba (The Lake Berryessa News)  
Evan Kilkus (Pacific Coast Entertainment)  
Jeff Parady (Pope Valley Repair and Towing)  
Amber Payne (Pacific Union Real Estate)  
CeCe Short (Coldwell Banker Brokers of the Valley)  
Sharyn Simmons (Cucina Italiana Restaurant)  
Linda Tschida (Squeaky Clean Services)

The new Board will be inducted at the Chamber's Summer Party on Thursday, July 19, 2007. All Chamber members and guests are invited to Rustridge Ranch B&B Inn & Winery, 2910 Lower Chiles Valley Rd., for the festivities which will start at 5 PM. Thanks to Susan Meyer and Jim Fresquez for their hospitality.

The theme will be a Hawaiian Luau! So casual dress and grass skirts are welcome. It's a potluck so bring something Hawaiian-themed you like with a bit more to share. If you've never been to Rustridge (why not?) you're in for a treat. It combines a calm rustic beauty with that hint of adventure we all enjoy. Award-winning Rustridge wines, beautiful thoroughbred horses, outstanding views, friendly dogs and cats - what more could we ask!

The New Lake Berryessa Chamber of Commerce Tourist Brochure has been published! This is the Inside Page only. It will be widely distributed and is now available at all the resorts and local businesses as well as the Napa Visitors Center.

### Another Blonde moment?

Two blonde girls were working for the city public works department. One would dig a hole and the other would follow behind her and fill the hole in. They worked up one side of the street, then down the other, then moved on to the next street, working furiously all day without rest, one girl digging a hole, the other girl filling it in again.

An onlooker was amazed at their hard work, but couldn't understand what they were doing. So he asked the hole digger, "I'm impressed by the effort you two are putting in to your work, but I don't get it -- why do you dig a hole, only to have your partner follow behind and fill it up again?"

The hole digger wiped her brow and sighed, "Well, I suppose it probably looks odd because we're normally a three-person team. But today the girl who plants the trees called in sick."

\*\*\*\*\*

### Golf course coming to Pope Valley

An application for a use permit has been filed for a private 18-hole golf course in Pope Valley in a portion of what used to be Juliana Vineyards. Golf courses are permitted in agricultural areas. Existing parcels around the golf course are expected to be developed into private estates that will be able to use the golf course. No hotel or other development is planned. The project doesn't expand the number of estate home sites already in place.

### Fishing With Sid

On Friday afternoon a week ago I took Peter and his three sons, Andrew (age 11), Stephen and Thomas (ages 7) - no you are not seeing double they are twins - to teach them how to catch fish. Peter told me they had been out numerous times but had never caught any fish. They had been out this morning for a few hours with no luck at all.

Andrew was able to cast and retrieve which helped quite a bit. I teach most kids how to cast from the dock before we go out. Each child brought in his own fish when we went to my favorite cove. It took a little while for them to figure out what was a fish and what was grass but they got the hang of it. It turned out to be a very successful day as you can see by the photo. These boys will definitely turn out to be fishermen.

All and all it was a great fishing weekend. 'til next week.....good fishing!!!!!! [www.fishingconnection.net](http://www.fishingconnection.net). If you have any fishing stories you would like to share please email me at [bestguide@hotmail.com](mailto:bestguide@hotmail.com) or call me at 650-583-3333.

### The Jet Kayak - Coming Soon to Lake Berryessa?

Heading straight for a rock wall along New Zealand's Waimakariri River Gorge wouldn't normally faze Shaun Baker. But this was a new experience even for the world-record-holding waterfall jumper—this time his kayak had an engine in it, skipping him like a stone at more than 30 mph. Finally he backed off the throttle just enough to steer himself parallel to the wall and avert disaster, before gunning it back up to full speed.

A few years ago, Baker grew bored with performing crazy feats in standard kayaks, so he and a few friends decided to change the craft itself by adding some extra power. They picked the only engine that would fit in a six-foot-long freestyle kayak: a small, flat, 45-horsepower model developed by a company that makes motorized surfboards. Engineer Andy Selway cut a hole in the back of the kayak, built a frame, and rigged the engine to turn a Yamaha jet ski's pump and impeller, which draw in and expel water. Since the jet-ski parts were designed to handle 75 horses, he machined them down so they would better match the motor.

Once the kayak was complete, Baker worked to learn to control it, which ultimately saved his hide. For now, Baker controls velocity with a paddle-mounted finger throttle modified from a quad bike, but he'd like to install a foot-pedal-based system. Baker had to learn to use a paddle blade to control his heading at high speeds. If he digs in too deep or leans too far to one side, he's underwater. After his close call in New Zealand, he went on to set a kayak world speed record of 35 mph. Now he's looking for new adrenaline-drenched challenges. Aerial backflips, anyone?

### GREAT IDEA

Put your car keys beside your bed at night. If you hear a noise outside your home or someone trying to get in your house, just press the panic button for your car. The alarm will be set off and the horn will continue to sound until either you turn it off or the car battery dies.

This tip came from a neighborhood watch coordinator.

Next time you come home for the night and you start to put your keys away, think of this. It's a security alarm system that you probably already have and requires no installation. Test it. It will go off from most everywhere inside your house and will keep honking until your battery runs down or until you reset it with the button on the key fob chain. It works if you park in your driveway or garage.

If your car alarm goes off when someone is trying to break into your house, odds are the burglar or rapist won't stick around.... After a few seconds all the neighbors will be looking out their windows to see who is out there and sure enough, the criminal won't want that. And, remember to carry your keys while walking to your car in a parking lot. The alarm can work the same way there....Would also be useful for any emergency, such as a heart attack, where you can't reach a phone.

### AARP "MEET THE PHARMACIST DAY"

AARP is presenting a "Meet the Pharmacist Day" Tuesday, July 17th from 10:00 a.m. to 12:00 p.m. at the Elks Lodge, located at 2840 Soscol Avenue, Napa. The event is free and open to all seniors. The purpose of the program is to help prevent the risk of adverse drug reactions when taking multiple medications, identify duplicate or outdated medicines, and review instructions for using medicines. This is a special opportunity to have medications checked by Pharmacists who will be available for a personal consultation.

Seniors are asked to bring all prescription medications in their original pill bottles and any over-the-counter medicines including vitamins, dietary supplements, drops and creams. It is recommended the medications be placed in a brown bag for easy handling. The event is free, however reservations are required. Please call: 707-258-3083 to RSVP.

### Senior Center Summer Fun - Everyone is Invited!

**Flea Market:** Saturday, July 14, 10 AM to 4 PM

### Grilled Asparagus with Roasted Garlic Toast and Balsamic Vinaigrette

- 1 medium head garlic, unpeeled
- 5 tbls. extra virgin olive oil, divided
- salt and pepper to taste
- 2 tablespoons minced shallot
- 1 1/2 teaspoons balsamic vinegar
- 1/2 teaspoon red wine vinegar
- 1 1/2 lbs. thick stemmed asparagus
- 4 slices sourdough bread

Preheat oven to 350 ,Coat the head of garlic with 1 tablespoon olive oil, salt, and pepper. Place on a baking sheet, and roast 45 minutes in the preheated oven, or B.B.Q. until golden brown. Once the garlic is roasted, cut the head in half horizontally, exposing all the cloves. Squeeze both halves into a bowl, discarding any skin. Whisk in 2 tablespoons of olive oil, salt, and pepper. Set aside. While the garlic is roasting, place the minced shallot in a bowl with the balsamic and red wine vinegars for about 30 minutes to let the flavors blend. Whisk in remaining olive oil, and season with salt and pepper. Place asparagus spears in the mixture until ready to grill.

1. Preheat grill for medium-high heat.
2. Place asparagus in a large skillet or directly on the grill. Grill the asparagus, turning over once, until tender, about 10 minutes. While asparagus is grilling, spread the roasted garlic mixture on the bread. Grill bread until toasted. Arrange the bread and asparagus on a plate, and drizzle with the remaining shallot and vinegar mixture.
3. Place asparagus in a large skillet or directly on the grill. Grill the asparagus, turning over once, until tender, about 10 minutes. While asparagus is grilling, spread the roasted garlic mixture on the bread. Grill bread until toasted. Arrange the bread and asparagus on a plate, and drizzle with the remaining shallot and vinegar mixture.

**Inner Peace**

I am passing this on to you because it definitely works, and we could all use a little more calmness in our lives. By following simple advice heard on the Dr. Phil show, you too can find inner peace. Dr Phil proclaimed, "The way to achieve inner peace is to finish all the things you have started and have never finished."

So, I looked around my house to see all the things I started and hadn't finished, and before leaving the house this morning, I finished off a bottle of Merlot, a bottle of Zinfandel, a bottle of Bailey's Irish Cream, a bottle of Vodka, a package of Oreo's, the remainder of my old Prozac prescription, the rest of the cheesecake, some Doritos and a box of chocolates. You have no idea how good I feel.

## News Around the Lake

The Bureau of Reclamation had planned to reopen its remodeled Visitor Center before now. However, the new displays inside have not yet been completed. They had also hoped to refurbish some of the signs around the lake, especially the informational sign on the side of of Knoxville Road near the Capell launch ramp. Unfortunately that task has been moved to the 2008 budget period.

One item that is still on the schedule, but without a firm date, is the planned closure of the Big Island Lagoon area to motorized watercraft. Only non-motorized watercraft and those powered by electric motors will be permitted to use the area. For the majority of lake users this is one of the most unpopular and unjustified decisions the BOR has ever made. Although a final date for the closure has not been set it is scheduled for "after the end of this recreation season".

The following Letter to the Editor is a poignant reminder of why the majority of local residents and lake users believe the decision is wrong.

\*\*\*\*\*

On Friday, July 6, I, my wife and my sister decided to visit the Big Island area to go back and enjoy the safety, peace, and tranquility of this area as we have for many years. Upon entering the 5 MPH zone, we observed a one person kayak, with a man fully-dressed with long sleeve shirt and a large brim hat for shade, enjoying paddling around. We found a nice area to beach our motorized patio boat so we could enjoy a safe swim out of the traffic of the main body of Lake Berryessa. While

motoring around we counted between 35 to 40 motorized boats in the Big Island area - a mixture of three large house boats, many patio boats, ski boats, and pleasure boats. While we were there a ski boat pulled up next to us, dropped an anchor off the rear, and let the boat touch the shore. The occupants of the boat were a man in his 30's, and two small boys, one 3 years old and the other 5 years old. There was a friendly hello exchange between we seniors, 64, 72, and 75 years old, the man, and his young boys. The man proceeded to put his young boys on the shore where they played in the water with toy boats, while he sat back in his boat relaxing, and not worried for the safety of his children.

During our discussion with him he confirmed that he had been coming to this area for about seven years, and even after the boys were born, he felt this was a very safe place for his children to be at Lake Berryessa. Now as we seniors were floating around we noticed deer laying in areas of shade from the heat of the day, Canadian geese swimming around, and overhead osprey searching for a meal. Looking on the other shores we observed teenagers, young and old playing, and enjoying floatation mattress. The area was brimming with boats going slowly by with friendly waves from the occupants, all obeying the rules of the waters, and the rights of others.

The question that passed through our minds was here we are senior citizens, little children, teenagers, adults, and wildlife all living and enjoying the peace, and tranquility of the Big Island of Lake Berryessa. The reason we were there was because we had motorized boats to transport our family to the Big Island safely.

This Big Island area in the BOR record of decision has been chosen by BOR decision makers to be a NON-MOTORIZED ZONE. The seniors, children, and adult citizens that depend on motorized boats to bring them to this tranquil area will no longer be welcome - the very ones that were present today. The big question we ask of the BOR is, "WHY do you choose to SEGREGATE rather than to UNITE. Is it because you have NO young children in your present family life or no seniors as part of your life to consider what your plans will do, and how they will affect others? I wonder if you have also not considered the HANDICAPPED? If Abraham Lincoln could look down and see how the ROD will segregate our people rather than to unite them, he would have to be ashamed of the years of progress we have made...

The Bureau Of Reclamation is an agency hired by the citizens, taxpayers, to take care of the Federal Property of the United States of America. But it was not given the power by the people to take away their Constitutional RIGHTS. This is The UNITED STATES OF AMERICA and not The SEGREGATED STATES OF AMERICA. I ask that the BOR undo this UNJUST PLAN to Separate our PEOPLE.

Don Lombardi Sr.

## Spreading the word about Berryessa's businesses

By JENNIFER HUFFMAN, Register Business Writer, Saturday, July 07, 2007

Billing their community as the "Backroads of Napa," a group of Lake Berryessa business people has banded together in a new effort to promote lake tourism and business.

The Lake Berryessa Chamber of Commerce, recently resurrected, has produced the first printed marketing brochure on the area in years. The glossy, four-color brochure includes maps, graphics and photography, and was conceived, printed and distributed by the chamber.

"Our goal is to let people know what a great place this is," said chamber President Peter Kilkus. Last year's Bureau of Reclamation decision to seek removal of roughly 1,300 mobile homes from seven lakeside resorts leaves the area in a state of flux. But while some lake users are suing to stop the Bureau and others are preparing for change, the chamber's on the offensive.

"It was time to pull together and promote new businesses," said Kilkus. "It's our businesses responsibility to make the best of the situation. You can't sit around complaining." With local advertisers funding the brochure production, the chamber printed 20,000 copies to be distributed at the Napa Valley Convention & Visitors Bureau, throughout Napa Valley, neighboring counties and as far as the San Francisco Airport.

The piece features a map with local merchants clearly marked, as well as highlights of a Lake Berryessa visit, including water sports, wildlife, wineries, lodging, dining and day-use facilities. A professionally-designed piece promoting the area seems so obvious, it raises the question of why it hadn't been produced before. "Of course it's something you would expect to see," said Kilkus, who is also a local businessman. "It's a natural — if you have a sustainable, localized business. But we are 2,000 people over 200 square miles," he noted.

Berryessa residents and designers Susan Heyden and husband Gary Howes created the piece.

"We're just trying to put a positive, cohesive face on the area," said Heyden. "People have various points of view about the area, and we think it's a lovely place for family recreation and we would like the rest of Napa and visitors to know we're here and come visit us," said Heyden.

Berryessa restaurant Cucina Italiana is one paid advertiser. Owner Sharyn Simmons feels the area's been "left off the map for outsiders who may not have known about our fabulous community."

"We wanted to suggest entertainment and recreational ideas to those that think you can only 'do the lake' by boat — like our wineries, trails, and of course restaurants," said Simmons.

Vinni Bubak, with Intero Real Estate Services, also paid for an ad in the brochure. She'd like to see the handout in hotel display racks all over the Bay Area. "People are still looking for real estate in Lake Berryessa," noted Bubak, especially those impacted by resort leases and who still want to visit or live at the lake.

"I thought it would be a great tool to promote myself and my listings," which include first, second and vacation homes, she said.

Joe Quist owns Wet Dawg Watersports at the lake. He said the brochure was overdue. "I really am excited we have it," said Quist. "So many tourists only visit the Highway 29 corridor and they really miss out on this part of the county."

"We wanted to incorporate what we're doing with their schedule of wine tasting and touring," said Quist. "We're only 35 minutes from Napa, but it's seems like we might as well be 100 miles away, because people don't think about the lake. Hopefully it reaches both visitors and people who live in the area. We just want to get people up here."

## Skinny Dipping

An elderly man in Louisiana had owned a large farm for several years. He had a large pond in the back. It was properly shaped for swimming, so he fixed it up nice... picnic tables, horseshoe pits, and some apple and peach trees.

One evening the old farmer decided to go down to the pond, as he hadn't been there for a while, and look it over. He grabbed a five-gallon bucket to bring back some fruit. As he neared the pond, he heard voices shouting and laughing with glee. As he came closer, he saw it was a bunch of young women skinny-dipping in his pond.

He made the women aware of his presence and they all went to the deep end. One of the women shouted to him, "We're not coming out until you leave!"

The old man frowned, "I didn't come down here to watch you ladies swim naked or make you get out of the pond naked."

Holding the bucket up he said, "I'm here to feed the alligator."

Some old men can still think fast.

\*\*\*\*\*

When Dan found out he was going to inherit a fortune when his sickly father died, he decided he needed a woman to enjoy it with. So, one evening he went to a singles bar where he spotted the most beautiful woman he had ever seen. Her natural beauty took his breath away.

"I may look like just an ordinary man," he said as he walked up to her, "but in just a week or two, my father will die, and I'll inherit 20 million dollars."

Impressed, the woman went home with him that evening and, three days later, she became his stepmother.

Women are so much smarter than men.

### Fishing With Sid

The weather has been very warm at the lake for the past couple of weeks and this makes the fish act different. For example, Tony and his father Mike went out with me last Friday at noon. Tony was throwing topwater and landed this 3lb bass (see picture) and Mike at the end of the day landed this 17 lb catfish on the surface.

In between the fishing was sporadic. I went out that evening to my favorite cove, where the water is disappearing rapidly, and topwater was what worked for me.

The following day we landed a lot of catfish and a lot of carp. Fishing with my friend Willie one of his students caught two carp in a few minutes time on very light equipment. Those who never tried fishing for carp before should try it at least once. They put up quite a fight on light tackle.

### WORLD'S EASIEST QUIZ

(Passing requires 4 correct answers.  
Correct answers below.)

- 1) How long did the Hundred Years' War last?
- 2) Which country makes Panama hats?
- 3) From which animal do we get cat gut?
- 4) In which month do Russians celebrate the October Revolution?
- 5) What is a camel's hair brush made of?
- 6) The Canary Islands in the Pacific are named after what animal?
- 7) What was King George VI's first name?
- 8) What color is a purple finch?
- 9) Where are Chinese gooseberries from?
- 10) What is the color of the black box in a commercial airplane?

Remember, you need 4 correct answers to pass.

What do you mean, you failed? Me, too.

- 10) Orange (of course)
- 9) New Zealand
- 8) Crimson
- 7) Albert
- 6) Dogs
- 5) Squirrel fur
- 4) November
- 3) Sheep and Horses
- 2) Ecuador
- 1) 116 years

ANSWERS TO THE QUIZ

**Beware New Virus - W.O.R.K.**  
There is a dangerous virus being passed around electronically, orally, and by hand. This virus is called Worm-Overload-Recreational-Killer (WORK). If you receive WORK from any of your colleagues, your boss, or anyone else via any means DO NOT TOUCH IT.

This virus will wipe out your private life completely. If you should come into contact with WORK, put your jacket on and take two good friends to the nearest grocery store. Purchase the antidote known as:

Work-Isolating-Neutralizer-Extract (WINE) or  
Bothersome-Employer-Elimination-Rebooter (BEER)

Take the antidote repeatedly until WORK has been completely eliminated from your system. You should forward this warning to 5 friends. If you do not have 5 friends, you have already been infected and WORK is controlling your life.

### The American Beer Institute and Miles Per Gallon

A 2006 study by Texas A&M University found that the average American walks about 900 miles per year.

Another study by the American Beer Institute found that Americans drink an average of 22 gallons of beer a year.

That means, on average, Americans get approximately 41 miles per gallon. Not bad!

### Shirley Raphael Memorial Shred Fest 2007

## ANGEL IN MY SKY

I once, long ago, saw an angel in my sky.  
An angel that my life has now been touched  
by.

She caught my eye with loving stare.  
I looked into hers, such a beautiful glare.  
She enters my path when danger is near,  
To show me a new route away from all fear.  
With her wings of white and her halo of blue.  
I'm not alone with her, she watches over you  
too.

She is the our angel guardian, angel of the  
city.

For eyes too blind to see, i do so pity.  
She's come from the sky, yet she never  
touches the ground.

She can sing to your heart without making a  
sound.

The angel delivers our messages of prayer to  
the king.

His love and grace back to you, is what she  
will bring.

And by the way, for what it's worth,  
You can be sure she has been with us all since  
birth.

My little message to my fellow mankind.  
Keep her by your side, don't ever leave her  
behind.

ANGEL

## Hawaiian Fish with Pineapple

2 (4 ounce) mahi mahi fillets

2 cups lemon juice

dried thyme to taste

dried basil to taste

1 (8 ounce) can pineapple chunks, drained

1/2 cup milk

### DIRECTIONS

Preheat oven to 350 degrees F (175 degrees C). Line a baking pan with aluminum foil.

Arrange the mahi mahi fillets in the prepared baking pan. Pour lemon juice over the fillets, and sprinkle with thyme and basil. Top each fillet with pineapple. Pour milk into the pan, not directly on the fish.

Bake 25 minutes in the preheated oven, or until fish flakes easily with a fork.

## Brief Living Will by Maxine!!

I, Maxine, being of sound mind and body, do not wish to be kept alive indefinitely by artificial means.

Under no circumstances should my fate be put in the hands of pinhead politicians who couldn't pass ninth-grade biology if their lives depended on it, or lawyers / doctors interested in simply running up the bills. If a reasonable amount of time passes and I fail to ask for at least one of the following:

Chocolate Shake

Hamburger with onions French Fries

Margarita Chocolate Pizza Chocolate

Ice cream Cafe Latte Chocolate

Sex

It should be presumed that I won't ever get better. When such a determination is reached, I hereby instruct my appointed person and attending physicians to pull the plug, reel in the tubes, and turn out the lights -

"The party's over!!!"

**EGG TIMERS:** Egg timers are female because, over time, all the weight shifts to the bottom.

**WEB PAGES:** Female, because they're constantly being looked at and frequently getting hit on.

### Fishing With Sid

This past weekend at the lake was very warm better spent swimming than fishing unless you went to Big Island for trout, salmon or kokanee which were being caught 55 to 80 feet deep.

Lots of boats were trolling and catching fish. The bass on the other hand were not as obliging. The lake is full of feeder fish and with the full moon this week they have gorged themselves.

On Saturday my friend Bob and I headed towards the BOR with no luck. We headed across the lake to the Ranch house and fished my two favorite points and picked up two nice smallies on River2Sea crawdads and Procure scents. It was a tough day for bass in shallow water.

Sunday was a little cooler but still the bass were not cooperating. In the evening Abe and his girlfriend and a few friends went for catfish and landed a couple on hotdogs. They also caught a large carp and a couple of crappies. During the week I went rock fishing out of Emeryville on the "Happy Hooker" and caught 53 rock fish and 1 undersize lingcod. What a difference in temperature from the ocean to the lake. I'll take the lake anytime!!!!

til next week.....good fishing!!!!!! [www.fishingconnection.net](http://www.fishingconnection.net)  
 If you have any fishing stories you would like to share please email me at [bestguide@hotmail.com](mailto:bestguide@hotmail.com) or call me at 650-583-3333

### The Oat Hill Mine Trail

The Oat Hill Mine Trail project is the first attempt by Napa's new Parks and Open Space District to honor its campaign promise to use grants, donations and volunteers where possible (rather than dipping into our taxpayer pockets) to provide us with better access to Napa County open spaces. The trail goes from the corner of Hwy 29 and Silverado Trail in Calistoga to the top of Aetna Springs Road on the Pope Valley side of the hill. It links up with the Palisades Trail to Robert Lewis Stevenson Park and is open to hikers, mountain bikes and equestrians.

## TRAIL-LOVERS WANTED October 27 & 28, 2007

Join us for a FUN, free, wine country, work-party weekend. You hike. You bike. Please help.

Spend the weekend in Calistoga and be part of the first formal trail opening for the new Napa County Park and Open Space District.

Volunteers for Outdoor California is seeking 180 volunteers to tend the well-loved Oat Hill Mine trail, one of "Napa County's best outdoor adventures." The trail needs erosion control and our care.

One-time weekend. Accomplish great things. Have fun!

Participants receive a commemorative hat plus enjoy free camping and meals. Camp free Friday and Saturday or join us one day only.

No prior experience necessary. Tools and training provided. Youth 14 and over (under 16 must attend with an adult). Pre-registration required.

For more information see [www.v-o-cal.org](http://www.v-o-cal.org) or call 650-298-9774.

Spanish Flat Resort - Steele Park Resort

Cards Can Be Punched at All of These 11 Locations  
ON THE DAY OF THE POKER RUN ONLY

### Opportunity for Seniors & Volunteers!

Meet with the Volunteer Center of Napa on Aug 16th at the Community Church of Lake Berryessa

This is an informational meeting to let our seniors know what types of services are available in Napa County. The Volunteer Center has a number of resources and referral for things from housing to food, medical, clothing, legal aid, meals, caregivers, Alzheimer's and the like.

It would also be an opportunity for people interested in becoming volunteers to meet with the Center and find out how they could be a help.

A representative will be at the church located at 6008 Monticello Rd. (Moskowitz Corners) on 8-16 from 11:30 AM until approximately 2:00 PM. This is our county food bank day and interested people seniors or not could find out information on this program also.

If there are questions people can call the church at 252-4488.

The employees and volunteers of the Volunteer Center of Napa Valley have connected caring individuals to people who need help for 30 years! Started in 1974, the Center is an IRC sec.501(c)(3) private non-profit.

"Together, We Are the Heart of Napa Valley". We are committed to increasing the quality and quantity of volunteerism in Napa Valley by helping people help themselves and others. Our programs have been developed to meet the ever-changing needs of our community and incorporate and promote opportunities to serve through volunteerism.

### Pilot Versus Priest:

A priest dies and is waiting in line at the Pearly Gates. Ahead of him is a guy who's dressed in sunglasses, a loud shirt, leather jacket and jeans. Saint Peter addresses this cool guy, "Who are you, so that I may know whether or not to admit you to the Kingdom of Heaven?" The guy replies, "I'm Peter Pilot, retired American Airlines Pilot from Dallas." Saint Peter consults his list. He smiles and says to the pilot, "Take this silken robe and golden staff and enter the Kingdom." The pilot goes into Heaven with his robe and staff.

Next it's the priest's turn. He stands erect and booms out, "I am Father Bob, pastor of Saint Mary's in Pasadena for the last 43 years." Saint Peter consults his list. He says to the priest, "Take this cotton robe and wooden staff and enter the Kingdom."

"Just a minute," says the good father, "That man was a pilot and he gets a silken robe and golden staff, and I get only cotton and wood. How can this be?" "Up here - we go by results," says Saint Peter, "when you preached - people slept; when he flew - people prayed."

## Why do cats hate getting wet?

A misbehaving cat caught in the sights of a spray bottle doesn't necessarily run away because it hates getting soaked. It's probably afraid of water. Scientists believe that house cats' limited experience with water - mostly leaky faucets and water dishes - makes them fearful of wet stuff. The domestic cat's desert-dwelling ancestors also had limited experience with water. And ever since humans first domesticated cats - the earliest evidence dates to Cyprus 9,500 years ago - cat owners have protected their pets from the elements. Cats have not evolved to do much with water. Lions stay on dry land to avoid bathing in rivers patrolled by crocodiles, and leopards live in trees, away from water and predators below. But some domesticated farm cats prowl ponds for frogs. And the fishing cat, native to wetlands from India to Indonesia, taps the water's surface with its paw and then snatches its prey with webbed claws. Owners can also train the fear of water out of cats by bathing them as kittens. Most vets don't recommend this, however, because it can dry out a cat's skin and wash away pheromones essential for communicating with other felines. Besides, a cat already has all the supplies it needs to keep itself clean: Its saliva contains a natural detergent to reduce grease, and its barbed tongue combs out dirt. Still, some cats enjoy getting wet so much they actually play with water. Even the threat of the spray bottle stops only 70 percent of cats from scratching the sofa.

#### Remember When?

We drank water from the garden hose and NOT from a bottle.  
We ate cupcakes, white bread and real butter and drank kool aide made with sugar, but we weren't overweight because

**WE WERE ALWAYS OUTSIDE  
PLAYING!**

### SIXTY PLUS

**Q: What can a man do while his wife is going through menopause?**

**A: Keep busy. If you're handy with tools, you can finish the basement. When you are done you will have a place to live.**

**Q: How can you avoid spotting a wrinkle every time you walk by a mirror?**  
A: The next time you're in front of a mirror, take off your glasses.

**Q: Why should 60+ year old people use valet parking?**

**A: Valets don't forget where they park your car.**

**Q: Is it common for 60+ year olds to have problems with short term memory storage?**

**A: Storing memory is not a problem, retrieving it is a problem.**

## This Poem is In Memory Of My Cousin Shirley Martin

### I NEVER SAW OF YOUR WINGS

How is it that I never saw of your wings  
when you were here with me?  
When you closed your eyes and soared  
to the Heavens I could hear the  
faint flutter of your wings as you left.  
Your body no longer on this side  
your spirit here eternally  
I see your halo shine.

I close my eyes and see the multicolored wings  
surround me in my saddest moments and my  
happiest times.

Mother my angel God has given you your  
assignment

always my mother forever my angel.  
You fly into my dreams and when I am asleep  
I feel your wings brush against my face wiping  
away

the tears I shed since I can no longer hold  
you in my arms but in my heart.

You earned those wings dear mother  
and you will always be my angel eternal.

### Shirley passed on July 26<sup>th</sup> 2007

Leaving behind her  
Loving Husband Tom Martin & Daughter Tori.  
By Cousin Shirl

### How to stay married!

A man and woman had been married for more than 60 years. They had shared everything. They had talked about everything. They had kept no secrets from each other except that the little old woman had a shoe box in the top of her closet that she had cautioned her husband never to open or ask her about.

For all of these years, he had never thought about the box, but one day the little old woman got very sick and the doctor said she would not recover. In trying to sort out their affairs, the little old man took down the shoe box and took it to his wife's bedside.

She agreed that it was time that he should know what was in the box. When he opened it, he found two crocheted dolls and a stack of money totaling \$95,000. He asked her about the contents. "When we were to be married, my grandmother told me I was to never argue.

She told me that if I ever got angry with you, I should just keep quiet and crochet a doll."

The little old man was so moved; he had to fight back tears. Only two precious dolls were in the box. She had only been angry with him two times in all those years of living and loving. He almost burst with happiness.

"Honey," he said, "that explains the doll, but what about all of this money? Where did it come from?" Oh," she said, "that's the money I made from selling the dolls."

Dear Lord, I pray for Wisdom to understand my man; Love to forgive him; And patience for his moods; Because Lord, if I pray for Strength, I'll beat him to death. And I don't know how to crochet. Amen

## Berryessa For All Files Injunction Against Bureau of Reclamation

Berryessa For All (BFA) today filed a motion for preliminary injunction against the Bureau of Reclamation (BOR) in the U.S. District Court for the Northern District of California to prohibit the implementation of the Visitor Services Plan Record of Decision (VSP ROD) and the Final Environmental Impact Statement for the Solano Project – Lake Berryessa. A hearing before U.S. District Court Judge Susan Illston is scheduled on September 14th for the purpose of enjoining BOR's implementation of the VSP ROD, including the rescission of orders evicting long-term permittees and the removal and demolition of homes and improvements at Lake Berryessa resorts. For additional information, please visit BFA's web site: [www.BerryessaForAll.org](http://www.BerryessaForAll.org)

### Underwater Cleanup at the Pope Creek Bridge!

Saturday, September 15, 8:45 am to 3 pm

Divers, canoeists, kayakers, and shoreline folks welcome. The event is part of Coastal Cleanup Day. For the past seven years, Napa Dive and Sport has been cleaning up Lake Berryessa underwater! Participants will meet at 8:45 am at the Pope Creek Bridge. From 9 am until noon, divers will clean the bottom of the lake, while others help clean the shore and sort recyclables.

Please call Roger Haseltine of Napa Dive and Sport at (707) 257-2822 to pre-register. There is a \$20 fee to be paid in advance by those participating in the underwater part of the cleanup and by those wishing to receive a T-shirt and attend a BBQ feast at Rancho Monticello Resort, which will take place from noon to 3pm. The \$20 advance fee also includes special discounts on camping and a chance to win great prizes.

### How Old Is The Cellphone?

After having dug to a depth of 1000 meters last year, Scottish scientists found traces of copper wire dating back 1000 years and came to the conclusion that their ancestors already had a telephone network more than 1000 years ago.

Not to be outdone by the Scots, in the weeks that followed, English scientists dug to a depth of 2000 meters and shortly after, headlines in the UK newspapers read: "English archaeologists have found traces of 2000 year old copper wire and have concluded that their ancestors already had advanced high-tech communications network a thousand years earlier than the Scots."

One week later, South Carolina newspapers reported the following: "After digging as deep as 5000 meters in central South Carolina, University of South Carolina scientists have found absolutely nothing. They have therefore concluded that 5000 years ago SC inhabitants were already using wireless technology."

### HAPPY BIRTHDAY

MARY MARLOW

Love From Your  
X Neighbors at P.C.  
Shirl & Donna

I'm not alone with her, she watches over you  
too.

She is the our angel guardian, angel of the  
city.

For eyes too blind to see, i do so pity.  
She's come from the sky, yet she never  
touches the ground.

She can sing to your heart without making a  
sound.

The angel delivers our messages of prayer  
to the king.

His love and grace back to you, is what she  
will bring.

And by the way, for what it's worth,  
You can be sure she has been with us all  
since birth. ~ ANGEL

"Windy, isn't it?"

Second one says,  
"No, it's Thursday!"

Third one says, "So am I.  
Let's go get a beer."

## NAPA COUNTY BOARD OF SUPERVISORS

### RESOLUTION OF THE BOARD OF SUPERVISORS OF THE COUNTY OF NAPA, STATE OF CALIFORNIA, ADJUSTING RATES FOR THE COLLECTION AND DISPOSAL OF GARBAGE IN GARBAGE ZONE TWO WITHIN THE COUNTY OF NAPA, STATE OF CALIFORNIA

Notice is hereby given by the Napa County Board of Supervisors that on Tuesday, August 21, 2007, at 9:30 A.M., a Public Hearing will be conducted to consider Application of Berryessa Garbage Service for an adjustment and revision of the rates to be charged pursuant to Franchise Agreement No. 1420 for the collection and disposal of garbage and trash in the unincorporated territory of the County of Napa (Garbage Zone No. 2). The rate application submitted by the Berryessa Garbage Service dated June 12, 2007 proposes to increase rates by 17.89% for refuse collection and disposal service, which would increase the minimum residential toter charge from \$19.90 to \$23.50 per month. This rate application package reflects current ongoing operational and maintenance cost and Steele Canyon Landfill Closure costs.

The Public Hearing will be held in the Board of Supervisors' Meeting Room, Room 305, Third Floor, County Administration Building, 1195 Third Street, Napa, California. Interested persons are invited to attend and be heard.

A copy of information regarding the proposal is available for review at the Office of the Clerk of the Board of Supervisors, County Administration Building, 1195 Third Street, Room 310, Napa, California.

DATED: August 3, 2007

ATTEST: Karita Prescott ~ Board Clerk II

### This is for real an not a joke:

I have Norton Anti-Virus, plus a separate virus program on my WILDBLUE server. Each morning, I check for virus and "contaminated" e-mail messages, blocked by NORTON or WILDBLUE. I've been getting "tons" of messages, titled "someone" is sending me a "greeting" or "Postcard"... if you don't know who they are.. don't open the e-mail. Check out the snopes.com

<http://www.snopes.com/computer/virus/postcard.asp>

### Ha! Ha! Harvey

Two elderly gentlemen from a retirement center were sitting on a bench under a tree when one turns to the other and says: "Slim, I'm 83 years old now and I'm just full of aches and pains. I know you're about my age. How do you feel?" Slim says, "I feel just like a newborn baby." "Really?! Like a newborn baby!?"

"Yep. No hair, no teeth, and I think I just wet my pants.

**Ha! Ha! Harvey**, Unstopable Virus!! Many of us have it.....and don't know what to do to get rid of it.... thought you would want to know about this e-mail virus. Even the most advanced programs from Norton or McAfee cannot take care of this one. It appears to affect those who were born prior to 1965.

#### Symptoms:

1. Causes you to send the same e-mail twice. done that!
2. Causes you to send a blank e-mail. that too!
3. Causes you to send e-mail to the wrong person. yep!
4. Causes you to send it back to the person who sent it to you.who, me?
5. Causes you to forget to attach the attachment. well, darn!
6. Causes you to hit "SEND" before you've finished.
7. Causes you to hit "DELETE" instead of "SEND." and I just hate that!
8. Causes you to hit "SEND" when you should "DELETE"

Oh, No! **IT IS CALLED THE "C-NILE VIRUS**

### Lions Club Poker Run

The 23rd Annual Lions Club Poker Run is history and it was a rip-roaring success for the Lions Club, the four lucky winners, and all the participants.

First prize of \$1,000 was won by Tony Fletcher with a Full House of 3 Jacks and 2 Sevens. Tony also donated \$100 of his winnings to the Lions Club. Thank You, Tony! Second prize of \$500 was won by Jennie Busta with a Full House of 3 Tens and 2 Sixes. Third prize of \$100 was won by "Big Daddy" Wilkinson with a Full House of 3 Eights and 2 Nines. The low hand winner of \$100 was won by Ralph Clark with a 6, 5, 4, 3, A. Congratulations to all you winners!

A very special Thank You! to Rancho Monticello Resort for providing the beautiful location for the party and for generously donating paper plates, bowls, plasticware, and all the ice we needed. Special thanks to the Staff at Rancho, especially Tracy, Cassandra, Lucy White. Thanks to Willie and his crew for setting up the bandstand, taking care of the tables, and doing the clean-up.

Lastly a very special heartfelt thank you to the many volunteers who worked tirelessly on the day of the event:

Butch Fenlon - Bartender Extraordinaire

Frank Mosley - Executive Chef

Judy & Patrick Trihey - Anything and everything asked of them

Alyx Mosley - Everything asked of her

Kati Eckert - Everything asked of her

We would also like to thank all of the resorts and roadside businesses who sold tickets and punched cards on the day of the event. And a thank you to all of the businesses at the Lake and in Napa who contributed prizes for the Raffle and Silent Auction.

The Poker Run is a real community effort and the money made goes back into the community by way of eye exams at the local schools, the annual Bike Rodeo, and various local and international charitable organizations. Thanks to all who participated and made this Poker Run such a success.

### BOR Extends Concession Proposal Deadline

On August 30, 2007, the Central California Area Office of the Bureau of Reclamation's Mid-Pacific Region decided to extend the deadline for the submission of proposals under the Prospectus for the operation of seven concession areas located at Lake Berryessa, Napa, California. Originally scheduled to end on September 5, 2007, Reclamation is extending the proposal submission period until 4:00 pm on October 31, 2007, due to pending litigation by four of the seven existing concession contractors. During this extension period, Reclamation will continue to accept proposals for future concession contracts.

The Prospectus outlines opportunities for Offerors to submit proposals to operate from one to all seven of the concession areas located around Lake Berryessa. The recently completed planning effort that culminated in an Environmental Impact Statement and Record of Decision provides the basic parameters for the new concession operations at Lake Berryessa. By the time the Pleasure Cove contract expires on December 1, 2007 and the other six concession contracts expire in 2008/2009, the seven existing concession operations at Lake Berryessa will have been operating in a very similar manner for 50 years. If you have any questions regarding this announcement, please contact Pete Lucero at [plucero@mp.usbr.gov](mailto:plucero@mp.usbr.gov) or 707-966-2111 x106.

Pete Lucero, Chief, Recreation Resources Division  
 Central California Area Office, Bureau of Reclamation

Chef Stefano wants to thank everyone for their support (and for playing bocce on their lighted court). He also wants you to know that Cucina Italiana will be closed on Wed. & Thurs., Sept. 12th & 13th.

#### Lake Berryessa Underwater Cleanup 2007

Saturday, September 15 more than 300,000 volunteers worldwide, including 50,000 California residents, will take part in the largest single-day event of its kind, International/California Coastal Cleanup Day. This year Napa Dive and Sport will be leading the 8th annual Lake Berryessa Cleanup. From 9 am to noon at the Pope Creek Bridge, divers, canoeists, and kayakers will collect trash from the lake itself, while other volunteers cleanup along the shoreline. Lake Berryessa's 2007 Underwater and Shoreline Cleanup will look to build on the success of last year's event, when over a hundred volunteers (including 55 divers) turned out to remove an estimated 450 pounds of trash and 1,080 pounds of recyclables from the lake and its shoreline. Pre-registration is required for volunteers participating in the underwater part of the cleanup and for volunteers wishing to receive a T-shirt and attend a BBQ feast at Rancho Monticello Resort, which will take place from noon to 3pm. To pre-register or for more information about the Lake Berryessa Cleanup contact Roger Haseltine at (707)257-2822. Hope to see you all out there!

A big city lawyer went dove hunting in rural Clayton's Marsh Creek area. He shot and dropped a dove, but it fell into a farmer's field on the other side of a fence.

As the lawyer climbed over the fence, an elderly farmer drove up on his tractor and asked him what he was doing. The litigator responded, "I shot a dove and it fell in this field, and now I'm going to retrieve it."

The old farmer replied, "This is my property, and you are not coming over here." The indignant lawyer said, "I am one of the best trial attorneys in the United States and, if you don't let me get that dove, I'll sue you and take everything you own."

The old farmer smiled and said, "Apparently, you don't know how we settle disputes in Clayton. We settle small disagreements like this with the 'Three Kick Rule.'"

The lawyer asked, "What is the Three Kick Rule?"

The Farmer replied, "Well, because the dispute occurred on my land, first I kick you three times and then you kick me three times and so on back and forth until someone gives up."

Home - Farm - Commercial - Industrial

The attorney quickly thought about the proposed contest and decided that he could easily take the old codger. He agreed to abide by the local custom.

The old farmer slowly climbed down from the tractor and walked up to the attorney. His first kick planted the toe of his heavy steel toed work boot into the lawyer's groin and dropped him to his knees.

His second kick to the midriff then made the lawyer lose his early morning breakfast.

The lawyer was on all fours when the farmer's third kick to his rear end sent him face-first into a fresh cow pie.

The lawyer summoned every bit of his will and managed to get to his feet.

Wiping his face with the arm of his jacket, he said, "Okay, Now it's my turn."

The old farmer smiled and said, "Naw, I give up. You can have the bird"

#### **Bubba went to a psychiatrist.**

"I've got problems. Every time I go to bed I think there's somebody under it. I'm scared. I think I'm going crazy."

"Just put yourself in my hands for one year," said the shrink. "Come talk to me three times a week, and we should be able to get rid of those fears." "How much do you charge?" "Eighty dollars per visit, replied the doctor." "I'll sleep on it," said Bubba.

Six months later the doctor met Bubba on the street. "Why didn't you ever come to see me about those fears you were having?" asked the psychiatrist.

"Well Eighty bucks a visit three times a week for a year is an awful lot of money! A bartender cured me for \$10. I was so happy to have saved all that money that I went and bought me a new pickup!"

"Is that so! And how, may I ask, did a bartender cure you?" "He told me to cut the legs off the bed! - Ain't nobody under there now !!!"

**Annual Trip to Reno**

Pat & Jack Celebrating their 54<sup>th</sup> Anniversary.

With Friends from Lake Berryessa. They all spent the nite at their favorite Casino & Hotel! That nite? A person was horribly woken up by a pounding sound?

She listened & then tried going back to sleep! Still hearing the pounding & couldn't bring herself to get out of bed & look out the door. Eventually the pounding stopped! She then went back to sleep.

Next morning, She asks, Hey! Guys did you hear the pounding on the walls late last nite? Yep! Says, Pat! I heard the pounding. I just couldn't figure out where it was coming from? So I finally started reaching for Jack & said "Jack, Jack, do here the pounding outside our room"?

She doesn't feel or here anything from Jack & then she gets up to go see where Jack is?? She still hears pounding at her door & answers it. Oh! My Gosh! It's Jack!! Yep! It was Jack, he accidentally opened the front door thinking it was the door to their bathroom & got locked out! So????! Make sure you know what's behind the door before you close it!

**IDIOT SIGHTING:**

I live in a semi-rural area. We recently had a new neighbor call the local township administrative office to request the removal of the DEERCROSSING sign on our road. The reason: "Too many deer are being hit by cars out here! I don't think this is a good place for them to be crossing anymore."

**IDIOT SIGHTING:**

I was at the airport, checking in at the gate when an airport employee asked, "Has anyone put anything in your baggage without your knowledge?" To which I replied, "If it was without my knowledge, how would I know?" He smiled knowingly and nodded, "That's why we ask." (Happened in Birmingham, Ala.) STAY ALERT! They walk among us... and they REPRODUCE!!!..and..they are allowed to VOTE!!!

**Ah**, great it is to believe the dream as we stand in youth by the starry stream; but a greater thing is to fight life through and say at the end, the dream is true!

May the sun always shine on your window pane;

May a rainbow be certain to follow each rain;

May the hand of a friend always be near you;

May God fill your heart with gladness to cheer you.

**ANGEL**

**Tropical Salad with Pineapple  
Vinaigrette**

- 6 slices bacon
- 1/4 cup pineapple juice
- 3 tablespoons red wine vinegar
- 1/4 cup olive oil
- freshly ground black pepper to taste
- salt to taste
- 1 (10 ounce) package chopped romaine lettuce
- 1 cup diced fresh pineapple
- 1/2 cup chopped and toasted macadamia nuts
- 3 green onions, chopped
- 1/4 cup flaked coconut, toasted

**DIRECTIONS**

1. Place bacon in a large, deep skillet. Cook over medium high heat until evenly brown. Drain, crumble and set aside.
2. In a cruet or jar with a lid, combine pineapple juice, red wine vinegar, oil, pepper and salt. Cover and shake well.
3. In a large bowl, toss together the lettuce, pineapple, macadamia nuts, green onions and bacon. Pour dressing over salad and toss to coat. Garnish with toasted coconut.

### **Pope Creek Bridge Underwater Clean-Up A Success in its 8th Year!**

Roger Hazeltine and the staff of Napa Dive and Sport organized another fun dive on September 15th to help clean the underwater shoreline around the Pope Creek Bridge. More than 50 scuba divers along with kayakers and shoreline hikers spent 3 warm, sunny hours collecting and sorting trash and recyclables. The Napa County Sheriff's Department Dive Team and Jet Ski Officer were also on hand in a support role. Rancho Monticello Resort provided their day use area for the barbecue and donated the ice and soft drinks.

Other sponsors of the Lake Berryessa Cleanup included the Solano County Water District and the Napa County Flood Control & Water Conservation District. Also involved in organizing the event were the Napa County Department of Environmental Management, Napa County Resource Conservation District, Solano County Resource Conservation District, and the U.S. Bureau of Reclamation.

You can learn to scuba dive now at full-service Napa Dive and Sport by contacting Roger at 707-257-2822. Take a dive trip to the Caribbean or other exotic location and then join us for the Lake Berryessa Dive Clean-Up next year. (See [www.LakeBerryessaNews.com](http://www.LakeBerryessaNews.com) for more photos.)

### Berryessa Senior Center Events - Everyone is Welcome!

Pancake Breakfast on 10-6-07 - Sausage and Pancakes (all you can eat) is \$3.50 - Eggs and Fruit Juice available for \$.50 each. Toppings and warm syrup is served too. (9:00 to 11:30 AM at the Senior Center) Call 966-2127 for Information.

Also a trip to Thunder Valley is in the works. A Bus trip for the day is planned for Thunder Valley Casino on 11-8-07. It is \$35.00 per person from Fairfield if we can get 20 people or more. Comps and more details later. Car Pooling will be available to Fairfield from American Canyon and The Berryessa Senior Center or the Corners for those who need it. For information call Rosemarie on 557-4519.

### Church Highway Clean-Up: Saturday, Sept. 22

On Saturday, Sept. 22nd, the Community Church of Lake Berryessa will be conducting a Highway Cleanup on Hwy 128. Under the Adopt-a-Highway program the Church will be cleaning up a 2 mile section between Moskowite Corners and the 5400 block of Highway 128. We need up to 6 volunteers who would like to participate in this event. All supplies are provided and a BBQ lunch will follow. To obtain information please call the church office at 707-252-4488.

CALL TURTLE ROCK - (707) 966-2246

A man left work one Friday afternoon. But it was payday, so instead of going home, he stayed out the entire weekend partying with the boys and spending his entire paycheck.

When he finally appeared at home on Sunday night, he was confronted by his angry wife and subject to a two-hour tirade. Finally his wife stopped the yelling and said to him, "How would you like it if you didn't see me for two or three days? That would be just fine with me," he replied

So Monday went by and he didn't see his wife. Tuesday and Wednesday came and went with the same results.

But on Thursday, the swelling went down just enough where he could see her a little bit out of his left eye.

## Healthy Boaters & Happy Campers

### Odor Free Holding Tank Treatments

#### 100% Satisfaction Guaranteed

What are Healthy Boaters and Happy Campers Holding Tank Treatments? There are nine trace elements and two heavy elements that make up a highly concentrated blend of minerals and micronutrients. Basically, it is the good bacteria overtaking bad bacteria to eliminate odor and accelerate the natural decomposition of the waste. It has the ability to work longer and stay working in over 100 degree temperatures. Because it is totally odor free, you won't be embarrassed by bad odors inside or when you dump. These products will keep working in extreme climates and will still be working long after others have given up.

#### Don't just mask odors, eliminate them!

**Our holding tank treatments are the most effective low cost products on the market today!**

One Ounce Treats Thirty Gallons ~ The cost can be as low as \$.50 per treatment!

**Healthy Boaters and Happy Campers Holding Tank Treatments will out-perform all other treatments:**

- Biodegradable
- No formaldehyde
- Digests wastes and most household tissue
- Keeps working in all temperatures when others do not
  - Safe, natural & environmentally friendly
- Completely service all systems including septic tanks
- Highly concentrated - 1 ounce treats 30 gallons
  - Available in five convenient sizes

**SAFELY HOME**

I am home in Heaven, dear ones;  
There is perfect joy & beauty  
In this everlasting light.  
All the pain & grief is over,  
Every restless tossing passed;  
I am now at peace forever.  
Safely home in Heaven at last.

Angel

**The Computer Swallowed  
Grandma**

The computer swallowed grandma.  
Yes, honestly its true.  
She pressed 'control' and 'enter'  
And disappeared from view.

It devoured her completely,  
The thought just makes me squirm.  
She must have caught a virus  
Or, been eaten by a worm.

I've searched through the recycle bin  
And files of every kind;  
I've even used the Internet,  
But nothing did I find.

In desperation, I asked Jeeves  
My searches to refine.  
The reply from him was negative,  
Not a thing was found 'online.'

So, if inside your 'Inbox,'  
My Grandma you should see,  
Please 'Copy, 'Scan' and 'Paste' her  
And send her back to me!

**Chicken & Mushrooms  
Cont.**

Cook until soft. Remove to a plate. Wipe out skillet, and heat 2 tablespoons olive oil over medium-high heat. Place garlic, rosemary, and chicken thighs in hot oil. Season with salt and pepper. Cook, turning chicken, until chicken and garlic are well browned.

**Chicken &  
Mushrooms**

4 tablespoons olive oil,  
divided  
5 ounces fresh  
mushrooms, sliced  
4 cloves garlic, peeled  
and halved  
2 tablespoons fresh  
rosemary, chopped  
1 pound chicken thighs  
black pepper to taste

salt and freshly ground  
black pepper to taste  
1/4 teaspoon crushed  
red pepper flakes  
3/4 cup dry white wine  
12 cherry tomatoes  
12 Nicoise olives  
Heat 2 tablespoons olive  
oil in a large skillet over  
medium heat. Stir in  
mushrooms, and

1. Return mushrooms to skillet, and sprinkle red pepper flakes over chicken. Pour in white wine, scraping the bottom of the skillet with a wooden spoon. Cook about 3 minutes.
2. Sprinkle tomatoes and olives over chicken, return cover, and cook. Reduce heat to low; and simmer gently for 1 hour.

**Fishing With Sid**

In the last weekend of September the water has cooled down to seventy degrees and the lake is down about twenty-three feet. I went out with Joe on Friday early morning and there was a definite chill in the air. Our first stop were the points by the BOR. The main part of the lake was mostly white-caps so our plan was to hug the shoreline heading towards the vineyard. We trolled past a great spot and Joe brought in a nice 2 lb bass on a crankbait that only goes down about a foot. We pasted another point by the Ranch house and he hooked another bass. We decided to try throwing plastics at the vineyard. Joe used brass and glass with a dark senko and after a few misses he landed another bass. We tried our luck behind Big Island and then our last stop was my favorite cove where Joe caught a nice size crappie.

On Saturday Mike and his wife Jeri joined me and we fished only the west side of the lake due to extremely high whitecaps. They learned how to use brass and glass, crankbait, and topwater baits and have confidence now after landing their first fish. That evening Nadar and his cousin joined me along the rock wall of my favorite cove. Nadar's third cast landed a nice bass. He used a double jointed six inch Rapala. It was so cold that evening that we headed in early. The boys fished from the dock when we got back and landed a seven pound catfish. The following morning I caught a kokanee on a crankbait along the rocks. I think the lake will start to turn in the next four weeks if this cold weather continues and then the fishing should get better and better. **WOMAN'S POEM**  
Before I lay me down to sleep,  
I pray for a man, who's not a creep,  
One who's handsome, smart and strong.  
One who loves to listen long,  
One who thinks before he speaks,  
One who'll call, not wait for weeks.  
I pray he's gainfully employed,  
When I spend his cash, won't be annoyed.  
Pulls out my chair and opens my door,  
Massages my back an!!begs to do more.  
Oh! Send me a man who'll make love to my mind, Knows what to answer to "how big is my behind?"

I pray that this man will love me to no end, And always be my very best friend.

Pat got a new cel phone. Wondering what some of the buttons were for she pressed the red one NOT!! Yes she got 911 & hung up fast, only to get a return Call from 911 she then apologized & said it was a mistake, OOPS!

The next call was What!! I Won The Lotto!! Then OH! NO!  
I Can't hear you now?  
I lost my connection?

## Take a Step for Those Who Can't at the 2007 Walk to D'Feet ALS®

The ALS Association, Greater Sacramento Chapter is pleased to present:

### The 7<sup>th</sup> Annual Walk to D'Feet ALS®

Photos and interviews will be available with identified ALS patients and their families. Ribbon Cutting ceremony to follow at 9:50 a.m.

**Saturday, October 6, 2007**

9:00 a.m. – Registration

10:00 a.m. – 1 Mile Walk

William Land Park (4000 S. Land Park Drive, Sacramento)

Commonly known as "Lou Gehrig's Disease" **ALS** is a fatal neuromuscular disease that currently affects 30,000 people living in the United States. 5,000 new cases of ALS will be diagnosed this year.

Every 90 minutes someone in the United States is diagnosed with ALS. Proceeds will go to the ALS Association, Greater Sacramento Chapter who provides services to patients, caregivers, and families affected by ALS. The Chapter serves 24 counties in Northern and Central California. Funds from this event also support ongoing national research in the hopes of finding a cure.

The ALS Association is the only national not-for-profit organization whose sole mission is to find the cause and the cure for ALS and to lend support to those currently diagnosed with ALS.

For registration information, call the Greater Sacramento Chapter of The ALS Association at 916-979-9265 or go online to [www.assac.org](http://www.assac.org)  
**Together we will strike out ALS!**

## Berryessa 4-H Club

First meeting 10/8/07.  
We will have meetings once a month. Please

Call  
**Jeanette 224-4072** for more information.

Meeting at  
**The Capell Valley Fire House**

Please Contact  
**Judy Parady 965-7591 or  
Mary Franzoia 253-7591**

Sometimes on lonely mountain-meres  
I find a magic bark;  
I leap on board; No helmsman steers;  
I float till all is dark.  
A gentle sound, an awful light!

Three Angels bear the Holy Grail;  
On sleeping wings they sail.

Ah, blessed vision! Blood of God!  
My Spirit beats her mortal bars,  
As down dark tides the glory slides,  
And Star-Like Mingles with The Stars

At the Volunteer Fire Station  
Next to Capell School  
off of Hwy 128

Valley Christian Church

Is a Safe & Healthy place to learn about God's plan for your life.

#### Investment tips for 2008

Maybe I shouldn't give you some of  
these, but here goes: Investment tips  
for 2008.

For all of you with any money left, be  
aware of the next expected mergers so  
that you can get in on the ground floor  
and make some BIG bucks.

Watch for these consolidations in 2008.

1.) Hale Business Systems, Mary Kay  
Cosmetics, Fuller Brush, and W. R.  
Grace Co. Will merge and become:  
Hale, Mary, Fuller, Grace.

2.) PolygramRecords, Warner Bros.,  
and ZestaCrackers join forces and  
become: Poly, Warner Cracker.

3.) 3M will merge with Goodyear and  
become: MMMGood.

4.) ZippoManufacturing, AudiMotors,  
Dofasco, and Dakota Mining will merge  
and become: ZipAudiDoDa .

5. FedEx is expected to join its  
competitor, UPS, and become: FedUP.

6. Fairchild Electronics and Honeywell  
Computers will become: Fairwell  
Honeychild.

7. Grey Poupon and Docker Pants are  
expected to become: PouponPants.

**FISHIN WITH SID**, After Friday's rainfall Saturday morning was sunny and the fishing was pretty good. While I was waiting for my wife to join me I fished in the back of my favorite cove and caught fourteen fish, three on topwater, two on minnows and nine on brass and glass with a purple laminated senko fishing the weed line in about three to five feet of water. You could see many four to eight inch bass in the grass along with sun fish and crappies. After I picked up my wife we headed out for the Ranch house. We trolled the shoreline all the way up to the vineyard in approximately fifteen to twenty feet of water with crankbait that went from one foot to ten feet down. We saw a lot of bait activity. My friend Daryl also saw bait activity and he was by the ski school and he said they were bass chasing the minnows. He told me he had a good day fishing. He caught a number of bass and one trout. When we reached the vineyards I decided to fish in deeper water than usual thirteen to fifteen feet. The water temperature was 67.5 degrees and the water was slightly stained. I only fished brass and glass so the fish could hone in on the sound of the brass hitting the glass and it was productive with larger fish then I had hit early in the day. I am waiting for the surface bite to break open which should be very soon. It was not to bad of a weekend and should only be getting better and better. 'til next week.....good fishing!!!!!! [www.fishingconnection.net](http://www.fishingconnection.net) or call me at 650-583-3333.

### Ha! Ha! Harvey!!

#### Grandparents & Grandchildren

She was in the bathroom, putting on her makeup, under the watchful eyes of her young granddaughter as she'd done many times before. After she applied her lipstick and started to leave, the little one said, "But Gramma, you forgot to kiss the toilet paper good-bye!"

My young grandson called the other day to wish me Happy Birthday. He asked me how old I was, and I told him, "62." He was quiet for a moment, and then he asked, "Did you start at 1?"

After putting her grandchildren to bed, a grandmother changed into old slacks and a droopy blouse and proceeded to wash her hair. As she heard the children getting more and more rambunctious, her patience grew thin. Finally, she threw a towel around her head and stormed into their room, putting them back to bed with stern warnings. As she left the room, she heard the three-year-old say with a trembling voice, "Who was THAT?"

- **Pumpkin Cheese Cake**
- 1 (15 ounce) can canned pumpkin puree
- 2 cups white sugar, 1 cup vegetable oil
- 4 eggs, 2 cups all-purpose flour
- 2 teaspoons baking soda
- 1 teaspoon ground cinnamon
- 1/2 teaspoon salt 1 (3oz) pkg cream cheese
- 5 tablespoons butter, softened
- 1 teaspoon vanilla extract
- 1 3/4 cups confectioners' sugar
- 3 teaspoons milk, 1 cup chopped walnuts, In a mixing bowl, beat pumpkin, 2 cups white sugar, and oil. Add eggs, and mix well. In another bowl, combine flour, baking soda, cinnamon and salt. Add these dry ingredients to the pumpkin mixture, and beat until well blended. Pour batter into a greased 15 x 10 inch baking pan. Bake at 350 degrees F (175 degrees C) for 25 to 30 minutes, or until cake tests done. Cool. In a mixing bowl, beat the cream cheese, butter or margarine, and vanilla until smooth. Gradually add 1 3/4 cups confectioners' sugar, and mix well. Add milk until frosting reaches desired spreading consistency. Frost cake, & sprinkle with nuts.

**FISHIN WITH SID**

This past weekend it was pretty windy at the lake. Saturday I fished the west side of the lake and wasn't able to cross over to the east side because of the white caps.

Nothing worked really well. When we noticed our first boil of fish Lonny threw a top water lure (Pop R) and he landed his first bass I'm not quite sure which was bigger the lure or the bass. He mastered casting the Pop R and enjoyed the blow ups on the lure. Due to the weather conditions we headed for a quite cove and finished out the day with topwater and brass and glass. We were looking forward to trying the east side of the lake on Sunday but as we headed out that way the conditions were worst then the day before so we decided to fish Capell Cove. We went all the way to the back where it was a little more sheltered but still pretty windy. We threw brass and glass into the trees along the shore. We landed a few bass but no size to speak of. The fish seemed to be off bite but it was still fun. 'til next week.....good

fishing!!!!!! [www.fishingconnection.net](http://www.fishingconnection.net) If you have any stories you would like to share please email me at [bestguide@hotmail.com](mailto:bestguide@hotmail.com) or call me at 650-583-3333.

# The Lake Berryessa News

Community News Makes a Better Community  
[www.LakeBerryessaNews.com](http://www.LakeBerryessaNews.com)

Your Best Source for News of Lake Berryessa and our Napa Valley Back Roads!

November 15<sup>th</sup> ~ December 5<sup>th</sup>

Priceless!

## Scarecrow Day at Capell Valley School

Capell Valley School's annual scarecrow day took place on October 31, 2007. This is approximately the 15<sup>th</sup> annual Scarecrow day.

The annual tradition has grown and provides drivers with lots of delight as they drive by on Capell Valley Road. We had a lot of parent participation and even some grandparents and neighbors. In the last two years our staff and PTA have made this event even more meaningful with the addition of a passport. We pair our older students with their reading buddies who together go through five stations. Our stations were: pumpkin carving, scarecrow stuffing, gardening, cooking and craft making. With tremendous parent help, our students successfully completed all their stations. Mrs. Bower (K/1/2 teacher) had a craft project that gave each child something to take home. One of our parent's friends had the students planting a winter garden, complete with lettuce, kale and carrots. They then collected seeds from the squash and cucumbers left over from our summer garden. Mr. Soper (Principal and 3/4/5 teacher) had his students making an apple cobbler from scratch. Students had their measuring cups, mixing cups, mixing bowls and recipe. Anyone there could attest to how yummy warm, apple cobbler tasted from the oven. Scarecrows were as creative and imaginative as you could envision. Our Scarecrow Day seems to keep growing every year..

Capell Valley Elementary is on the move. In the past year we have put in a brand new soccer field, a new outdoor awning, 1/4 acre garden with fully automated watering system and green house. In the next few months, we will be getting a new multipurpose room. Next year we want to plant our own pumpkin patch and maybe a corn maze. We are making changes in the hopes of attracting more students and volunteers to our rural, school community. Come by and check out what we are doing! After school or before school is a good time or call 259-8434 for an appointment.

**Sincerely, Mr. Jon Soper Principal**  
 See photos throughout the paper! Guess Who?

**FISHIN WITH SID** Rain was predicated for this past weekend and I was debating whether to go up to the lake or not. Decided to go up on Thursday evening which turned out to be a great decision. Friday I went out by myself for a few hours and landed

eleven fish - two trout and nine bass and missed about six trout near the surface.

Lots of birds and lots of bait. Saturday started off overcast and drizzly and you could smell rain in the air. Albert and I headed towards my favorite cove. We fished a small section of rock no longer than about fifty feet where Albert caught his first 3+ pound bass (see photos). Knowing there were fish there why leave. Then Albert landed another good size bass and he was jacked up!!!! The drizzle got a little heavier but we weren't leaving. I had two roll overs on top-water with no

success. I caught two in a row on a rattle trap type lure. On the second one I had a little problem. The fish engulfed the whole lure as I tried to grab the lip the fish caught me - the treble hook went into my thumb. I waited till Albert reeled in his third fish and asked him for some assistance. Luckily we were able to get the hook out without needing medical help. By now it was raining a lot heavier but you

guessed it we were not going in. My next bass was caught on a R2S crawdad. Bass were hitting on anything. Came in cold and wet but what a great fishing day!!!!!!

Sunday I went right back to the same spot (natch). Came back to the marina having caught a total of twenty-nine bass. It ended up being a great fishing

Over the river and thru the  
woods,  
To have a first-rate play;  
Oh, hear the bell ring,  
"Ting-a-ling-ling!"  
Hurrah for Thanksgiving  
Day-ay!

Over the river and thru the  
woods,  
Trot fast my dapple gray!  
Spring over the ground,  
Like a hunting hound!

For this is  
Thanksgiving Day.

Have a Happy  
Thanksgiving

### Pumpkin Bread

- 1-1/2 cups flour
- 1-1/4 tsp baking soda
- 1 15-oz can pumpkin
- 2 eggs
- 1 cup sugar
- 1/2 cup cooking oil
- 1/2 tsp nutmeg
- 1 tsp cinnamon
- 1 tsp vanilla
- 1/2 tsp orange flavoring
- 1/2 tsp rum flavoring
- 1/2 tsp brandy flavoring

Mix flour & baking soda; set aside.  
Mix all other ingredients; beat well. Add flour  
mixture slowly, beating at low just until combined.  
Pour into 4 greased mini-loaf pans or one large  
greased loaf pan. Bake at 350 degrees about 40  
minutes for mini-loaf pans; about 1 hour for large loaf pan.

## Day Of Rejoicing

Oh, how sweet to be together  
When Thanksgiving Day is here;  
Kinfolk come and cousins gather  
Filling every nook with cheer;  
When Turkey has been roasting  
Since before the dawn of day  
And the dinner time is scheduled  
Many slow-paced hours away.  
Older cousins carry dishes  
As excitement builds and grows,  
Everybody, even youngsters,  
To the very minute knows  
When the call will come to dinner And  
they'll line up, hushed, to stand  
As Father asks a blessing  
On the goodness of the land,  
Blessing on the home's provider,  
And the gentle one whose art  
Served such a sumptuous banquet  
From the goodness of her heart.

**Have a Great Thanksgiving**  
ANGEL

## Hazelnut, White Chocolate, and Pumpkin Cheesecake:

Crust:  
3/4 cup vanilla-wafer crumbs  
1/2 cup ground hazelnuts  
3 tablespoons sugar  
3 tablespoons butter, melted  
Cheesecake filling:  
3 8-ounce packages cream cheese, softened  
1 cup sugar  
3 tablespoons all-purpose flour  
1 teaspoon pumpkin-pie spice  
1 cup canned pumpkin  
4 eggs ~ 1 cup coarsely chopped white chocolate  
1/4 cup chopped hazelnuts (toasted, if you like)  
1. Heat the oven to 325 degrees. In a small bowl, combine the crust ingredients and mix well. Press the mixture into the bottom and a half inch up the sides of a 9-inch springform pan. Bake the crust for 10 minutes, then remove it from the oven and set aside. Reduce the oven temperature to 300 degrees.  
2. In a large bowl, blend the cream cheese, sugar, flour, and pumpkin-pie spice with an electric mixer on low speed (at low speed, less air will get into the batter and the cheesecake will be less likely to crack while baking). Add the pumpkin and eggs and beat until well combined. Stir in the white chocolate. Pour the filling into the crust-lined pan, then sprinkle on the chopped hazelnuts.  
3. Bake at 300 degrees for 1 hour. Then turn off the heat and leave the cheesecake in the oven with the door closed for another 30 minutes or longer until set. Remove the cheesecake from the oven and chill. Makes one 9-inch cheesecake.

Ha! Ha! Harvey  
A married couple were asleep when  
the phone rang at 2 in the morning.  
The wife (undoubtedly blonde), picked  
up the phone, listened a moment and  
said "How should I know, that's 200  
miles from here!" and hung up.  
The husband said, "Who was that?"  
The wife said, "I don't know, some  
woman wanting to know if the coast is  
clear."
